FREIGHT LAW ALSO ATTACKED

State Board of Health Still in a Deadlock Over Selection of a State Health Inspector, but Elects a Secretary.

LINCOLN, Neb., June 22-(Special Telegram.)-The Union Pacific Railroad comcourt a transcript of the proceedings in the state court for a transfer of the suit brought by the attorney general to restrain the company from interfering with the operations of the 2-cent fare law; the freight rate reduction law and from disobeying orders issued by the State Railroad commission. With the transcript was a cross petition asking for a restraining order to prevent the Railway commission from putting into operation the reduced freight rates as provided in the Aldrich bill and from enforcing the 2-cent rate

The paiers was filed by Edson Rich of the legal department of the Union Pacific and in his petition he alleges that the 2cent passenger rate is not compensatory and that should the freight rates be re-duced 15 per cent these rates would not be compensatory. He alleged also that to enforce such a law would cause his road a great reduction in interstate rates, and he cites as an example the suggestion of the commission that people buying interstate

tickets buy to the state line only. In fulfillment of a promise made by letter to the State Railway commission, the Minneapolis & Omaha railroad today filed with that body a new schedule of freight raud for Nebraska, to become effective July 5, reducing all such cariffs 15 per cent, as the new maximum freight rate law required. The rates are also made to apply to and from Sloux City, Council Bluffs and Missouri Valley, in Iowa.

For fifty ballots then the governor and superintendent stood pat with their candidates and Mr. Thompson voted for Dr. von Mansfelde of Ashland. At noon an adjournment was taken, the next meeting to be at the call of the chairman.

Interurban Files Answer. The Omaha. Lincoln & Beatrice Interurban company filed an answer with the State Railway commission this morning to the petition of the city of Lincoln, asking for six fures for 25 cents. Evidently with this in contemplation the legislature of 1907 amended the election law to provide for the election of county assessors in the year 1907 and every four years thereafter, as provided in the original revenue bill. Therefore it is my opinion that county assessors should be elected in the year 1907 and every four years thereafter. Answering your second question, begleave to state that it is my opinion that the present incumbent in the office of county assessor is not eligible to be a candidate to succeed himself.
