

CITY COUNCIL PROCEEDINGS

Appraisers Authorized for Proposed Cut-Off Lake Boulevard.

INSPECTOR TO CHECK UP MAYOR

Council Wants to Know How Many License Permits the Chief Executive Has Issued and Why.

At the meeting of the city council Tuesday night steps were taken for the condemnation of land for the proposed park at Cut-Off lake. The ordinance introduced two weeks ago was unanimously passed and the mayor was authorized to name appraisers to fix the value of land desired by the park board for this purpose.

The license inspector was ordered to "check up" the permits issued by the mayor, a resolution being adopted instructing him to report all persons who are doing business without having paid the required license and to report the names of all persons holding permits to transact business in this manner, together with the name of the person standing permit and the term for which it is issued. President Johnson said he offered the resolution in order to get the facts, having heard complaints of the number of permits issued.

A communication from the mayor called the council's attention to the death of George W. Linsinger and requested the council to incorporate appropriate resolutions in the records of the council, showing the esteem in which Mr. Linsinger was held. The council decided to name three members to draw such resolutions and Councilmen Finkhouser, Davis and Sheldon were named by the president.

A communication was received from the city engineer relating to a change in the contract between the city and the Union Pacific railroad for the maintenance of the road between Pacific and Woolworth streets.

Sign Ordinance Lost. Would Diets be authorized to grade Third-street from Jackson to Jones at his own expense.

It developed that the "sign ordinance" which has been pending for several weeks was lost and a copy was introduced as a new measure.

The "push cart" ordinance was defeated by a vote of six to six. The "drainage" ordinance was passed, as was the "driving" ordinance, the "ashes" ordinance and the ordinance to change the curb lines on Third-street between Pacific street and Woolworth street.

Delay was asked in considering the contract between the Nebraska Telephone company and the city for a fire and police alarm system. Councilman Zimman opposed the request, saying he desired to contract with the company as a competitor in light. The absence of Manager Vance Lane from the city was urged as excuse for delay and it was stated that he might be willing to amend the contract to meet the views of the council.

To fulfill the promise of Councilman Sheldon the delay was granted after Councilman Zimman had indignantly denied the inference of Councilman Brucker that he was interested in the Independent Telephone company.

Roll call was demanded on the report on the mayor's "dollar" gas ordinance, recommending its repeal. The ordinance was passed by a vote of nine to three. Bessner, Hansen and McGovern voted for the ordinance.

Peter Klewitt was awarded the contract for building the new engine house at Twentieth and Lake streets. Bids for plumbing the house were rejected and others will be asked for. The American Electric company was awarded the contract for placing electric wire in the building.

Bids were received for paving districts No. 19, 20, 21, 22, 23, 24, 25 and 26. C. E. Fanning was low on vitrified brick. The Barber company on asphalt on district No. 27. The Barker Asphalt company for asphalt and John A. Beebe for concrete over the other bidders in other districts. The Commercial Land company was the lowest bidder on curbing.

At the request of the building inspector the following buildings were condemned: Houses at 1501 Webster street, 108 North Third street, 113 1/2 North Third street, 202, 204 and 206 North Thirtieth street, 1020 North 18th and 183 Chicago street, 127 Capitol avenue and 121 Jackson street.

The contract and bond of John F. Daily for construction of sewer was approved. The police clerk reported collections of \$50 for May.

George B. Wetmore, elevator conductor, was given two weeks' leave of absence. A communication from the Dupont Improvement club asking for a viaduct over the railway at Sheeley was referred.

The City Garbage company offered to maintain a dump for public use at its present site in consideration of \$100 a month and the further extension of possession of part of Leavenworth street during the existence of the contract.

John G. Willis was instructed to build a concrete sidewalk along lots in Ildwell addition despite his protest.

Councilman Bridges objected to a committee report favoring a change in the curb lines and widening proposals in triplicate. The city attorney reported the city's liability in the matter of the bill of George Powers, bitten by a mad dog. The report was approved, as was also the report of the attorney adverse to the claim of W. J. Broadbent for remission of penalty for delinquent taxes.

