BALD HEADS MUST GO

BALD SPOTS, FALLING HAIR AND DANDRUFF POSITIVELY CURED BY

BURNHAM'S HAIR AND SCALP TONIC

Chicago, July 24, 1995

MR E BITRNHAM—

Dear Sir:—After having used your Hair Grower for about six months I can truthfully say it is the most wonderful hair tonic I know of it has stopped the falling out and the haid spot is entirely covered with a thick natural growth. I am more than pleased with the results. A physician friend who examined my head, said hair could not be restored on the baid spot and the enclosed photo shows that it can be and was restored by your Hair Grower. My hair measures 45 inches and it still growing, has a rich healthy color and is admired by all who see it.

Am recommending your tonic to all who see it.
in recommending your tonic to all
v friends and acquaintances, and I
icerely wish you the success you
d your wonderful discovery deserve.

Muss 6. Cerauford

117 Bay State Building

P. B.—You are at liberty to use my
letters and photos in any way you see fit.

We have the original photos of this lady showing the bald spot the same as reproduced here, which may be seen at all first class dealers handling our goods. This hald spot is now covered with a growth of hair. Photographs show facts and are positive proof of what Burnham's Hair and Scalp Tonic has done for her. Read what she says again: P OR thirty years we have spent time and money and employed the best and most skilled chemist in the United States perfecting BURNHAM'S HAIR SCALP TONIC. Today we have thousands who will testify to its merits. We have photos of this lady showing the bald spot, the same as reproduced here. The bald spot is now covered with a thick growth of hair. Photographs show facts and are positive proof of what Burnham's Hair and Scalp Tonic has done for her.

Board Changes Work of Assessors in a Number of Counties.

ROADS ATTACK REVENUE LAW

Insist the Assessment of Real Estate Only Once in Four Years is Not Complying with the Con-

stitution. (From a Staff Correspondent.) LINCOLN, July 39 .- (Special.) -- With Governor Sheldon absent the State Board of Equalization met today and fixed the value of horses, cattle, mules and hogs, by increasing by per cent a number of countles.

Nothing was done regarding the assessment of Lancaster county in any particular, but it is the sense of the board that it will be increased at least 30 per cent, to make up for the cut of the county board. The state board did not want to pass upon this matter nor the demands of the rallroads until the return of Governor Sheldon, who is to be here tomorrow. The following tables abow the number, the value as returned to the state board by the county assessors and the increase made by the board in the assessment of mules, cattle, horses

Besides attacking the constitutionality of to requiring the assessment of real estate every four years, Edson Rich, representing the Union Pacific raffrond, this norning asked the board to make a record its answer to his demand that the value of real estate be equalized with the value of other property in the state. The board promised to make a formal answer toporrow or to take some action on his denand, Mr. Rich is making a record so hat, if deemed advisible, the Union Pacific may go into court to fight its taxes on the present value as fixed by the board. He wants the value of real estate increased or the value of railroad property decreased. The Burlington railroad is working with the Union Pacific in this case and the record which applies to one will apply to both. Attorney Deweese appeared for the Buritagton, while A. W. Scribner and R. J. Clancy came down with Mr. Rich. The railroad attorneys contend that unless real estate is assessed each year it will not bear its equal share of taxes as required by the constitution. Mr. Rich also insists that real estate is this year, assessed on a basis of only about 50 per cent of its actual value.

Secretary Bennett was put on the stand and testified that the board had not increased the value of real estate since 1904 and from the board's records, Mr. Rich assessed at an average value of \$6.67 an acre in 1904 and unimproved at an average at \$1.36 an acre. In 1905 the improved real estate was assessed at \$6.59 an acre and the nimproved at \$1.19 an acre. In 1904 there were 12,424,790 acres of unimproved lands assessed at a total of \$17,900,748 and there

A SCIENTIFIC PREAKFAST Essily Prepared.

Rightly selected food will alone cure nany diseases.

Try a scientific and healthy breakfast:--Fruit of some kind, preferably cooked; a dish of Grape-Nuts with cream; two soft-boiled eggs; (Put two eggs in a tin pint cup of boiling water, cover and set off for nine minutes. Whites will then be the consistency of cream and most easily digested) silce of trict.

Tepublican candidate for judge of the Fourth publican candidate for judge of the Fourth district; R. C. Orr of McCook, republican will be out again in a short time.

Butts is a very quarrelsome person and has made trouble for nearly every person candidate for judge of the Fourth has made trouble for nearly every person usual game, being short their two pitchers. cream and most easily digested) slice of trict. hard crisp toast, cup of Postum Food

On that breakfast you can work like a horse and be perfectly nourished until con. Your nervous troubles, heart paipitation, stomach and bowel troubles, kidney complaints and various other disorders will gradually disappear and firm olid health will set in.

Why? You have probably been living n poorly selected food, that is, food that ioes not contain the required elements the body needs. That sort of food, and coffee, is the direct or indirect cause of more than half the ills the human body acquires.

Grape-Nuts is a perfectly cooked food and both that and the Postum Food Coffee contains fine microscopic particles of osphate of potash obtained in a natiral way from the grains of the field and by scientific food experts incorporated into food and drink. That element joins with the albumen in food to make gray matter, which is the filling of the brain cells and the nerve centers throughout

the human body. A man or woman thus fed is scientifically fed and rapidly grows in vigor and itality, and becomes capable of conducting successfully the affairs of life. To produce a perfect body and a moneymaking brain, the body must have the right kind of food and the expert foodspecialist knows how to make it. That is Grape-Nuts and Postum Food Coffee, produced at the pure food factories of the Postum Co., at Battle Creek, Mich., Read "The Road to Wellvilla," in page. "There's & Reason"

YOUR LAST OPPORTUR

HIS is the last week that a bonus of free transportation will be given with each share of Omaha and Nebraska-Central Railway stock purchased. This transportation is transferable, so it does not matter whether you live one mile or a thousand miles from the line, you can use it or sell it for cash, thereby getting back part of the money you now pay for your stock.

With each share of stock you buy this week you get FIVE DOLLARS worth of transportation. The price of the stock is \$26 per share, therefore your stock will virtually cost you but \$21 per share (par value \$100.00).

established this week. A telegram has been received stating that they will arrive this week and push the work with all energy. This means that our stock will go to \$27 per share within a very few days.

TWENTY-SIX DOLLARS PER SHARE THIS WEEK with FIVE DOLLARS worth of transportation with each share.

In a few days TWENTY-SEVEN DOLLARS per share with no transportation. WHICH WOULD YOU PREFER? Don't be skeptical and hesitate as many have done. Some have said: "O, I will wait a while", and while they have been waiting they have watched this stock advance in price. Some will wait until this stock is \$30 per share. Don't you do this, as it will mean a loss of \$5 per share to you.

Invest now and get the cream yourself. Anyone who knows Nebraska and what the Electric Roads are doing in the east and west and south, will know that this stock will continue to advance.
