AFFAIRS AT SOUTH OMAHA

Residents of J Street Moving to Have that Thoroughfare Paved.

PETITIONS TO BE CIRCULATED

Westsiders Considerably Worked Up Over Paving Matters, Which Will Be Discussed at Improvement Club Meeting.

The residents of J street are trying to

unite on a proposition for the paving of that street from Twenty-fifth to Twentjeth. If this improvement could be brought about J street would become one of the best streets of the city. The paving would accommodate the Presbyterian church, St. Martin's Episcopal church and the South meeting of the citizens of Gmaha View and He has been asked so many times who Omaha High school. Under the present laws the city can pave one such street each year. The object of the present movement is to get the preliminary petitions eral days before taking them flome, where out of the way so that the paving may be done next spring or at least as soon as the law will permit. A petition will be circulated during the next few weeks to get the signatures of the property owners. The paving project will be made the special order in the discussions of the East Side Improvement club. This club will resume its regular meetings with the advent of cool weather. It is the opinion of many of the residents on the east side that with the paving of Missouri avenue and J street that this section of the city will soon surpass the north side as a residence center. Some of the far-seeing men think that the Union Pacific and the other roads, with the manufacturing interests which will locate in the section west of Twenty-sixth street before many years, will occupy all the available space to Twenty-sixth and the residence portion will be on the east side, overlooking the river. It is now reported that the Cassidy tract, which was offered in a body to the city as a park, will now be opened to residence seekers.

Westsiders Are Wrathy. The West Side Improvement club is to have an important meeting Saturday to consider several matters of interest to them. One of these will be the contract for the paving of West Q street. It is understood that most of the members have very decided opinions on the matter and will be open in support of the lowest bidder for this work. They will seek an explanation of the disappearance of McGowan's sample brick at the council meeting last Monday evening and why only three were returned after the loss was discovered. They may also take up the matter of the interurban Davis, of Minnesota, the Omaha High franchise to the Omaha, Lincoln & Beatschool ought to have \$15,000 each year to rice railroad. The residents are becomstriking telegraphers can secure the use of spend in teaching the girls how to cook ing rather impatient that this improvement has not progressed. In the meantime the grades are being eroded in places and are unsightly nuisances in others.

Rooms Raided in Daylight. A bold daylight burglary was committed about 11 a. m. yesterday in the rooms over the Spearman bakery, near Twentysixth and O streets. The rooms are occupied by five or six lodgers and all of them lost valuables in the way of clothing. One of the heaviest of the losers was Eugene Benoît. They took from him a good suit of clothes and a pair of shoes. In his vest pocket was \$5, which was taken. A. J. Snyder, another of the roomers, lost a pair of shoes. The man suspected was seen coming down the stairs with packages under his arm. The police have a good description and think the man was one of the dope flends of Omaha and that he will attempt to dispose of the stolen ctothing in some of the pawnshops there or in Council Bluffs.

FOR THE YOUNG HOUSEWIFE Hints that Will Be Helpful in the General Routine of Housekeeping.

When administering the weekly sweeping to carpets and rugs much annoyance with arising dust would be saved if wet tea leaves were thrown over the floor a few minutes before beginning work. Some housekeepers use damp cornmeal, which is very good, but the tex leaves answer the same purpose and cost nothing, and they for several hours after it has been put to

same counter one finds the white paraffine which affords the most effective means of sealing fruit and preventing mould.

A very new and useful article in house It is made of metal and wood and designed for scraping the burnt portions from toast, bread and cake. In the absence of such a convenience we have long been accustomed to make use of the knife for such a purpose, but now that this new invention has been brought out it will doubtless find a very ready sale at the very small price which is asked for it.

ANOTHER CATCHY MOTOR FAD Long Abandoned and Much Dispised Japanese Sunshade Re-

vived Agnin. Japanese parasols are a fad with women who motor. Among their advantages is the fact they shed the dust and are so cheap that they can be replaced any number of times during the summer. As yet they look strange enough in the city to attract the attention of pedestrians, and a big touring car with a bunch of women in it carrying Japanese parasols is bound to make people stop and look.

Sunbonnets are immesely popular. One reason is that they give summer girls an opportunity of looking as bewitching as

THE RELIABLE SPECIALISTS PROFIT BY EXPERIENCES OF OTHERS

When you are sick and suffering with a disease that is sapping your life away you should not experiment with free treatment propositions or incompetent doctors or specialists. It is then you need the very best, the most skillful and successful treatment. Come to the State Medical Institute, where you are sure to get the best.

Don't wait until your whole system is polluted with disease, or until your nervous system is tottering under the strain, and you become a physickl and mental wreck, unfit for work, study or business. With special diseases and weaknesses you cannot afford to delay. You must conquer them at once by the right treatment or they will fill your whole life with failure, misery and woe.

Uncertain, improper or half-way treatment can only do harms. The worst cases we have treated were those that had been improperly treated before coming to us, some having been maimed for life by bungling surgical procedure. We do not advocate mutilation or destruction by surgical procedure if possible to avoid it in order to make a quick cure. Every afflicted man swes it to himself, his family and to the future generation to get cured promptly.