NEWS OF OMAHA

COUNCIL BLUFFS

CHURCH CONVENTION ENDS

The weather was beautiful and an immense assembly of people were present. A picnic dinner was served and in the afternoon an entertainment by the school children took place. Rev. H. Schoof is irremovable rector of the parish, which is one of the wealthiest in the diocese of Omaha. The new church has a unique feature in its tower clock, donated by a parishioner, at a cost of \$500.

The eleventh annual convention of the United Danish Evangelical Lutheran Church held in Council Bluffs is now a matter of history. It came to a close last night after a most successful session, which opened Wednesday morning of last week. The convention not only brought together a large number of the leading ministers and laymen of the denomination, but also attracted over five hundred visiting members of the church, twenty-two states being represented in the attendance.

The convention in 1907 will be held at Waupaca, Wis. The members of the local church have worked hard to entertain and provide for the material needs of the large number of visitors, the task of furnishing meals for such a large number every day alone being a big task.

At the afternoon session yesterday the following resolutions, evidencing the appreciation of the visitors for the courtesies extended them, were adopted:

Resolved, That we express our gratitude for the kind hospitality extended to us by our Brethren, the members of the United Danish Evangelical Lutheran Church, and by the citizens of Council Bluffs, and especially do we express our gratitude to the many noble-hearted women who have labored for the use of their church, which has comfortably met our necessities during the convention.

Resolved, That these resolutions be published in the local papers and placed on the records of the convention.

The graduation exercises of the nurses' training school conducted by the Women's Christian association in connection with the Jennie Edmondson Memorial hospital will be held Thursday afternoon, June 14, in the Auditorium of the high school building.

The graduating class consists of five nurses, who have completed the full three years' course of the training school and who will receive diplomas as graduate nurses. They are Misses: Clara E. Richards, who for some time has been assistant superintendent of the Edmondson hospital; Miss Nell J. Glendon, Miss Carrie B. Simmons, Miss Kathleen C. Kirach and Miss Elizabeth Swartz. With the exception of Miss Richards, all the graduates will remain at the hospital as members of the regular staff of nurses.

A program of music and short addresses is being arranged for the graduating exercises, which will begin at 2 o'clock. Dr. A. P. Hanchett will deliver an address and Dr. Macrura, of the city, will preside. It will also address the graduates. The diploma will be presented by Dr. D. Jackson, chairman of the hospital executive committee, while Mrs. R. M. Sprague, president of the Women's Christian association, will present the graduate pins to the nurses.

In the district court yesterday Judge Wheeler heard and took under advisement the suit brought by Judge J. R. Reed and other property owners on Glen avenue south of Pomona to restrain the city from collecting the assessment against their lots for the paving of Park avenue. The property on the east side of Glen avenue backs against Park avenue, but south of Pomona avenue it is a great deal lower than Park avenue. The Glen avenue property owners contend that the improvement on Park avenue is not of the slightest benefit to their holdings on account of this great difference in grade.

Mrs. Pearl I. Grants began suit for divorce from H. A. Grants, to whom she was married February 27, 1889, in Nichols, Mo. She bases her suit on charges of cruel and inhuman treatment. She asks that she be given the custody of their two minor sons, aged 7 and 4, and the consent to a temporary restraining order enjoining the defendant from interfering with his wife, from collecting the wages of the plaintiff and the two boys and from removing any of the property except their wearing apparel from the home which they own at 741 Franklin street.

Miss Kautzman Sticks to Story. Miss Lily Kautzman, the young woman from Fairbury, Neb., who claimed to have been assaulted and robbed Sunday night by a negro, admitted to Chief Richmond that many of the particulars she had told him were untrue, but she still stuck to her story of being beaten and robbed. When confronted yesterday by Chief Richmond with the many palpable discrepancies in her story, the young woman admitted the falsity of much of what she had told. Chief Richmond, however, was unable to secure much information from the young woman yesterday as she became hysterical under the questioning and Major Richmond was obliged to desist.

Miss Kautzman was told she would be cared for at the Jennie Edmondson hospital until her father or some relative came to take her home. She declared she was ready and willing to return home.

