BRANDEIS BOSTON & SONS

Pure, Clear, Sparkling Artesian Water
is used in brewing
Storz Blue Ribbon Bottled Beer
This water has in itself health-giving properties that peculiarly adapt it to the brewing of a delicious, palatable beer. During the past fifteen years STORZ BEER has become famous because of the use of this water. No other one ingredient entering into the manufacture of beer has so much to do with its general excellence as pure water. Discriminating people who want nothing but the best when eating or drinking will appreciate this point and insist on having STORZ BEER.

An imitation takes for its pattern the real article.
There was never an imitation made of an imitation. Imitators always counterfeit the genuine article. The genuine is what you ask for, because genuine articles are the ones with merit. Imitations come and go; they are not advertised, but depend for their business on the ability of the dealer to sell you something claimed to be "just as good" when you ask for the genuine, because he makes more profit on the imitation. Why accept imitations when you can get the genuine by insisting.
Get what you ask for.
