Windup of Frontier Festivities.

CHEYENNE, Wyo., July 30 .- (Special.)-The streets of this city resemble the trail of a tornado, so littered are they with debris. The final scene of the wild west carnival was a raid by the cowboys on the booths lining the thoroughfares in the business district and when the wild crowd had passed not one of the frail structures was standing. Lunch stands taken by storm contained large quantities of ammunition in the form of doughnuts and rolls, and these were utilized in a bombardment which temporarily disfigured the fronts of bustness structures. Estimates of the amount of money left in the city by the Frontier crowds range from \$300,000 to \$500,000
