Search for Corpse of Mrs. Stallard is Unsuccessful

THREE OTHERS FALL INTO LAKE

C. C. Wolfe, Misses Verda Snyder Edith Stallard Cling to Log for Several Hours.

The body of Mrs. Clarence E. Stallard, who was drowned at Lake Manawa during the storm Saturday night, had not been recovered up to a late hour Sunday night. The work of dragging the lake for the body was begun at 4 o'clock yesterday morning and with short intervals was continued late last night, but without resuit. Every part of the lake between the Kursual and the landing on the north shore was thoroughly dragged. The men employed in dragging the lake worked somewhat at a disadvantage, as Mr. Stallard was unable to state exactly where the boat he and his wife were in capstsed.

C. C. Wolfe of Panorah, Ia., and the Misses Verda Snyder and Edith Stallard. a sister-in-law of the drowned woman, who were at the lake with Mr. and Mrs. Clarence Stallard, but occupied another boat, had a narrow escape from meeting the same fate as Mrs. Stallard. They, like Mr. and Mrs. Stallard, had started from the Kursaal to row back across the lake when the storm overtook them. Their boat was carried by the wind to the southeastern part of the lake, where it was finaly capsized. Mr. Wolfe and his two young women companions clung to a floating log until their cries brought assistance. Aeronaut Andrews, who makes the balloon ascensions at the resort. Thomas Kendall and a young man named Miller braved the wind and heavy waves and rowed to the point from which the cries were heard and after considerable difficulty succeeded in rescuing the party. The rescue was just in time, as Miss Stallard was nearly exhausted and could not have held on the log much longer.

Mr. Wolfe is visiting friends in Council Bluffs, while Miss Snyder, who makes her home at 3027 Avenue A, is employed as a stenographer in Omaha.

EAGLES PLAN BIG

Three Mayors Will Welcome State

Aerie to Council Bluffs. members of Council Bluffs nerie of he Fraternal Order of Eagles are making elaborate arrangements to entertain th lelegates and visiting members who will attend the second annual meeting of the lows state serie to be held in this city Wednesday, Thursday and Friday of this week. A goodly sized fund has been raised and the visitors are to be royally enter-

ained during their stay in Council Bluffs. Thursday night the delegates and visiting nembers will be tendered a banquet at the Grand hotel, at which Mayor Macrae of Council Bluffs, Mayor Dahlman of Omaha and Mayor Hoctor of South Omaha are all booked for addresses. Hon. Emmet Tinley will act as toastmaster and the Dahlman cowboy quartet of Omaha will furnish the

Friday evening the closing entertainmen will be in the form of a smoker at the hall of the serie on Pearl street. According to the announcement, there will be something doing every minute. The program for the smoker, it is said, will be a red hot one. In addition to the banquet and the smoke arrangements have been made for trolley rides each of the three days of the convention through Fairmount park and to Lake Manawa. There will also be a special performance for the entertainment of the visitors at the Casino at Lake Manawa.

The officers of the lows state aerie are: Charles A. Stephens, Cedar Rapids, pres-Charles A. Stephens, Cedar Rapids, president; H. J. Bremhorst, Ottumwa, vice president; G. H. ASSESSMENT OF RAILROADS factory and this year did not plant an acre

Executive Council Finishes Compiling Statistics of Iowa Lines.

MACRAE RAISES NEW POINT

Distribution of Higher Values of Cities Allows Roads to Pay Lower Rates on Much of Assessment.

(From a Staff Correspondent.) DES MOINES, July 8 .- (Special.)-A. H. Davison, secretary of the executive counil, has just completed and sent to the state printer a compilation of statistics relative to the assessment of the railroads of Iowa. Branch lines are combined into he systems so as to show the actual inrease in the assessments. That is, the otal assessment of the lines now making over a period of years.

big systems, such as the Burlington, Cecolidated system.

made. Now with the information com- again. piled by Secretary Davison for the first period of many years back so as to en- tracks and an adequate way of reaching able the council to make the comparison. the fort. The business men started out to

day when it begins the assessment of machinery of doing it, it was found that the railroads. The cards show that for the city would have to attend to the ap- was at Laurel Hill cemetery. a period of many years the railroads have proaches and that the railroads only had paid a less rate of taxes on their assessment than other property. This is due way. Then some legislation was necessary to the fact that in the towns and cities to get the right for the city to build its the railroad property is more valuable share, in proportion to that in the country, while the mileage in the municipal corporations is much less than that in the rural districts, though in the assessment as required by the present laws part of this higher city value is proportioned to the country and gets the country rate of taxation, which is lower than in the cities. It is understood that Mayor Macrae of Council Bluffs will appear before the ouncil Monday when the hearings open and with other city officials will be prepared to argue this question before the executive council. They claim that the assessment under the present plan robs the cities of some of their taxation. It is not unlikely that this question will be of some prominence before the next legislature, which is likely to devote considerable of its time and attention to the taxa-

tion question. Start Hearings Tomorrow. Governor Cummins will reach the city early tomorrow morning from Michigan to attend the hearings by the executive council on the question of railroad assessments. The entire council will be present OUR MADE-TO-ORDER GLASSES when the hearings open. The hearings SATISFIES THE MOST CRITICAL. DR. will last the entire week, the first of the

busy this year. Starting in the first of evening. the year they were busy attending railroad committee hearings before the committees of the legislature. Then followed in short order the railroad commission frames soldered while you wait, glasses hearings on rates, and now comes the straightened and adjusted without charge, executive council hearings on the assessment of the railroads, and following this the railroad commission will have some more hearings of one kind and another.

