## COUNTRIES CLOSER THAN EVER

### Meeting at Swinemunde Taken to Have Bearing Merely on the Russo-British Agreement.

SWINEMUNDE, Prussia, Aug. 5.—Emperor William went on board the Russian imperial yacht Standard today and took Emperor Nicholas with him on board German battleship Deutschland, the flagship of Prince Henry of Prussia, which, after holding the flag of a grand admiral and both imperial standards, stood out to sea, followed by thirty warships, battle-ships and cruisers, to take part in a series of maneuvers.

The fleet returned to the roadstead in the afternoon. Prince Henry had luncheon with the two emperors. Subsequently, Emperor Nicholas accompanied Emperor William back to the Standard. As the warships cheered the Russian sovereign, the bands played the Russian national anthem and the ships fired salutes.

## BIG SALARY FOR DAHLMAN

### Proposes to Run for Governor, but Wants Ten Thousand Per Year.

## NEED THAT MUCH TO BE HONEST

### McVann Thinks State Has a Governor Now Who is Honest and Giving Good Service for Present Salary.

(from a Staff Correspondent.)

WASHINGTON, Aug. 5.—(Special Telegram.)—The Nebraska colony in Washington was extremely interested in a special dispatch from Omaha, printed in the Post this morning, announcing that Mayor James C. Dahlman, democratic national committeeman from Nebraska, would be a democratic candidate for governor of the Pacific state next year, and that Mr. Bryan would be a candidate for the democratic nomination of his party for the presidency. The dispatch further goes on to tell how Mr. Dahlman and Mr. Bryan have entered into a hard and fast compact to support one another for the offices which they seek. But that portion of the dispatch which caused most attention is as follows:

"The greatest need of the state is a governor who can be honest and fearless," says Mayor Dahlman. "On a salary of \$2,500 a year the office is purely honorary. Unless the governor is the best man available, I don't see how he can be expected to do his duty, and since it is impossible on the present salary for a governor to support the dignity of his office, I shall, in appealing for votes, tell the people that I want \$10,000 a year."

There are only three states in the United States where the governors are paid a salary of \$10,000 a year—New York, New Jersey and Pennsylvania. Vermont and Oregon pay the smallest salaries, \$5,500 a year.

### Must Try Twice.

Auditor Andrews of the Treasury department said in commenting on the statement of Mayor Dahlman that if his remarks were properly quoted they amounted in reality to the assertion that if elected governor he could not be honest unless given a salary of \$10,000 per year.

"In order to change the salary of the governor of Nebraska," said Mr. Andrews, "it would be necessary to amend the constitution of the state. The legislature, which would be charged with the proposition of raising the governor's salary, will be chosen in 1908 and assemble the following January. The mode provided for an amendment to the constitution is well known; the legislature by bill or joint resolution proposing a change desired and which must be submitted to popular vote.

"It will therefore be seen that if Mayor Dahlman should by any possibility be elected governor of the great commonwealth of Nebraska he would have to secure a re-election as governor to enjoy the raise in salary which he so earnestly advocates and which will make his battle cry in the campaign of 1908."

### Complaints on Rates.

The Peconic mercantile company of Peconic, Tex., has filed complaint of discrimination in rates against practically all the leading railroads of the middle west. The complaint is a corporation engaged as a wholesaler dealer and makes a considerable amount of its annual purchases in Omaha. The Interstate Commerce commission is not in receipt of a complaint by the S. H. Waaber company of Atchison, Kan., against the Union Pacific, claiming it bargained in buying grain in Nebraska and Kansas and in the sale of grain in the various states of the country and owns and operates a terminal grain elevator located upon ground owned by the Union Pacific and because of an alleged breach of contract the Waaber company asks damages in the sum of \$4,000.

### Improvements at Military Posts.

The acting secretary of war has approved various proposed improvements at military posts throughout the west. At old Fort Omaha there is to be erected a balloon house and gas plant.

