OMAHA'S SINGLE RUN WINS

Win from the Teddy Bears One to Nothing.

SCORE IS MADE ON AN ERROR

Thompson and Olmstead Wage Fine Pitchers' Battle, Only Spot on Contest Being Wild Throw

Omaha, 1; Denver, 0

A wild throw by August Doll in the sixth inning gave Omaha the only run in the game with Denver Friday afternoon at Vinton street park, the Rourke family winning by the score of 1 to 0.

It was a real pitchers' battle, with Gus Thompson and Olmstead opposed to each other and the lone run was due to no fault of the pitcher. Both the slab artists were in excellent form and displayed all sorts of curves to the great discomfiture of the batsmen, who were forced to see their batting average take a downward jump.

Doll was responsible for the loss of the game and he just happened to be in the game because Kinealy hurt his back striking out in the fifth inning.

After Doll had been substituted for Kinealy, Joe Dolan, the foxy old fox, saw where was the right place to line the ball to get good results and he put it there. He aimed it toward Mr. Doll, a little toward second, and August had to make enough of a sprint for the sphere to throw him off his balance for the throw. When he threw the ball it soared so high over White's head he could not have reached it with a stepladder. The ball kept going until it had gone under the bleachers, and under the rules was out of the grounds. This gave Dolan the right to complete the circle of the bases. Many of the fans and fanesses did not know just how that play was pulled off, but it must have been correct, for even the Denver team did not make a protest against the decision.

Olmstead Does Nobly

Thompson pitched the better ball and was entitled to win his game, for he held the Mountaineers to two hits, passed but two and struck out eight. The entire family back of him played perfect ball. Olmstead held the Rourkes to six hits, passed three and struck out five. He, too, pitched some great ball, for he pitched himself out of two narrow escapes. In the sixth inning he had the bases filled, with one out, and then stopped the chance of run making by striking out Goding and Autrey. In the eighth inning Autrey, the first man up, singled and Welch walked, but that

was all, as Olmstead settled down to business and kept out any further runs.

His good work did him no good, as the team back of him could not score a run. In the third inning Murphy led off with a single, went to second on a passed ball, to third on an infield out and then tried to steal home. Old Sport Mohale, the first baseman, caught him in Sacramento, was at bat when Murphy tried for the steal, and Sport tried to get in the road. Goding touched him instead of Murphy. The ump would not stand for Mohale's coarse work and called Murphy out.

Murphy pulled off the star play of the day by pulling a high one from Autrey's bat from the right field fence, after a hard run. It was a splendid catch, made with the glove hand from near the top of the fence, and won the admiration of all the women for the right fielder of the Teddy Bears.

There was ladies' day and the women and children were out in full force, and the entire grandstand and cheering Harry Welch every move he made. Harry is a great favorite with the women.

The same teams this afternoon.

Notes of the Game.

It is a shame to take a game on an error.

Four Rourkes stole bases on Zalinsky in spite of the fact that he wears shin guards.

Murphy had a good chance to steal that home sack if Old Sport had not stepped into the road.

Murphy pulled off the prize stunt of the day when he captured Autrey's liner from the top of the fence.

Graham lined out a soaker which was

traveling some when it hit the first sack and stopped. He, however, made first on the play.

There was a noticeable absence of kicking on the umpire in the game Friday, and there were not many close decisions, however, for the Bears to kick about.

With Des Moines playing seventeen games at home it is up to the Rourkes family to take all in sight, for the Champs may develop a winning streak on their home grounds.

Sox Win in Tenth.

Batteries: Chicago, Walsh and Hart; Washington, Falkenberg and Hayden.

Cy Young King of Pitchers.

If there ever was a better pitcher than the veteran "Cy" Young he labored before the time of Noah and the few crowd that inhabited the earth after the ark job was finished. For seventeen long years Young has been a finger in the big leagues and he is now doing the best work of his career. He went fourteen innings against Chicago, allowed eight well scattered hits and struck out three men. He allowed two bases on balls. He contributed three difficult assists and his good fielding helped Boston hold the Sox down. With perfect support Chicago was unable to get any runs in 40 years old. He weighs 210 pounds and in spite of his age and weight is remarkably active. Most men of his years have retired long since from hard athletic pursuits and confine themselves to a life of pleasure and ease. Right living and plenty of hard work ago. In winter he labors on his farm and in summer plays baseball with the Plain Dealer.

Middle West Prospects Bright.

Entries are coming in at a rapid rate for the Middle West tennis tournament, although there are not as many entries from the state as the directors would wish. Many of the players in the smaller towns are they are being outclassed by the cracks who come from afar to participate in this tournament, but this should not deter them from entering, as there are a large number of prizes and should a man be put out in the qualifying round, he still has the consolation match to fall back upon, and should he be put out there, he will have had the pleasure of playing on seven of the finest tennis courts ever built. Besides all this, he will have had

the time of his life, for splendid entertainment has been prepared for all.

Humboldt the Champion.

HOMBLDT, Neb., Aug. 16--(Special)--The second day of the tournament wound up with an exciting game between Humboldt and Tecumseh which teams were pitted against each other for the second time during the series. The visitors were victorious, the bag score being a score of 7 to 0. Humboldt's runs being scored, two in the first, two in the second and three in the fifth inning. Clarke and Dewey did battery work for the visitors, while Bright and Poter were in for the home team. Three of the Humboldt hits were by Delair, E. Bright and L. Bright. Dr. Ring, manager of the home team, acted as umpire. The band concert and street performances took place in the evening as scheduled, the city park being filled with pleasure seekers, the weather being ideal. Unfortunately the balloon ascension did not take place, the bag score being 1 to 2. It was being inflated, and the large crowd gathered had the experience of witnessing a real fire alarm and seeing six birds straggled by the fire company.

A light rain fell during the night and made the ground very muddy. The contest between Hebron and Humboldt was called shortly before 11 o'clock, the crowd being so large that the game could not be resumed at this time and made ten runs, which was the bag score for the losing side. The game was entirely lost to the interest, as Bright acted as umpire and not a kick was made on his decisions. Batteries: Humboldt, Ayers and Poter; Hebron, Wade and Beyer. Owing to the lateness of the hour the forenoon game was called shortly after noon at the eighth inning, by agreement. The result of the last game insures Humboldt winner of the tournament, with Tecumseh second, but another exhibition game is scheduled between these two teams, which promises to draw the biggest crowd of the season.

Bloomfield Wins in Fifteenth.

CREIGHTON, Neb., Aug. 16--(Special)--Creighton and Bloomfield played a fifteen-inning game at Creighton today, the home team winning by a score of 5 to 0. S.O.S. OLD SORES

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter of the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood in this condition is being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be effected through a purification of the blood. Book on Sores and Ulcers and any medical advice free.
