What the London Lancet says about Allen's Foot-Ease.
The distinguished English medical journal, the Lancet, in its issue of 11th June 1907, contains a special notice in praise of Allen's Foot-Ease. It says: "Allen's Foot-Ease is a valuable remedy for the treatment of nervous disorders. It is sold by all Druggists everywhere for 25 cents. For FREE Trial package, also Free Sample of the FOOT-EASE SANITARY COBBLER-PAD, a new invention, address Allen S. Olmsted, Le Roy, N. Y."

You Can Wear Smaller Shoes.
"Dear Sir:—Seeing your advertisement in a magazine, I bought a package of ALLEN'S FOOT-EASE. An quick relief and heavy on my feet, and so I can tell you how I suffer. When I tell you that I wear a No. 2 shoe, and was unable to get a No. 2 shoe shoe and even then could hardly get them on in the morning, you will not wonder that I suffered. Since using ALLEN'S FOOT-EASE, I have been able to get on in No. 2 shoes in the morning, and the pain has all ceased. I shall use more ALLEN'S FOOT-EASE, but feel that my feet are cured. Yours cannot express my thanks to you."—Mrs. M. J. Lewis, Marion, Mo.

NEBRASKA FROM DAY TO DAY

Quaint and Curious Features of Life in a Rapidly Growing State.

No man approves of actions which are a little questionable unless he is in on the deal—Osmund Republican.

Results of the Floods—Trains are not running, telegraph wires are down and lots of "cross" talk over the telephones.—Auburn Granger.

Now is the Time to Subscribe—The Chronicle has finally gotten rid of the carpenters, masons, painters, paper hangers and a few other aliens who have been raising particular hades around the office the past few weeks. They left the proprietor a total wreck as to nerves, patience and money, but we hope to resume our normal condition within a reasonable time. Fillmore Chronicle.

A Good Place to Live—Scott's Bluff has more trees, more progressive citizens, more pretty girls, more brave men, more church buildings, more business houses, more sidewalks and more institutions that make for God, home and native land than any other town in the North Platte valley. Not only this, but it has the only chauntauque and the only bachelor editor in the whole valley. Then if these were not enough it has a thousand and one attractions that must be seen to be appreciated. Come to Scott's Bluff and look at the town, subscribe for the Herald, patronize our merchants and you will never want to live anywhere else.—Scott's Bluff Herald.

A neat Stork Party—Referring to the account in the Columbus Telegram of a stork party held in that city the Silver Creek Sant shows it to be clear behind the times when it comes to society doings. More than half a year ago, this paper declared such a party was held in this vicinity and occasionally we see the beneficiary of the shower out in his carriage dressed in some of the little fixin's showered on it on that occasion. The event was not reported by Sant at the time for the participants were too timid, bashful or imbued with false modesty and they were sworn to secrecy. Unwomanklike they kept the secret till they thought it too old to mention, but we can't see just why.

Live Eggs—A case of eggs in Harrington's store was being prepared for shipment last Saturday when sounds as of chickens chirping were heard issuing from it. The case was opened and the sight presented resembled that of an incubator when the eggs are hatching. Seven live chickens just out of their shells were taken from the case, besides more than a dozen eggs that either were pipped or gave other evidences of chickens inside. The eggs must have been very near the hatching stage when they were brought to the store, and the intense heat of the day finished the process. The chicks seemed as luscious and plump as any that came from under a hen. Now, aside from the moral consideration involved in selling eggs, isn't it a little strange that anyone should sell for 12 cents a dozen something that in a few weeks would have been worth that much apiece?—Craw Orchard Herald.

Governor Sheldon and the Pardons—E. Rainey, while in Lincoln last week, submitting his report of the Association of Embalmers and Undertakers to Governor Sheldon, says the officers were shown every courtesy by the governor, and as usual, he had to tell them a story, and as usual, they were interested. An old colored woman called at the governor's office one day, but the latter was too busy to give her an audience. Again she came only to be told to come later, and at the appointed time she was on hand and given a hearing. "Be you the governor?" she asked. His excellency informed her that he was the one that was guiding the ship of state, and asked what he could do for her. "Well, sub," she says, "I want you to pardon my old man. He's been sent to prison two years for stealin' nothin' but a measly little ham." "Well, can't you get along without him?" asked the governor. "Laws, yes, I could," she says, "but I'm clean out of meat."—Weeping Water Herald.

STREET CAR HEARING IS ON

Lincoln Commission Asks for Reduced Rates on Traction Line.

UNIVERSAL TRANSFERS INVOLVED
Otto Meier of Lincoln Files as Democratic Candidate for Judge of the Supreme Court at Coming Primary Election.