Fort Robinson, Wyo., is to be made a residential post with the capacity of maintaining a regiment of cavalry with buildings to accommodate them.

At Fort Meade, S. D., barracks are to be erected for the band, and an administration building and riding hall.

Fort Crook there will be no improvements other than the erection of a wagon shed.

William L. Yetter of Omaha passed through Washington today enroute to New York.

## CONTEST BELIEVED LIKELY

### Neither Yardman or Williams is Satisfied with Close Vote in Mississippi.

MEMPHIS, Tenn., Aug. 5.—The Commercial Appeal today says:

"That there will be a contest no matter which way the constituents of Mississippi vote is the information that reliable sources in Mississippi have received. Friends of both candidates are not satisfied with the closeness of the vote and the total vote cast.

Revised figures have reduced Congressman John Sharp Williams' lead by 763 votes and this may be reduced still further when complete corrected returns are received from several other counties.

## Taft Will Drop Lincoln

### Secretary of War and Capital City Cannot Agree on Date for Speech.

WASHINGTON, Aug. 5.—Because of the inability of the authorities at Lincoln, Neb., to advance the date of the fair to August 2 to meet Secretary Taft's other engagements he will not stop at Lincoln on his way to Denver, as originally contemplated, and will speak in Denver on the 28th inst., instead of the 30th. The advance to the Denver date will enable the secretary to devote another day to his projected visit to Yellowstone park on his way to Seattle to embark for Manila.

## Denunciation for Rothchild.

PARKS, Aug. 5.—Baron Edouard D. Rothchild of the firm of De Rothchild & Feres, bankers of this city, has been decorated with the cross of the Legation of honor.

## TRAINS ARE LITTLE DELAYED

### Trainmen's Strike on Colorado & Southern Road Has Made Little Progress.

DENVER, Aug. 5.—Despite the strike of 30 switchmen, brakemen and flagmen, passenger trains are running today as usual on all divisions of the Colorado & Southern railroad. The fast freight from Texas arrived last night practically on time and today two freight trains were run to Greeley, Colo.

In a statement issued today, replying to the claims made by Grand Master P. H. Morrissey, A. D. Parker, vice president of the Colorado & Southern railroad contends that the Brotherhood of Railway Trainmen has violated its agreement with the Colorado & Southern and further says that the statement of the strikers that arbitration was suggested by them before the strike is untrue. He declares that he was given no alternative except a direct answer to a question as to whether he would or would not increase the wages of the switchmen.

WASHINGTON, D. C., Aug. 5.—Commissioner Nell of the bureau of labor, acting for himself and Chairman Knapp of the Interstate Commerce commission, they having been requested by officers of the Colorado & Southern railroad to serve as mediators between the company and strikers, today adopted appropriate resolutions for all of the facts concerning the dispute between the railroad officials and the men.

Until this information arrives Mr. Nell is not certain what action will be taken. Under the law the commissioner of labor and the chairman of the Interstate Commerce commission are compelled to give their service to the settlement of a railroad strike, when requested by either of the parties to the dispute.

## FAVOR GOVERNMENT CONTROL

### Majority of Cattle Growers Are in Favor of Public Regulation of Lands.

DENVER, Aug. 5.—(Special.)—At the annual meeting of the National Live Stock association held here in January a resolution was unanimously adopted approving the closing of the national administration to classify and put the grazing and unoccupied public lands under the control of the Department of Agriculture for grazing purposes under some system of lease or grazing permit.

"To ascertain the views of those users of the public lands who were not present at our meeting this association sent out during the month of May a large number of blanks to stockmen throughout the west requesting answers to the following questions:

"Do you favor some form of government control of the public lands under regulations that will fit the local conditions of your district? If not what plan would you suggest?"

"What arrangements will be best suited to your section, an absolute lease with the closing of the public lands with proper protection? Are you familiar with the forest reserve and do you approve it? If not, what are its objections and what would you suggest?"

