INDIANS SCALP LITTLE MAC

Pueblo Wins from Omaha by Hitting the Ball.

FITZGERALD PUZZLE TO LOCALS

Rourkes Are Able to Get But Four Safe Ones Off Frank Selec's Man on the Sinb.

Pueblo, 5; Omaha, L. Ten hits for a total of nineteen bases by the Pueblo Indians off McNeeley were sufficient to win the second game of the present series from Omaha Tuesday afternoon at Pa's lot by the score of 5 to 1. McNeeley remed to lack that cunning which he displayed last week against Denver and every time the Selecites would land on the ball it looked like it was going to scoot clear out of the lot. The harder Mac pitched th harder the Braves would land on the ball Mac wound up faster and faster and line them in to the limit of his speed, but I was no use, he had to take his medicine.

Manager Drill trotted out Fitzgerald a his second choice of pitchers, having worked his star-McGregor-the day befor in that historical seventeen-inning game and he did right well, holding Pa's Colt to a grand total of four hits with a total of four bases. The Rourke family evidently thought they would have the pudding the had with Mr. Fitzgerald on his last vis to Omaha, but they soon found they wer mistaken, for he was in his best spirits an playing for a record that would look goo in the Pueblo papers this morning.

Weich Solves Him.

Welsh was the only Colt who could do anything with his delivery, and he landed safely twice, the other two fortunates being Graham and Beiden. The rest had to be satisfied with high flys, five of which went to McGilvray and five to Ryan, who was on hand with a couple of more circus catches, one of which was on a par with the Monday catch when he natled the "game ball" in a highway robbery fashion. The first four hails hit by Pueblo in the

after two were out. Adtrey was passed to Score, first game; first and H. John Welch hit for a single to right field which put Autrey on third Welch did not like the atmosphere around first and decided to move down to second. and smith tried to stop him. That was where Smith made his mistake for he lined the ball clear to center field, giving Autrey all the chance in the world to come home It looked so easy that Welch thought be would keep coming too, but McGilvray had the ball there to meet him and the side was out.

Pueblo made one more in the third by double by McGilvray, a sacrifice and ar outfield fly. McGilvray opened up the fift tuning with a triple and was sent home with the third run by Bader's single. Mc Gilvray made the next run in the seventh inning, after two was out. He hit for single and came home on Bader's triple. single, a stolen base and another single t

Ten hits and nineteen bases should win ost any game. Eight of the ten hits made by Pueblo were made by the first four in the list.

After the first inning Omaha only got one man as far around the ring as second base. McGilvray made a single, a flouble and a triple and three runs-pretty good for one so small. The Pueblo outfield secured eleven put-suls and Cmaha was not far behind with en for the outfield.

DOCTORS FOR MEN

THE RELIABLE SPECIALISTS THE BLIGHTING EFFECT OF DISEASE

Weakness is a malady that robs a man of his spirit, ambition and force, The nerve, self-assertion and stamina are killed by it. The courage that leads manly men to smile at fate and continue to fight is destroyed. Thousands of young men, middle-aged and old men can look black to their boyhood days or early manhood with a sigh of remorse. The ignorance of early youth has sown the seeds of future suffering.

Nature passes no act without affixing the penalty for its violation. When she is outraged she will have her penalty, although it takes a life. When through violation of her immutable laws in early life man wastes away his nerve and bodily vigor, he is then compelled to struggle under the disadvantages which impede his progress and defeat his ends. He can scarcely hope to compete with those of his follows who, possessing equal opportunities, have all their faculties unimpaired and bodily energies at their best. When a man is in a weakened condition, which is inconsistent with health, strength and vigor, and which renders him unfit for the active duties and pleasures of life, he is nearing the danger point, and should secure immediate attention.

Millions of men have been wrecked through ignorance and neglect. The trouble is not so much that they have digressed from Nature's immutable law, but that they have permitted the trouble to insidiously progress and become more aggravated. They allow it to progress, all the time hecoming more chronic and deeply seated. This fact is usually responsible, for about nine-tenths of the suffering. You should remember that most diseases are progressive in their nature. They must be conquered by proper treatment or they will devastate your system and blight your future career and prospects.