(From a Staff Correspondent.)
LINCOLN, July 18.—(Special.)—The application of the city of Lincoln to compel the Lincoln Traction company to sell six fares for 25 cents and to sell ten fares for 25 cents to school children is being heard before the State Railway commission today, with President Scudder of the traction company present. The hearing is of interest to the state because the decision likely will apply to all other traction companies, as the question of universal transfers is also involved. The city began its action after the Citizens' Street Railway company began to sell six fares for 25 cents and after this company agreed to transfer with the other company. The original complaint included the acceptance of accept transfers from the other companies. H. H. Wilson, attorney for this last named company, argued to the commission that his client is a railroad organized under the general laws of the state and subject to the regulations of a railroad only. His company, he said, did not do a general street car business and it would be just as inconsistent for a passenger to ask the Burlington to give him a transfer on the street car line after riding down from Omaha or allow him to ride to Omaha on a street car transfer as it would be to allow a passenger to take a transfer from the street car line to the Burlington. When the line is built through to Omaha, he said, should the city's request be granted it would be possible for a person to pay 5 cents for a street car ticket, get his transfer and go clear to Omaha. City Attorney Stewart expressed the opinion that probably the Burlington was correct, but that he believed the Burlington should transfer in the city limits, and this part of the complaint was taken under consideration by the commission.

Mr. Stewart attempted to show the traction company could reduce its charges and still make a reasonable income on its investment. The present value of the plant, he said, was \$700,000 and its net income last year \$148,000. The preferred stock had paid a 5 per cent dividend from the organization of the company and the common stock had paid 5 per cent in 1903 and 1904, 6 per cent in 1905 and 4 per cent in 1906. The Burlington is now the largest company that has bought over the assumed between \$50,000 and \$50,000 taxes. Since then bonds have been issued to the amount of \$100,000. The present value, he said, based on its earnings at 6 per cent, would be between \$1,800,000 and \$2,000,000. Horace Wiggins, accountant, testified for the city, practically the same things mentioned in Mr. Stewart's statement. Mr. Scudder testified that he did not know the value of the company's property, but could tell what it would cost to reconstruct it or its value on a 6 per cent basis. His own stock, he said, he would not sell at any price.

Washington Files Passenger Schedule.
The Burlington railroad this afternoon filed with the State Railway commission its schedule of rates showing that in the future it will sell tickets over its entire line at 2 cents a mile. It is understood other lines will follow suit shortly.

New State Depositories.
Central City National bank and the Cornelia State bank were made state depositories today. The first named gave a surety bond for \$5,000 and received \$5,000 of state funds. The Cornelia state bank gave a personal bond for \$5,000 and received \$5,000. This bond is signed by H. A. Clarke, president, and George Cobel, cashier, and Henry Melcher, who qualifies for \$5,000, and Henry Nielson, who qualifies for \$4,000. The bonds were approved by Governor Sheldon, Attorney General Thompson and Secretary of State Junkin. These bonds will pay the 3 per cent interest demanded by Treasurer Brian.

Democrats Have Candidate.
Otto W. Meier of Lincoln is a candidate for the democratic nomination for supreme judge. Friends of this brave man tied his name with the secretary of state today and as the \$10 has been paid his candidacy is taken seriously. Mr. Meier was formerly in the office of the county treasurer and is well known in democratic circles in Lincoln.

Application to Reduce Rates.
President Scudder of the Lincoln Traction company asked the Railway commission this afternoon to grant permission to

OF OMAHA

Sherman & McConnell Drug Co., 16th and Dodge Sts., and The Owl Drug Co., 16th and Harney Sts., Omaha, the leading merchants of this city, have, at great expense to themselves and E. Burnham, the largest toilet goods manufacturer in the world, succeeded in securing the agency as well as a demonstrator from E. Burnham's celebrated beautifying parlors, to teach to the ladies of Omaha how to use E. Burnham's Toilet Requisites.

They are also giving away an illustrated booklet which teaches the ladies how to use these different preparations in the privacy of their homes with equally as good success as if they visited the celebrated parlors of E. Burnham in Chicago. This booklet, "How to be Beautiful," should be in the hands of every lady, and the ladies of Omaha should not miss the opportunity which is offered them through Sherman & McConnell Drug Co., 16th and Dodge Sts., and The Owl Drug Co., 16th and Harney Sts., how to remove wrinkles, crow's-feet, blackheads, pimples, moth patches, discolored and dark skin, through the use of these celebrated toilet requisites. E. Burnham's demonstrator will also give out two thousand samples of the different preparations commencing Monday morning July 16th, and at the same time will demonstrate privately on five or six ladies each morning while she is at Sherman & McConnell Drug Co., 16th and Dodge Sts. She will absolutely remove any of the above mentioned defects free of charge.

CHAMBERLAIN'S COLIC CHOLERA AND DIARRHOEA REMEDY.

