RALLY ON NORTHWEST REPORT

Rumors of Green Bug, Black Rust and Low Estimates Combine to Stir Up the Pit Some.

OMAHA, July 23, 1907. The market opened weak and hearish on lower foreign cables, but reports from the northwest, which were extremely bullish, claiming green bug and black rust and low crop estimates, caused a sharp raily. The Northwestern Miller reports black rust in western Canada and estimates 55 per cent of last year's crop.

last year's crop. Wheat opened weak and sluggish owing surprisingly low foreign cables. No seat was pressing at the start and the low dwar short on the break. Later retries of black rust from the northwest arted the market up and prices answered arply to some strong bull buying. Septimber option opened at 84%c and closed at

CHICAGO, July 21.—Conflicting reports concerning the condition of the spring sown wheat crop kept the local market in a nervous condition today, but the close was weak on denials of damage by black rust. Final quotations on the September felivery showed a net loss of \$450. Corn was up \$40. Co as were \$40 lower. Provisions were \$25 to 100 higher.

The wheat market opened weak because of the continued favorable weather in the northwest and because of a decline at Liverpool. The market however soon receivered on buying by commission houses, based on fresh reports of damage by black rust in Dakota. The market was also strengthened by the statistical news. Frimary receipts today were less than one-half of what they were on the corresponding day last year and Bradstreat's statement of the world's visible supply showed a decrease of 5,500,000 bu, against an intrease of 2,003,000 bu. for the same week last year. The market weakened late in the tession because of reports from Minneapolis, that the claims of damage by black rust in parket closed.

tng, but closed steadler. Americans started steadily, but the interest duel out before noon and prices gradually dropped below parity under the lead of Canadian Pacific and Union Pacific. Then the New York opening caused a temporary steadiness, especially in United States Steel, but the buying soon subsided and the market closed dull. Foreigners and Kaffirs were lifeless, Japanese imperial is of 1904 closed at 1004. Copper shares were easy.

PARIS, July 21—Trading on the Bourse today was dull and prices ruled lower. Russian imperial 4s were not quoted. Russian londs of 1904 closed at 501.

BERLIN, July 22—Trading on the Bourse today was depressed and Americans weakened upon New York advices.

Wool Market.

BOSTON, July 23.—WOOL—Trading in the wool market is less excessive than last year. Many heavy desires have withdrawn, while buyers are more disposed to hold off until supplies are larger and the general situation is more clearly defined. Most of the prominent influences at present are of a strengthening character and the demand seems to be running more than ever to fine wools, which are not over plentiful. The season will go on record as one of the shortest in history. The market for for-state wool is still Outstitus on weather. wools, which are not over plentiful. the middle of May. Unfortunately the arrivals consisted too much of one kind, the bulk of the receipts being made up of wethers, with only one bunch of yearlings, a bunch of lambs and no rat ewes to speak of.
Conditions were rather against the selling interests. Eastern markets have been none too good, while prices at this point have been very high. Under such conditions, it was not surprising that buyers were rather bearish in their views and that the market turned out to be slow to 10c lower.

Pretty good Oregon yearlings sold as high as \$6.00, about the same kind having sold here four weeks ago at \$6.15. A string of good western wethers brought \$5.65, with breeding ewes at \$5.55. There were a few lambs good enough to bring \$7.5.
