Schwarz Succeeds Culver.

Charles F. Schwarz of Lincoln was this morning appointed adjutant general, hist term to begin July 1. Dr. C. C. Mc-Leese of Davenport was appointed a member of the Board of Optometry. The new adjutant general attended school at the State university with Governor Sheldon and is at present engaged in the paper bag ousiness in Lincoln.

General Culver at his own request was placed on teh retired list by Governor Sheldon because of his military service. Captain Schwarz served as captain of a company of the National Guard during the Spanish-American war and was with Governor Shel-

don in Cuba and also attended school with him at the State university. He is at presont engaged in the paper bag business in Lincoln. The general staff has not yet been appointed. These officers went out of office with Governor Mickey, but an order was issued asking the general staff o serve until further orders.

BONACUM-MURPHY CASE IN COURT

Evidence is All Submitted and Court Adjourns Subject to Call.

SEWARD, Neb., June 29 .- (Special Telegram.)-Judge Reeder of Columbus returned to Seward Friday morning to take evidence in the Bonacum-Murphy trial which has been in the courts for the past ten years, in which the bishop hopes to dispossess Father Murphy of the church property here. A great deal of documentar yevidence has been introduced, as well as canonical law, covering the case, and the bishop contends that Father Murphy, has failed to estublish his appeal from the decision of the bishop, removing him from this parish. In the former cases the hishop has brought suit in his own name, but in the present case the action is in the name of St. Vincent's parish, represented by the trustees of the parish, which will undoubtedly have a bearing on the

present sult. All of the evidence, which was mostly technical, was before the court 'shortly after 12 today, and Judge Reeder adfourned court subject to his call early in July, when the arguments will be made, it taking some time for the attorneys to go over the evidence and technical points to prepare their arguments.

The case is one of much interest to Catholics throughout the state.
