Summer Luncheons

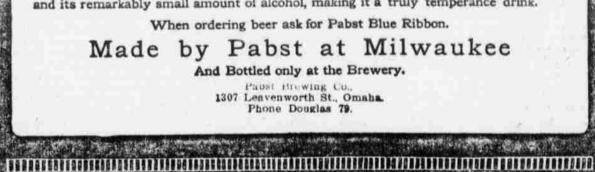

Pabst Blue Ribbon Beer is the ideal summer drink. It is cooling, satisfying and refreshing. It makes the enjoyment of the outdoor luncheon complete, for it is a food as well as a drink.

Pabst brews for food qualities as well as for purity and flavor. Pabst found the only way to get all of the food-values out of the barley-grain was to follow Nature in making the malt, by growing it slowly and scientifically, and he therefore perfected the Pabst Eight-Day Malting Process. Pabst Malt is richer in nutriment than other malts.

Pabst Blue Ribbon The Beer of Quality

is a more healthful, wholesome food than other beers. The Pabst Perfect Brewing Process blends the rich food values of Pabst Eight-Day Malt with the tonic properties of the choicest hops under conditions that insure positive purity, while reducing the percentage of alcohol to the minimum less than $3\frac{1}{2}$ %.

Pabst Blue Ribbon is the ideal family beer, because of its food values, its purity and its remarkably small amount of alcohol, making it a truly temperance drink.

THE RELIABLE SPECIALISTS FIRST SYMPTOMS OF DISEASES

If we could see and treat all men when the first symptoms show themselves there would soon be little need of so-called specialists in chronic diseases, and there would be few men seeking a rejuvenation of their physical and meintal powers, and there would also be few sufferers from Nervous Debility, Reotal and Kidney Diseases and their complications. But as long as men con-tinue to disregard the golden adage "A stitch in time saves nine," and con-tinue to neglect themselves or exercise indifference or poor judgment in securing the right treatment at the outset, just so long will there be multi-tudes of chronic sufferers.

We do not quote mislesding prices in our announcements. We make no misleading statements or doceptive, unbusinesslike propositions. We ours man at the lowest cost for skillful and successful service. We believe in fair dealing and honest methods.

We treat men only, and cure promptly, safely and thoroughly and at the lowest cost, BRONCHITIS, CATARRH, NERVOUS DEBILITY, BLOOD POISON, SKIN DIS-EASES, KIDNEY and BLADDER DISEASES and all SPE-CIAL diseases and weaknesses and their complications.
