CHOICE

It is very seldom that good outside space in a well appointed office building is available. At the present time we have a beautiful suith of two rooms on the fifth floor, with ast and south light, a large vault, which makes this a most desirable space during either summer or winter.

Everybody in choosing the sentral, close to the flee building; is a central, close to the city hall and chunty court house. There are several hundred people who spend more time here than in their homes and any one of them will testify as to the care they receive here.