So far replies have been received from 93 cattle and sheep raisers who use the public lands, and of this number 796 favor government control of the grazing lands and approval of the forest reserve policy, and 177 oppose government control, and the majority of the said 177 also condemn the forest reserve policy of the government.

## CONTINUE FIGHT ON GRAFT

### General Movement Along Line of Cases in San Francisco Courts.

SAN FRANCISCO, Aug. 5.—A general movement along the line of graft cases will be made today. It will extend from the session of the grand jury, which is accumulating evidence against the officials of the telephone company to the state supreme court, where the champions of Mayor E. R. Taylor are fighting to establish their right to appointing power. The task of unseating a jury to try Theodore V. Halsey, outside agent of the Pacific States Telephone company, on a charge of bribery, will be resumed before Superior Judge Dunne, while Emile M. Zimmer, the vice president of the corporation, will appear in the police court for arraignment on a charge of misdemeanor in refusing to testify at the trial of Louis Glass.

The justices of the supreme court will meet today in regular session and will take up the application of Harry McKannan, Mayor Taylor's private secretary, for appointment as acting Auditor of the city. Horton to sign his salary demand. McKannan's petition is a short cut toward settling the question of the validity of Taylor's tenure, passed upon by the highest state court.

The case of Louis Glass, vice president of the telephone company, was set for trial Wednesday, subject to possible continuance.

## TEAMSTERS MAKE BIG GAINS

### Convention at Boston Reveals Membership Losses Than Before Secession Begins.

BOSTON, Aug. 5.—The fourth annual convention of the Teamsters' International union, which opened here today, had more delegates in attendance than any previous year.

The annual report of the international secretary-treasurer, Thomas L. Hughes of Chicago, showed that, despite the secession of a year ago, the union had increased its membership materially.

His report also stated that greater gains were made toward the betterment of the conditions of the past twelve months than in the five years preceding.

The chief interest among the delegates centered in the fight for re-election of President Cornelius P. Shea, who was opposed by John E. Tobin, president of the Boston council.

## HAYWOOD BACK AT HIS DESK

### Expects to Take Up His Work Where He Left It When Arrested.

DENVER, Aug. 5.—William D. Haywood, secretary-treasurer of the Western Federation of Miners, was at his desk in the headquarters of the federation this morning. The constant stream of visitors congratulated him on his acquittal at Boise. Mr. Haywood expressed his pleasure at his reception in this city on his arrival last night, and spoke enthusiastically of the demonstration at Colorado Springs and other points along the road.

Secretary Haywood looks well, although he says he is thirty pounds lighter than he was when arrested. He expects to remain in Denver for some time and as soon as possible will take up the thread of his work where he dropped it.

## FORUM OF LOCAL POLITICS

### McDonald's Failure to File is Thunderbolt to Democrats.

## HOPES OF SPLIT ARE FADING

### Bridges Now Wishes He Had Turned Deaf Ear to the Siren Voice—Judgeship State is Too Late.

The eleventh hour decision of Sheriff McDonald not to enter the race for re-nomination at the primary election September 2, has given an abrupt change of front to democratic hopes and aspirations.

On the assumption that of course McDonald would file his candidacy Lee Bridges permitted the use of his name and filed for the democratic nomination for sheriff. Now Mr. Bridges is said to have expressed the wish he had acted on his first impulse and refused positively to stand for the selection. It was given to him by the crowd of his supporters, the sheriff, power, Tracy and Drexel for four, had turned it down and when it was put up to the city councilman he shied, but wise heads shook and he was persuaded to believe it would be a good thing.

As good a democratic politician as Lee Herdman who is not now, he says, actively in politics—thought that if there was any office for which the democrats had a chance they were sheriff and county treasurer. But Mr. Herdman, like a good many others, figured that McDonald would run and thus confuse the contest among the republicans, causing a three cornered fight such as was precipitated last year. And on this basis Bridges was induced to accept the nomination, albeit he did not file until the last moment, giving himself plenty of time, he thought, to be sure that McDonald would file. But McDonald held out longer than did the democratic candidate with the latter finds himself the unwilling target.

