#### OMAHA WINS FROM TEDDYS

Both Sides Make More Errors Than Are Necessary.

DENVER OVERLOOKS ITS CHANCES

Weich Makes a Home Run Just to Show He Can Hit a Left-Handed Pitcher, but Autrey and Belden Fail to Land.

DENVER, July, 23.-Denver missed sevral bright opportunities in today's game, while Omaha took advantage of all that came her way. Many close decisions were thrown on the umpire and the home fans refused to agree with him on many of them. Captain Wheeler of the Denvers made frequent trips to the plate to expostulate wofth Mr. Brennan and White even jostled him a little. These little episodes were unnecessary, for Brennan's decisions were correct an dthe demonstration against him after the game was gratuitous. Kineally's error in the second, Zalusky's bad throw in the fourth and Wheeler's neglect to run in on Franck's error in the third were the failures on the part of the locals. The two errors gave Omaha two runs and the fall down kept Denver from making one it badly needed. Welch's home run in the seventh inning tied the score and the winning run came in the eighth on Austin's single and Graham's two-bagger. Score:

In the eighth innings of games four runs have been scored, which is the poorest inning he has had. His average of runless innings is .83, so that it can be seen what he has accomplished.

Brown on the rubber and Leifield opposing. June 37, when the Pirates won the game in the first inning by scoring three times, only one run has been scored off the miner. That was by Cincinnatt, July 3, in the second inning. So that he has pitched forty-three innings with only one run charged against him. Allowing the one inning that Pittsburg scored, he has pitched fitty-six innings with only two runs counting. Going back farther, when New York scored in the fourth, only three runs have been scored against him in sixty-eight innings. During the opening of the season Brown allowed only one run in the first twenty-three innings he pitched. That was scored by Pittsburg in the opening game of the season, when Pittsburg defeated him, I to 0. He shut out Cincinnati the second game and then prevented Brooklyn from scoring for five innings.

The hardest he has been hit was by Cincinnati, May 29, and by Boston, June 17, each team getting nine hits. His best game was against Pittsburg, April 18, when he held the Pirates to two hits, but lost the game, I to 0. Four runs have been scored against him twice, Brooklyn, May 8, and New York, May 21. He has four shutouts credited to his record, blanking Cincinnati, April 25; St. Louis, June 21; Brooklyn, July 8, and Philadelphia, July 12.

Pittsburg has done the best work against Brown, winning the only two games he has lost, Leifield being opposed to Brown both times. The Pirates scored ten of the twenty-nine runs, so that the two teams closest to Chicago in the race have scored.

FORT RILEY JUNIORS DEFEATED Army Polo Team Loses to Bryn Mawr

Former Omahan Ranks with the World's Best Pitchers.

Mordecal Brown, the "three-fingered" twirler of the Chicago National league base ball champions, is regarded as one of the greatest pitchers in the history of base ball. The record of his work thus far this season shows some remarkable facts.

Only twenty-nine runs have been scored against "the miner" in 148 innings. He has won thirteen games and lost two. He took the place of pitchers in four other games, so that he has worked in nineteen games. In these nineteen games, or, to be exact, 148 innings, 116 hits were made off his delivery, an average of 74 per inning. Runs twenty-nine, or an average of 14.

During the 148 innings, he has prevented his opponents in scoring in 128 of them, so that only in twenty innings has he been scored on.

In the eighth innings of games four runs in the complete score indicates that today's game was decidedly one-sided, the play was far the best that has been seen so far in the tournament. The army officers fought harder and played better polo the longer the game progressed. They threatened lite opponents in scoring in 128 of them, so that only in twenty innings has he been scored on.

In the eighth innings of games four runs are proposed to the four standard the Foot Ruley Unions of the fill, july 23.—The Bryn Mawr julinos four principle of the fill of the factor of the factor of the fill o by Decisive Score.
