RECEIPTS SHOW UP MODERATE

Shipping Demand is Good and European Advices Are Stronger, with Better Demand on the Whole.

OMAHA, June 15, 1907. The market today was firmer, with the opening a shade higher owing to unsettled weather conditions and forecast for the same, with moderate receipts and good shipping demand.

European advises came strronger and with tester demand. Some damage reports may

ehipping demand.

European advises came strronger and with better demand. Some damage reports saying wheat furning yellow and not looking so well, particularly from Dakota.

Wheat opened firm and higher owing to stronger cables and unsettled weather conditions and forecasts. Commission house demand is strong and buying heavy. Market responds easily to this buying and helds well. July opened at 50c saked and closed at 5% c asked.

Corn opened firmer and advanced slightly. Prices helding well in sympathy with wheat and heavy demand. July corn opened at 6% c asked.

Oats opened a stade higher, holding firm on buying by local bulls, and reports of greenburg damages in Illinois. Commission houses held large numbers of buying orders at opening, and owing to unsettled weather, casts advanced with wheat and corn. May opened at 50c asked and closed at 41% c asked.

Primary wheat receipts were 67,000 bushels and shipments of 29,000 bushels. Corn receipts were 1.54,000 bushels and shipments 85,000 bushels, against receipts last year of 750,000 bushels and shipments of 590,000 bushels. Closrances were 155,000 bushels and shipments of 590,000 bushels.

Closrances were 165,000 bushels of corn

750,000 bushels and shipments of 550,000 bushels.
Clearances were 160,000 bushels of corn and 12,000 bushels of cats and wheat and flour equal to 582,000 bushels.
Liverpdo closed 4d to 4d lower on wheat and 4d lower on corn.
Seaboard reports 40,000 bushels of wheat and 80,000 bushels of corn for exports.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade. CHICAGO, June 12 Selling of wheat on CHICAGO, June 12.—Seiling of wheat on a large scale by several prominent longs caused a break of more than 50 per bushel today in the price of all deliveries in the local market. At the close the September option showed a net loss of M.62%c. Corn was off M.60%c. Cats were down M.60%c. Provisions were 150 to 37%c lower.

The market was somewhat unsettled at the opening, with prices ranging from %c below to 4c above the closing quotations of vesterday. Pit traders were moderate ellers because of lower cables and favorable weather in this country and Canada by the growing crop. Shorts were good tuyers, however, during the first bour and this hold the market broke sharply on active selling by prominent holders, who were disposed to close out their lines and take profits. During the remainder of the session the market broke than the continued actives also the sentiment continued. disposed to close out their lines and take profits. During the remainder of the session the sentiment continued extremely bearish. The selling of long wheat prompted much selling for short accounts. The market closed with the bear raid apparently unchecked and with prices at the lowest point of the day. September apened %c lower to %c higher at 25%c to 25%c, advanced to 25%c and then declined to 25%c. The close was at 25%c203c. July ranged hetween 20%c and 34c and closed at the bottom. Clearances of wheat and flour were equal to 25%, 200 bushels. Primary receipts were 437,000 bushels, against 223,000 bushels for the same time last year. Minneapolis, Duluth and Chicago reported receipts of 200 cars, against 255 lest week and 122 a year ago.

Differs, against 25 lest week and 12 a year ago.

Bit cars, against 25 lest week and 12 a year ago.

Bit cars, against 25 lest week and 12 a year ago.

Bit cars, from early in the day, but later the weakness of wheat caused some recessions in prices. The market closed say, September opened unchanged to 40 lower at 53 to 53 to 10 lower at 53 to 10 lower lower lower later the market cased off in sympathy with wheat. Westher conditions in this country were again a bearish influence. September opened a shade lower to 45% and then declined to 35 to 50 lower lower

Provisions were weak all day because of heavy sales by local packers. Liberal re-ceipts of live hogs was the main source of weakness. At the close September pork was off 37% at \$55.7% Lard was down 20 0123% at \$5.77% Ribs were 15c lower at \$5.67%.