G. Fred Elmsasser's democratic friends propose to exhaust their resources in his behalf. The nationality plea will be worked for all it is worth. This is the lead card of the better forces and it is loses they admit their man is gone. It is only on such slimy possibilities that they permit themselves to entertain any hope whatever of success.

As to any other office outside of the treasury no conservative democrat can be found who will venture an assertion that his crowd has a ghost of a show at the coming election. As to the district judgeship, what faint hopes were being nurtured have gone glimmering. The slate that was cooked up was not filed in time, that it is free-for-all as far as the untried are concerned, Deputy County Attorney Magney, democratic, says that he meant to retire from the fray even if his candidacy had been filed. Magney is given credit for being a man of sound judgment and he did not see the use of placing himself on the fringe line merely to satisfy the ambitions of certain politicians and in the end be shot down with the rest of the Jackson-Dahlman combine.

Meanwhile Mayor Jim is not deriving great joys of joy and satisfaction out of the way things have gone. He had planned and his friends had hoped that the contest might come results that would contribute to the upbuilding of the Dahlman machine and give the mayor's second term some substantial impetus, but already, even before the fight is over, the politicians are pointing to the task of rehabilitating their force by future events entirely and this lends no enchantment whatever to the pleasure of being a democratic politician in Omaha and Douglas county.

## MAY NOT GET ON THE TICKET

### Secretary of State Junkin Has Practically Decided So.

(From a Staff Correspondent.)

LINCOLN, Aug. 5.—(Special Telegram.)—The names of Clark O'Hanlon, W. C. Lambert and George Magney may not get on the primary ballot as candidates for district judges of the Fourth district. The names of the four candidates were not received at the office of the secretary of state Saturday. The men desired to go on the ballot as democratic candidates.

Andy Gallagher of Omaha telephoned Saturday to Secretary Junkin that he had intended filing his petition, but had missed the train. He was advised to mail the names and petitions and the secretary would pass on the question later. Mr. Junkin is of the opinion the names should have been here Saturday and he has about made up his mind to refuse the request of the Omaha democrats. He will consult with the attorney general before giving out a definite decision.

## ARCHBOLD CALLS IT UNFAIR

### Vice President of Standard Oil Company Says They Were Slighted.

NEW YORK, Aug. 5.—John D. Archbold, vice president of the Standard Oil company, made a statement today in which he declared the company was not given an opportunity to be heard or submit data in the preparation of the report prepared by Commissioner of Corporations Herbert S. Smith and made public.

Mr. Archbold's statement follows: "On Saturday, August 3, Judge Landis announced his decision.

"On Monday, August 5, Commissioner Smith announced to the public this remarkable report of Mr. Smith marks another coincident in the utterances of the different departments of the government in their attacks on us that have occurred so frequently as to rob them of any appearance of being accidental in connection with its publication it may not be surprising to the public that they act creating the bureau of corporations provides that such reports shall be made public.

"It is sufficient now for me to say that in the preparation of his report Mr. Smith did not see fit to even confer with us. We think the public will agree that we are at least entitled to be heard in a hearing of Mr. Smith has been refused to confer with us and we would have readily furnished him the data for a truthful statement of the facts on this question.

## GRAND JURY ON ALTON CASE

### Subpoenas Will Soon Be Issued for Witnesses in Rebate Investigation.

CHICAGO, Aug. 5.—Preparations for the investigation by the federal grand jury of the charges against the Chicago & Alton in connection with the granting of rebates to the Standard Oil company of Indiana were commenced today. Subpoenas will be issued tomorrow for the witnesses, the first of whom will testify on August 14.

