

CARS TO MOVE THE CROPS

Railroads Say They Will Take Care of Grain Shipments.

GATHERING EQUIPMENT IN STATE

Burlington and Northwestern Report as Being Ready for the Movement Which Will Begin This Month.

At present the Burlington has quite a surplus of box cars. Said C. L. Dickerson, assistant superintendent of transportation of the Burlington, when asked what the prospects were for the road being able to handle the large crop of grain which now seems assured, judging from the various crop reports.

For several days we have been congratulating equipment in Nebraska territory to care for the increased grain movement, which we expect to begin between July 15 and August 1. Indications are for large quantities of wheat from the southern part of the state, and we expect it to begin to move about that time. From present indications the Burlington has in good shape to care for all traffic offered with promptness.

The Northwestern should be able to handle the grain in better shape this year than ever before. Said S. F. Miller, assistant general passenger and freight agent of the Northwestern, with jurisdiction over the territory west of the Missouri river. In addition to new equipment of much larger type than formerly to replace the old, a large number of cars and engines have been added. A greater effort than ever before is being made to have a larger per cent of our own equipment on our own rails when it comes time to move the crops of Nebraska.

New Crop to Move. The Northwestern has a new crop to move this year and we are now flouting on it amounting to 100 cars. That is a crop of some splendid looking potatoes raised on the new line at the town of Riverton, Hudson and Lander. They are reported as good as Colorado potatoes. The Northwestern has issued orders to all employees that all cars offered in interchange after September 1 must be equipped with air brakes. Cars will not be accepted from connecting lines under load after July 20 unless homeward bound and no loaded nonair car will be accepted on authority of the car service agent. Orders have been given by the Illinois Central railroad for eight Pacific type passenger engines, thirty-five consolidation freight locomotives and seven switching engines. Besides these, there have been contracted 1,500 all steel coal cars, 100,000 pounds capacity each; 900 Otis dump, and 80 steel underframe box cars. All are for quick delivery.

MONEY IN OMAHA PROPERTY

Mrs. Hopper Will Invest Part of Her Legacy in Realty in This City.

Mrs. Albert Hopper, who inherited a part of the large fortune left by her grandmother, Mrs. Louise Blata of Milwaukee, says she will invest some of the money in Omaha real estate. At the time the news of the legacy reached her, Mrs. Hopper was offering for sale her home at 363 North Twenty-fourth street. She immediately took it off the market and announced that she would buy other houses, as she considered Omaha property profitable investment.

Hastings & Heyden invested \$10,000 in local property Friday. They bought from Rose Schonberger two houses at 14 and 118 North Thirty-seventh street, for \$2,000 and from Lewis Reed the six houses immediately north of these for \$3,000. Joseph Sonenson has bought from Sadie Bergeron, through the agency of N. P. Dodge & Co., a cottage at 2827 Decatur street. The price was \$1,150.

The Shaw property of fifteen acres, one-half mile south of Ruser's park, has been sold for \$5,000 to a woman in New York, reunions he has ever attended. Corporal possession in two weeks. S. Arlon Lewis and Mr. Simonson made the sale.

Mrs. Sophia Lehman is planning a \$10,000 house to be erected on a sixty-six-foot lot on Thirty-second street, just north of Farnam. She bought the lot for \$4,075 from Mrs. J. B. Kitchen through George & Co. Dr. Slabaugh has bought through the same company from George E. Baker a \$6,000 lot at the southwest corner of Twenty-second and Davenport streets. He will build a row of flats the entire length of the lot. Dr. Slabaugh has just sold a row of flats on which he made a neat profit.

Herbert I. Gannett has bought from George & Co. two lots at the northwest corner of Fifty-first and California streets. He will build a residence there.

WAR ON WEEDS IS POPULAR

Dr. Connell Wins a Nomination for Mayor from an Improvement Club.

The majority of Omaha is the prize being out by an improvement club to Dr. Connell as reward for having weeds harvested before they can go to seed. In a communication from the secretary of the club a list of places covered with weeds was submitted with the statement that should he succeed in having them cut he would have demonstrated ability which would mark him as the choice of the club for mayor.

While the four weed inspectors are serving notices to property owners to cut weeds, they are incidentally reporting other forms of nuisances. A regular police officer has been detailed from the force to serve such notices since the inspectors were dropped for want of funds to pay salaries, but it is practically impossible to inspect every case reported.

MRS. PRATT'S MOTION HEARD

Application for Temporary Alimony of Five Hundred Dollars Per Month in Divorce Suit.

The preliminary skirmish in the Pratt divorce case started Friday forenoon, when the motion of Mrs. Pratt for \$500 a month temporary alimony, pending the hearing of the case was taken up before Judge Kennedy. Judge Vinsonhailer and C. C. Wright appeared for Mrs. Pratt and General Cowin and Jerome Magee of Chicago for Colonel Pratt. The present hearing will not develop any new complications in the case, it is said, as it is being heard actively on affidavits which have already been filed. The principal question before the court will be the amount of Mrs. Pratt's allowance pending the hearing of the suit, which will probably not come up until next fall. The question of the validity of the service on some of the minor defendants will also be argued.

Quick Shine Shoe Polish contains no turpentine or acids, gives a satin finish, will not rub off on the clothing.

One Night Express Chicago to Norfolk

through without changing cars over Pennsylvania Short Line via Columbus and Norfolk and N. & W. Ry., daily after July 14. Low fares. For details write or call on Cleveland, U. S. Bank Bldg., Omaha, Neb.
