OMAHA BEATEN AT DENVER

Teddy Bears Bunch Their Hits with the Errors of the Bourkes.

GRASS DIAMOND BOTHERS SOME

Captain Franck Gets the Ball in His Month, but He Recovers it in Time to Get His Man at First Base.

DENVER June 21 .- When Omaha was playing its poorest this afternoon the Denver men bunched their hits. That told the whole story. Denver made hits in three innings only and in two of these scored their runs. The third inning was a sort of barfest, five hits yielding three runs, but in the fifth only one hit was made, all the scoring being done on ermade, all the scoring being done on errors. Omaha made one run in the seventh inning on a base on balls to Welch, Graham's bunt that he beat out and a couple of outs at first. Murphy dropped Welch's long fly to center in the ninth and he scored on Austin's single. The grass tendance: 1,500, Umpire: Brennan. diamond caused considerable trouble to fielders, one ball getting by Franck on bad bound, thus being turned Into a Omaha hit. Another took an unexpected angle, smacking him in the mouth. He quickly recovered this time, getting his man on first base. The feature was a wonderful one-handed catch made by Autrey while on the dead run with his hands extended.

DES MOINES, June 21.—The Champs had one bad inning, the seventh, as usual, and Sloux City sent in four runs. It put the game beyond all danger, the Packers winning, 10 to 4. Sloux City took the lead early on singles by Weed, Hart, Granville and Jarrott, and though Des Moines tied up the game in the fourth, after making one in the fifth and from that time on they were never in danger. In the seventh they fell upon Jefferson Davis Chark for five hits, stole a couple of bases and scored four runs. The score:

—Towns in northwest Nebraska are to see some real polo playing this summer, as Messra. Ludwig and Detreich of Springview are here selecting full-blood indians from the Rosebud reservation for the purpose of dividing them in the two teams and training them to play pelo. As the Indians are daring horseback riders, it is expected that, when fully trained, they will make very good polo players. The two teams will play exhibition games during the summer and the first engagement will probably be pulled off at Bassett on the Fourth of July.

JOE VILA TO THE FRONT AT LAST Failure of Highlanders.

Failure of Highlanders.

Some fans have been waiting patiently to see what sort of excuse Joe Viia would hatch up for the miserable showing being made by the Highlanders and they have been rewarded with a system of excuses, got up in schedule form, at least one for each man. It shows one thing, and that is that New York press agents are making a better showing than some New York ball players. Here is the lineup:

Rickey—Did not Join the team until May 8. Then got a lame arm!

Kleinow—Had to lay off more than a week in April because of a split hand!

Chesbro—Did not report until May 1, but has been useless ever since because of the lack of warm weather!

Hogg—Quit in the Boston game of May 2, thinking he had hurt his arm, but later discovered he was suffering from a floating kidney. Did not pitch again until June 12, when he had no speed at all!

Orth—Overworked, but still game.

Chase—Did por report until April 14, Mortarity playing first base meanwhile!

Williams—Kept out of several games in April because of a sprained back, and was spiked in last Wednesday's game with Detroit. Is still on the hospital list!

Laporte—Sprained his ankle on May 20 and returned to the team on June 10. Still partially lame!

Elberfeld—Began the season under the

tially lame! The Dresher Juniors defeated the fro-Elberfeld-Began the season under the quots by the more of 16 to 2 Friday. Bar. those moral precepts and Christian prin-

weather, but he's game and stuck it out ever since!

Hoffman—Handicapped at the outset by a weak ankie!

Keeler—Lost half a dozen games because of a mashed finger and a heavy cold!

Brockett—A warm weather pitcher who worked in the cold on May 14 at Detroit, wrenched his arm and was unable to pitch again until May 20!

Clarkson—Began well, but injured his hand on April 18, laying off until May 2. Then he was injured again a few days later and was finally traded with Delahanty for Moore!

HITS BUNCHED IN THE THIRD

and was finally traded with Delahanty for Moore!

Moore—A hot weather pitcher who joined the team out of shape and has been graduually getting fit ever since!

The faithful one concludes with the reassuring consolation that his friends will be found in the lead at the last.

Now, there is one strange little thing which Mr. Vila might clear up before he drops the subject; that is, why can the White Sox manage to stick in first place when they, too, as everybedy knows, have been more or less crippled since the meason opened? Tannehill has been too sick to play at all, Frank Owen has been and is yet confined with sickness, Walsh has never been in the best of form, Altrock has been off metal and even liggs Donohue, they say, has been unable to eat his customary five meals a day at least twice since the season started. Oh, of course it's fust barely possible that the White Sox outclass the Yankees at every stage of the game—just posible, but then—.

Old Lave Cross is said to have signed with New Orleans. It is to be hoped this old veteran will see many more seasons of active work on the diamond. He and Monte Cross are among the last of the passing lights of former days. They have been a part of the game on the big diamond so long and have done their part so well it will seem strange to miss their names from their accustomed places in the lineup when one picks up the mortaling paper to run over the day's grist of actives. Schmitz's attorneys late this evening applied to the district court of appeals for the release of the mayor on ball by writ of habeas corpus.

Sixteen showings are made in the petition and at least one of them is decidedly sensational. It is a declaration by his atincurable disease and that imprisonment in a tail will cause his death. It is under stood that the disease referred to is an affection of the kidneys and that it has advanced to a serious stage.

The petition alleged that the section of the penal code under which the mayor was ordered into custody is unconstitutional in that the petitioner is deprived of his liberty without due process of law. The petition further alleges that imprisonment of the mayor is in furtherance of a conspiracy by Rudolph Spreckels and others, through a coercive power over the board of supervisors who have confessed their guilt of bribery, to usurp the office of mayor and secure full political control of the affairs of San Francisco by removing all appointive officers of the city by arbitrary, illegal and revolutionary means.

By reason of the grave and serious questions that must arise from carrying out such a scheme the petitioner urges that the circumstances as will justify the court as a matter of discretion in admitting the petitioner to ball.