## MAY BREAK SNELL'S WILL

### Eccentric Colonel Sought to Tie Up Property for Many Years.

BLOOMINGTON, Ill., Aug. 5.—The probating of the will of Colonel Thomas Snell is causing lively interest in central Illinois and northern Iowa, where he had investments and property valued at approximately \$500,000.

Of five children, only one son, Richard Snell of Clinton, Ill., is living. Yet Colonel Snell cut off this only son entirely in fact, the entire estate is put in trust and is not to be distributed until twenty years after the death of the youngest heir. The youngest daughter of Mrs. William V. Dinmore of San Jose, Cal., is the youngest heir-at-law, and should she live until 70 years of age the estate will remain in trust for twenty years longer than that, or ninety years.

It is estimated that if the intentions of the testator are carried out to the letter and the estate not divided for seventy-five or 100 years, it will amount close to \$1,000,000.00. The heirs-at-law will attempt to show that the eccentricity of the testator incapacitated him from making an equitable distribution of his property, and they will seek to have the will set aside. In this they will be strongly aided by the known mental and physical failings of Colonel Thomas Snell. Shrewd, clear and grasping by nature, he was at times fanciful and flighty.

In war times he proposed the sacking and burning of Louisville because some of the residents refused to quarter the union troops in their households. For this he was put in jail by General Boyle. Colonel Snell made his big money building railroads, starting with the Illinois Central when it was first projected south from Freeport. He built 800 miles of that road and afterward 150 miles of a number of other roads. Later he turned his attention to manufacturing, banking and landed investments.

## TELEGRAPH SERVICE DELAYED

### Western Union Building in New York Threatened by Fire—Almost Panicked.

NEW YORK, Aug. 5.—Fire in a paint shop this afternoon seriously threatened the Mail and Express building and Western Union building. Soon after the fire started the Western Union ordered its employees on the upper floors to descend to the lower floors.

The fire started in a five-story building, occupied by F. O. Pierce Paint company, and spread rapidly through that building. The offices of the Associated Press are on the same floor as the headquarters of Superintendent Mulford—in the front of the building on the Broadway side. There was an explosion of materials in the paint shop which gave the fire great headway and added to the alarm of persons in the nearby buildings. There was great excitement in the upper floors of the Western Union building, where more than 1,000 persons are employed, many of them young women, but they all left the building in an orderly manner. Firemen, in order to fight the flames, were obliged to destroy six large Western Union cables. The interruption to the Western Union cables cut the gold and stock ticket service out of commission.

A ten-foot fire separated the building from which the fire originated from the annex of the Western Union building. As the fire swept through the rear of the paint store it swept up this court, which acted as a natural bay, and licked in the windows facing upon it. All of the employees of the seven-story State Senator Hening building contiguous to the fire were disembled and hundreds of hatless girls congregated on the sidewalks, many of them hysterical.

The fire was brought under control at 2:05 o'clock, although the flames were still burning on the lower floors of the building.

South Dakota Body Will Soon Consider Bills Submitted by Corporations.

SIoux FALLS, S. D., Aug. 5.—(Special.)—More than usual interest attaches to the regular monthly meeting of the State Board of Railroad Commissioners, which will be held at the headquarters of the commissioner in this city on August 28.

The meeting will be one of the most important held by the commissioners for some time, for the reason that at that time the movement for the reduction of passenger rates in South Dakota will be inaugurated by the board. W. H. Stanley, secretary of the board, has served notice upon the various railroads with lines in South Dakota that the purpose of the meeting is to consider the 10-cent-per-mile passenger rates authorized to be put into effect by the legislature during its session last winter. The railroads are invited to send representatives to the meeting, the representatives to bring with them such documents and information as they may care to present to the board for consideration by that body in connection with the proposed passenger schedule.

It is further stated in the notices that the board will hold the meeting for the purpose of considering the reduction of freight and passenger rates in South Dakota, but it is understood that the present freight rates in effect in the state will not be altered as the result of the approaching meeting of the railroad commissioners.

