Umpire Brennan has fortified himself against further injury by shin guards and pads which he wears under his trousers.

McGilvray made the big circus catch of the day when he ran nearly into second in the sixth inning and scooped the ball out of the burning with one hand. Buck Franck was caught napping at second, although many thought he was not caught. The ump insists that Ryan blocked him away from the sack, so he sould not touch the base.

S.S.S. A CERTAIN SAFE TREATMENT TREATMENT

S. S. S. is the only safe and reliable cure for Contagious Blood Poison. It is purely vegetable, made entirely from healing, cleansing roots, herbs and barks, and in addition to curing this vile disorder, S. S. S. builds up every part of the system. Mercury and potash cannot cure the trouble they can only mask it in the system for awhile, and when they are left off the disease returns, usually, in worse form than before, and the patient finds he has damaged his health with these strong minerals, which disease the delicate lining of the stomach, affect the bowels, produce chronic dyspepsia and often set up Mercurial Rheumatism. It will not do to trifle with a dis-ease so powerful as Contagious Blood Poison, for every day it remains in the blood it is progressing toward a dangerous stage, and will in the end get beyond the control of any treatment. S. S. S. cures blood poison in the right way, it goes down into the circulation and removes every particle of the virus. No had results are ever experienced from the use of S. S. S. It is gentle and pleasant in its action, and forty years of cures warrant the statement that S. S. S. is not only a safe but a certain treatment.