2230c at 88.794. Ribs were 15c lower at 88.834.

General Drift of Market is Narrow and Changes Are Constant.

READING GROUP IS WEAKER

Action Due to Filing of Petition to Dissolve Merger-Close is laregmiar, with Mixed Net Changes.

NEW YORK, June 12.—The constant changes in the course of prices today secured to represent nothing more than the shifting sentiment of the room traders, who had the day's transactions to themselves. There were some individual points of strength and some of weakness, and these had a varying sympathetic effect on the list as a whole. The general drift, however, was very harrow and operations outside a half dosen stocks were very scanty. There were lengthy periods, in fact, when the market was practically stagnant. Less was heard of yesterday's Japanese war rumor owing to the declination of competent authorities to give it countenance. The passing of this influence would open the way naturally to some recovery from the depression yesterday which was caused by the fear of it. 4n opposing influence was the weekness of Reading. This was traceable to the filing of the government's suit to compet the dissolution of the combination among the antiractive roads. The effect of this factor was practically restricted to Reading in the group of coalers. A supplementary influence on the stock was a decline in confidence by heretofore professional buyers that the dividend was to be increased at the meeting next week. In some isotated instances there was evidence of liquidation, and although this was light, the effect on prices was marked owing to the prostration of the demand. Rock Island preferred was said to be affected by this cause, and American Locomotive was another sufferer.

With the subsidence of the Japanese war soare the bears were inclined to fall back on inferential deductions from the difficulties of a great firm of building contractors announced yesterday. A minor failure announced this morning affecting building operations gave point to the expressed anxiety over a possible condition of overextension which might bring similar embarrisaments from difficulty of obtaining working capital in other fields. Specific rumors of such conditions extended into the dry goods field and set on foot exhaustive individual to th

throughout, as shown by the sines thanges.

Bonds were irregular. Japanese 4/4s and is declined a fraction further. Total sales of bonds, par value, \$880.09. United States bonds were unchanged og call.

BOSTON. June 12.—WOOL.—Tht activity in quarter-blood fieece continues to be the feature of the local wool market although there is also a good demand for fine wools. The supply of fine feeces, washed and unwashed is wholly inadequate to fulfill the demand, and there appears no immediate prospects of a change. The market is somewhat stronger in the better class of stock, in fact manufacturers are looking to a fine wool season. Local dealers have great confidence in the new clip and are operating with freedom

better class of stock, in fact manufacturers are looking to a fine wool season. Local dealers have great confidence in the new clip and are operating with freedom and paying good prices. Competition for the new clip continues to the profit of the growers. Oregon and Idaho are particular sections. Heavy transactions are reported from both states and local firms are buying liberally. Among the cattle here today were some right good beef steers which sold at \$6.00% 6.36.

Shippers were picking up a few of the better grades of heifers and paying fully steady prices for such as suited their purposes. On the other hand the cow market was very slow and in many cases holders found it a difficult matter to find a buyer. That was especially true if the quality was not overly good. It is very evident that with the packers out of the market comparatively few cows and heifers can be disposed of to any advantage.

There was tothing new in stockers or feeders, the trade being naturally limited at this season of the year, as well as by the light receipts.

465 1 35 7. 550 1 75 10. 557 1 75 55. 533 4 25 56. 470 4 25 1. 678 4 50 9. STAGS. HOGS—Hogs opened 16c lower and on the first round made by buyers quite a number of loads sold that way. Before very many sellers had an opportunity to take advantage of the bids the market weakened still further, becoming 10glibe lower. The trade was extremely slow at the decline, it being 10 oclock before a single load had changed hands, and it was well along toward midday before the market was really under way and before enough had been done to really establish prices. The market as a whole was as slow and unsatisfactory as vesterday's market was active and satisfactory.

The decline was brought about by a lower provision market, by large receipts and

provision market, by large receip lower markets at all selling points. Representative sales: AT. Sa. Pr.
