The Fight Between Factions of the Missouri Brewery Workers' Association Is Taken Into Court.

DULUTH, Minn., July 26.—The Foyal and the Adams and Spruce mines at Eveleth, two of the largest properties on the range, will resume Monday and the men who want to return to work may do so then.

A large mass meeting of citizens was held at Eveleth last night. Resolutions were adopted condemning the Western Federation of Miners and demanding that the strikers be allowed to return to the mines. Strike leader Petrella left Hibbling today for Eveleth and Acting President Mahoney and Acting Secretary Kirwan of the Western Federation of Miners were also expected here today from Denver. The chief of police of Eveleth said today that the strikers are being allowed to make street speeches or hold street meetings. At Chisholm today 300 foreigners, who have been idle all week, went under the guard to the Monroe Tanager and Glen locations to go to work. There was no disorder.

Larger Crews Employed.

At Hibbling all was quiet and matters are progressing satisfactorily. On all stripping work larger crews were employed today. The federation purchased a store at Hibbling yesterday and is running it for the benefit of the strikers. They tried, unsuccessfully to purchase goods from the traveling salesman from Duluth. They were unable even to buy cigars.

Petrella went to the Stevenson mine yesterday and organized about 100 Italians but immediately after he left some of the prominent Italians of Hibbling would some of his work. They explained conditions more fully to the men who were ignorant of what they were doing and almost to a man they deserted the federation. There was a report at Hibbling today that some men had been frightened away from the Monroe Tanager dump and Deputy Sheriff Magie left to investigate. It is said big socialistic picnics will be held both at Hibbling and Evelette Sunday morning.

ST. LOUIS, Mo., July 26.—Suit was filed in the circuit court today, asking the appointment of a receiver for the Brewery Workers' association of Missouri. The plaintiffs are John Bockel, John Monhart and Jacob Busas, who sue for themselves and such other members of the Beer Drivers' union No. 43 as may choose to join with them. The receivership is asked for to settle rival claims on property valued at \$30,000.

RESTORES RIGHTS TO WIFE

English Divorce Court Finds Allowance to Custodial Wife Insufficient.

LONDON, July 26.—The divorce court today handed down a decree granting Lady Bagot of Bagely, formerly Miss Lillian May of Baltimore, the restoration of her rights as a wife. Lord Bagot was sued on the ground that his allowance of \$4,000 to his wife was not sufficient for her maintenance and that of her baby daughter, Barbara. He left his wife soon after the christening of the child. It is understood that Lord Bagot, before his marriage, signed an agreement that all the children born of the union should be brought up in the Roman Catholic faith, but English jurists held that such a contract was not binding. Counsel for Lord Bagot announced today that the defendant did not propose to resist the claim. In the event of Lord Bagot not obeying the decree of the court, Lady Bagot will be in a position to sue for divorce on the ground of desertion.

Judge Lyon Holds Ticket Agents Should Be Punished for Violating Law.

ASHEVILLE, N. C., July 26.—Assistant United States Attorney General Sanford spent part of today in conference with railroad officials and with Judge Pritchard. He was expected to leave this afternoon. He will report to Washington that his effort to restore peace was fruitless. Judge Lyon of the superior court is holding the grand jury in session at Marion and it is stated it has reported a true bill against the ticket agents at Marion. Several superior court judges have ignored the subject of a conflict between the federal and state courts and Judge Moore advised against further indictments of ticket agents. Judge Lyon, however, declared the ticket agents were violating a criminal statute and should be indicted like a "pig or horse thief."

New York's Police Commissioner Intends to Have His Men Well Behaved.

NEW YORK, July 26.—General Bingham who, since his appointment as police commissioner of Greater New York, has instituted many reforms, gave the police force yesterday through fifty policemen who were taken to the trial room, instructions in civility. He said: "The minute a citizen addresses a member of a police department he should stand at attention. If it is that lady you have known for years, you should stand at attention. Answer all questions briefly, using no unnecessary words. The rest of you fellows pass that along. There have been too many complaints about civility in policemen."

Japanese Will Use Loan as it First Was Intended.

ADMIRAL IJUN GIVES INTERVIEW

His Country Interested in Greatness of Asiatic Race, but Has No Intentions in the Chinese Empire.

PARIS, July 26.—General Biss publishes today an interview with Vice Admiral Ijun, commander of the Japanese squadron, at Brest on the Japanese navy. Japan had not decided, in his opinion, to enlarge its navy for naval construction, the vice admiral said. "We have a naval program for several years ahead and we shall execute it punctually and rigorously, as do the great nations of Europe. But this program has not been enlarged of recent months, and it stands as it did when originated by the admiralty last year."

Continuing, the admiral said it was incorrect to declare that the Japanese loan would be used for the increase of naval power and explained that this money would be devoted to the construction of railroads and other communication in Manchuria. "We are satisfied with the navy," Vice Admiral Ijun went on, "and we believe this branch will be able to cope with all eventualities. The Japanese navy is not refusing anything for national defense, holds us rigorously to the naval appropriations and these we never exceed. We are to build three warships of the type of the Tsukuba, but more powerful, and they are to be constructed in Japanese yards from material furnished by Japanese companies. The Japanese navy has no intention on the part of the Japanese to build warships for China. We are interested in all things concerning the grandeur and power of the Asiatic race," he said, "but up to the present time we have not had to concern ourselves with the Chinese navy. China is invited to us and it is not yet seriously interested in the reorganization of its navy."