## PICTURES INFLAME NEGROES

### Mrs. Nannie Curtis of Texas Says They Are the Cause of Brutal Assaults.

LINCOLN, Aug. 5.—Suggestive pictures shown in the city on August 28. The main causes of the recent assaults made on southern women by negroes, according to Mrs. Nannie Curtis of Texas, who is attending the Epworth assembly in Lincoln. Mrs. Curtis, who is national organizer of the Women's Christian Temperance union, says:

"The negroes have robbed us white women of our love and respect for our homes and now they have robbed us of our clothes and hats. I have been in the streets of Lincoln for weeks, and I have seen many a young girl and woman who had been assaulted, and whose clothes were soiled and torn. The clothing had been nearly torn from the body. The arms were crowded down over the eyes as if to shut out a horrible picture. There were evidences of a fearful struggle and of an assault. The girl was dead from strangulation."

The Markowitz brothers and Bertha later had been learned about the crime. Questioned, the brothers are said to have admitted that their mother objected to further attention being paid by Gordon to Anna. The brothers would not deny that they had followed their sisters, Anna and Bertha, into the woods when they went with Gordon.

## CLAIMS TRACKS ARE UNSAFE

### Secretary of Tracklayers' Union Presents Against Missouri Pacific at Lincoln.

LINCOLN, Neb., Aug. 5.—E. H. A. Varpis, secretary of the National Tracklayers' association, this morning filed twenty-five photographs with the State Railway commission in support of the allegation that the Missouri Pacific tracks in Nebraska were in a dangerous condition. He urged that the tracks should be repaired, pay for the repairs to be made by the railroad companies and asserted that the tracks were unsafe for travel. The protest will be investigated.

## MURDER MANIA IN CHICAGO

### Five Mysterious Assaults Cause Four Deaths.

## POLICE HAVE NO CLEW AS YET

### New York Greatly Stirred Up Over Many Crimes—Host of Plain Clothes Men Are in the Service.

CHICAGO, Aug. 5.—Five mysterious assaults, in which four men were killed and another fatally wounded, aroused the entire police force to energetic action early today. The victims were:

FURARIO ROCCO, found on the doorstep of his home, 127 Austin avenue, with two stiletto wounds in his body. He had been instantly killed.

EDWARD BEMTH, a policeman, shot and killed by an unknown man while walking a short distance from his home.

JOHN L. BARBOUR, found dead on the Illinois Central tracks. The body had been cut off by a train and was found 100 feet down the track. It is believed that Barbour committed suicide, but there are circumstances that make this doubtful.

JOHN NOUGHTON, died after being assaulted by three strangers at Thirty-seventh and Lowe avenues.

WILLIAM DONOVAN, dying of a bullet wound in the abdomen. He was found in a basement at 48 Hermitage avenue and said he had been robbed by three men, one of whom shot him when he attempted to resist.

In none of the cases were the police able to obtain the slightest clue to the murderers.

### Fear More Crime in New York.

NEW YORK, Aug. 5.—No further disorders as the result of outbreaks of mob violence on the assaults of women and children were reported early today. Many parents are keeping their children indoors, while the vast side where Katie Tetzlauer was maltreated and murdered, the thousands of children who play in the streets are under the watchful eyes of mothers sitting at the windows and on their doorsteps.

The order given to all the plain clothes men to give every whole attention to patrolling the streets indicates the seriousness of the situation. The numerous attacks on children and the resulting morbidity developed by investigations of the cases, the police think may develop a homicidal mania and make itself manifest in further attacks on children.

The mob attacks reveal a state of public exasperation approaching frenzy, which it is feared may easily lead to serious disorder. Prompt action by the police alone saved the two men accused on Sunday from summary justice, especially in the case of George Kasper, a Russian laborer, around whom whose neck the mob had tied a rope when the police reached him. It is noteworthy that the other man attacked, Louis Connelley, who was innocent of any attempt at crime, indicates how readily a mistake may be made in time of public agitation