This is unquestionably the most successful medicine in use for bowel complaints. It can always be depended upon, even in the most severe and dangerous cases. It is equally valuable for children, and is the means of saving the lives of many children each year. When reduced with water and sweetened it is pleasant to take. Price, 25 Cents; Large Size, 50 Cents.

the company to unite with the proprietors of Capitol Beach and sell half fare tickets and half fare admissions to the grounds for one week. Mr. Scudder explained the people were not availing themselves of this resort as they should, and therefore he desired to see if it was the price that kept them away. The commission has not yet decided the question.

Conference to Hear Case.
Rev. Mr. Ferguson of University place, who was charged with having failed to follow his own virtuous teachings and who was given a preliminary hearing on the charge has been turned over to the tender mercies of the next conference. The local committee which heard the case came to this decision this morning after an all-night session. Rev. Mr. Ferguson is now in custody in place, having gone there about a year ago from California, and he at once became popular because of his great eloquence and the power of his sermons.

Governor to Talk to Teachers.
Governor Sheldon is billed for speeches at the Junior normal schools as follows: Alliance, June 23; Broken Bow, 24; Kearney, 25; North Platte, 26; McCook, 28, August 2. The governor will speak at the Buchanan Turner meeting at Schuyler and at Fairmont August 10, Union August 24, and Bennett August 17.

Oil Inspector Reports.
State Oil Inspector Allen put \$24.2 in the treasury as a result of last month's work; kept out \$90 to pay expenses. The total receipts were \$1,739.70.

Welch Has Unique Experience.
NORFOLK, Neb., July 18.—(Special.)—Three times within a single year chosen as judge of the district court will be the peculiar fate of Judge A. A. Welch of Wayne, Neb. Judge Welch was early this year appointed as judge of the Ninth judicial district to succeed Judge J. F. Boyd, who resigned to take his seat in congress. The appointive term for which Judge Welch was named by Governor Sheldon terminates, according to law, "at the next election," so that on the first Tuesday after the first Monday in November Judge Welch's appointment will come to an end. But the regular term of the judge to be elected will not begin until next January, consequently a vacancy is left in the office between election day and January 1. A judge must be elected to fill this vacancy. Judge Welch will have no opposition for the republican nomination and democrats of the district are so ready to recognize his chance to be elected that it is probable no democrat can be induced to make the race against him.

Reader Out of the Race.
FREMONT, Neb., July 18.—(Special.)—Judge Reader of Columbus has announced that on account of his defective hearing he will not be a candidate for district judge on the republican ticket. This announcement may make some changes in the situation. John Martin of Central City is in the field. For the first time in years Dodge county has no aspirants for the post-office inspector. Brogan brought Albert Alexander of Uehling, Neb., before United States Commissioner Singhaus of this place yesterday charged with sending obscene matter through the mails. Alexander pleaded guilty and was bound over to the federal grand jury and placed under \$500 bonds. Alexander sent three postal cards through the mails to Rev. Mr. Nesbit of Uehling referring him to several verses of scripture.

Severe Storm at Sutherland.
SUTHERLAND, Neb., July 18.—(Special Telegram.)—A severe wind, hail and rain storm passed over this place early this evening and the ground was thoroughly soaked. No damage was done by the hail in this vicinity, but it is feared that considerable has been done in the north country where the storm was the heaviest.

Horse Market at Sutherland.
SUTHERLAND, Neb., July 18.—(Special.)—A horse market has been established and semi-monthly auction sales will be held, commencing Saturday, July 27. There are many breeders of high

grade horses in this vicinity and eastern horse buyers make this their headquarters during the season. Large and commodious yards have been built by a local company and the horse breeders of Lincoln and Keith counties are much pleased over the new project and have pledged their hearty support.

Three Inches of Rain at Auburn.
AUBURN, Neb., July 18.—(Special.)—This vicinity was visited with another big rain last night, accompanied with a strong shifting wind and terrific thunder and lightning. The wind weaved and twisted the corn pretty badly, but otherwise did little damage. The precipitation was almost three inches, and all the creeks are badly swollen, and it is feared that the Little Nemaha will go out of its banks and flood the bottoms, on which there are the finest crops for many years.

Nemaha Getting Down.
AUBURN, Neb., July 17.—(Special.)—The little Nemaha river, running north and

south of this city and which has been threatened to come out of its banks and do so to some extent in the extreme low places, in this morning in better condition than was expected, and it is now hoped that the crops on the bottom lands will be saved from its usual spring or summer overflow. The corn crop in Nemaha county was never in better shape than it now is, and the recent rains have been of great benefit to it as well as everything else. Unless there is more rain within the next day or two in this vicinity there is not now much danger of the river overflowing.

Limited Train Detailed.
PAPILLION, Neb., July 18.—(Special.)—The Los Angeles Limited, going east, was wrecked at the washout near Papillion this morning at 4 o'clock. The trucks of the diner left the rails. Had the train not been running very slowly there must have been a bad wreck. Some of the rails had to be replaced. The right-of-way is strewn with broken dishes and edibles.