Some interest will be attached to the matter of the assessment of the telegraph companies. Just before the legislature adjourned it is claimed, the telegraph companies raised their rates. The companies claim they did not raise their rates, bu only readjusted them, raising some but lowering others. Since the telegraph companies are assessed on their earnings as well as their equipment, their assessment ersen & Schoening. will be watched, though the increase in ports for this year as these reports cover the year ending December 31, 1904.

Federation After Laws.

The State Federation of Labor of Iowa will put its most strenuous efforts on two particular things in the line of legislation in the future. It will work for the abolttion of convict labor in Iowa and in con nection with the American Federation of Labor to get a national law prohibiting articles made by convict labor being shipped in interstate commerce.

The other thing it will work for will | be a law regulating the matter of contributory negligence, so that the injured may receive a verdict proportionate to the amount of his negligence. Under the present law, if a workman contributes in the slightest degree to his own injury, even though the company or corporation for which he works is chiefly responsible, he will recover nothing. The federation claims that this is unjust and that while a workman's negligence may have contributed towards his injury, if the corporation is partly responsible for the injury it should be held for part of the dam-

An attempt was made to get a bill through the legislature last winter that embodied this idea. The bill was not well prepared and some of the workingmen's organizations were afraid of it. They were afraid it would repeal the Temple amendment in relation to signing away the workingman's right to sue the company. It is proposed by the time the next legislature meets to have a bill prepared right, that will embody only the idea of awarding a verdict of damages in proportion to the negligence of the company and the workman. The railway trainmen's organizations will favor the bill and the Iowa Federation of Labor will work with them. It is possible that the first bill may apply only to trainmen, but ultimately, the aim and object will be to apply the same law to all workingmen, and corporations em-

Canned Fruit is Higher Iowa is being hard hit by the shortage in the fruit crop in California and other fruit countries. The State Board of Control is just now busy closing contracts for the canned goods supply for a twelve months and the members of the board have discovered by making these contracts that the fruit crop is short and that the state must pay much more this year than heretofore.

City Council Will Take Up the Levy factory and this year did not plant an acre

any. It has been offered 65 cents for its 1906 product and is holding it for & cents. Some years ago the board could buy all the prunes it wanted for 7 cents, and they were the best, for the board never considers a bid on anything but the best. Now it

is being saked to pay II cents. Everything is up and nearly everything is up in about this proportion. This increase in the price of supplies, which runs o other things as well as to canned goods, is bothering the Synte Board of Control considerably in making the state appropri-Des Moines Needs a Bridge.

interests and, after July 1st, I will be down in Tennessee as a general salesman for Ely & Walker Dry Goods Co., but before go I want to secure myself against mother attack of the King of all Discases -rheumatism, and I believe I can do this by wearing another pair of Dr. John Wilson Gibbs' "ELECTRICURA" shoes. About one year ago, I was considered by friends and several physicians, a hopeless cictim of rhoumatism. I was reduced in flesh more than one-third and my nervous system was a complete wreck. I spent about three months at Hot Springs, Ark. and eight weeks at Marlin Hot Welts, Texas, taking in all one hundred and sixteen hot vapor baths; I also spent eight weeks at Mineral Wells, Texas, drinking from fifteen to fifty-five pints of the celebrated "Crazy Well" water. I returned from there to Little Rock, Ark., and under ne of the most eminent physicians in the ountry, I took a course of Goatlymph. After all this I was able to walk without my crutches, but was very weak and suffered quite a good deal with my rheumatism.

One of your representatives, Mr. Josse Prewitt, who is quite a warm friend of mine, insisted upon my trying a pair of Dr. John Wilson Gibbs' "ELECTRICURA" shoes. I was skeptical at first for I had had submitted to me by letter, 'phone, telegraph, and through the intervention of friends, several thousands of "sure ures" for rheumatism, and I had sworn off ever trying anything else that was to take or rub, but as Mr. Prewitt assured me that if these shoes did not give satisfactory wear aside from their curative powers, he would pay for them, I consented to try a pair. I got well and don't know whether the shoes cured me or not but I haven't a sign of rhumatism and have gained back my lost strength and flesh, and I think so well of the shoes that I intend to wear them as long as I can

Anybody who wants to know what I think about "ELECTRICURA" shoes, you may respectfully refer them to me, and I will take pleasure in stating what they have done for me. Will you please let me know where

can get a pair of these shoes here in the city of St. Louis? Yours very truly,

FRED D. WHITING. Inquiries may be addressed to Mr. Whiting, care of the Maxwell House, Nashville, Tenn. "ELECTRICURA" shoes will be forwarded by the makers, Werthelmer-Swarts Shoe Co., St. Louis, Mo., upon receipt of money order for five dollars, charges paid by the makers, if "ELECTRICURA" Shoes cannot be ob-

tained locally. HAND SAPOLIO

FOR TOILET AND BATH

Fingers roughened by needlework catch every stain and look hopelessly dirty. Hand Sapollo removes not only the dirt, but also the loosened, injured cuticle, and restores the fingers to their natural beauty.

. I. GROCERS AND DRUGGISTS

WAKEFIELD'S BLACKBERRY BALSAM

is and has been for 61 years the most prompt and reliable cure for Diarrhoes, Dysentery and Cholera Infantum. As these diseases often come in the night, every home should be prepared to check them without delay by having Wakefield's Blackberry Balsam on hand. It never fails. All druggists sell it. Full size bottle 35c.