WEST POINT, Neb., June 11. (Special.)—The dedication of the new Catholic church at Monterey, in this county, took place today with most elaborate ceremonies. The bishop of the diocese, Rt. Rev. Richard Connell, D. D. of Omaha, celebrated a solemn pontifical high mass at 6 o'clock and Rev. Father Kapp of Illinois preached the dedicatory sermon in German. Very interesting services were held. Rev. J. W. Jungels of Petersburg, a former pastor of the church, and many other clergymen of the diocese participated in the ceremonies.

CHIEF CONVOYERS HANGS ON

Neither Side Makes a Move in the Case. There were no developments yesterday in the controversy between the city council and the Board of Fire and Police Commissioners over the appointment by the latter of Charles M. Nicholson as chief of the fire department. The mandamus suit to compel the city to approve the bond filed by Nicholson, which Commissioner Zurmuehlen stated would be filed first thing Tuesday morning, failed to materialize. E. W. Wadsworth, attorney for Nicholson, is out of the city and Attorney H. O. Owen, who is attending to Mr. Wadsworth's business in his absence, stated that probably no move would be made in the matter until Mr. Wadsworth returned.

As a result of legal advice obtained by him, Commissioner Zurmuehlen stated last evening that it was not at all improbable that the Board of Fire and Police Commissioners would try another "pounce" today. Mr. Zurmuehlen stated that he had been advised that it was very doubtful if Nicholson would be appointed by the city council or if Nicholson had to furnish a bond at all. "We members of the Board of Fire and Police Commissioners have each given a bond in the sum of \$500. Nicholson is our appointee and it is responsible to us, not to the city council, to see that he has a bond in the sum of \$500," said the chief of the fire department out of the hands of the city council and placing it with the Fire and Police commission. I am advised, and the city ordinance governing the appointment of the fire chief and the matter of his bond," said Commissioner Zurmuehlen.

In the meantime Frank Hitchcock is still acting chief of the fire department of Council Bluffs.

Coming to View Roads. The delegation from Nebraska City which visited Council Bluffs recently to inspect the methods of roadmaking in vogue here were so well pleased with the records of the city that another delegation from the Nebraska town is expected here today.

Harry Strife, a prominent lawyer, will deliver his lecture, "The Bad Boy and His Pa." The musical numbers at the afternoon sessions are pleasing features of these general meetings.

Last evening Mrs. Ida B. Wise of Des Moines, corresponding secretary of the Iowa State Woman's Christian Temperance union gave a special lecture to the teachers in attendance at the institute on "Scientific Temperance Instruction." Mrs. Wise is a teacher in the Des Moines city schools.

YOUNG GIRL ENDS LIFE. OSKALOOSA, Ia., June 12. (Special.)—Her lover driven from her in anger, and in remorse over the parting, Miss Emily Striep, the daughter of a prominent Rosehill farmer, went to her room shortly after midnight yesterday and blew out her brains with a revolver.

Harry Strife called on Miss Sarvis Sunday evening. The couple went to church, and on their return became involved in a quarrel over a trifling matter. The young man left the girl in bitterness, vowing never to come back. Miss Sarvis, who is but a year or so from being a widow, is a member of the church and a devoted member of the Iowa State Woman's Christian Temperance union.

Colonel Baker at once sent a reply extending an invitation and the Nebraska City men are expected here today.

Fire Team Off for Tournament. Jack and Jim, Council Bluffs' champion fire team, left last night over the North-western for Sioux City, where they will go on training on the program of the St. Paul and Mackay tournament, preparatory to defending the honors won at Clinton last year. Accompanying the team are Driver J. E. Kennedy, Ed Walker, Couplers James Cotter and Ed H. Tolter, Hoseman Clarence Hough and Adam Hudson an extra man. The tournament will open Tuesday of next week and last over Friday.

Jim is not in as good trim as might be wished, as during the last winter he has suffered with what was believed to be rheumatism in one of his legs. The men of the department, however, are feeling confident that the captain and his brother as well as former Chief Jones and his brother did at Clinton last year Council Bluffs ought to be able to retain the championship.

With the \$100 from last year which was turned back into the city treasury from the proceeds of the potato and tomato fairs, the \$100 appropriated by the city council Monday night, about \$250 more is needed to defray the expenses of the team at Sioux City. Councilman Younkerman and Acting Chief Hitchcock canvassed the city yesterday and asked that the potato and tomato fairs be held in 1908. The fire and police commission will raise the balance.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.
