For a \$3.500-beauty Cicotte is an awful poor finisher. Twice a week or so the Rourkes have jumped on him in the final innings and taken the game. Tuesday in the tenth inning three hits had been made before a man was out, as was also the winning run and if more had been needed no telling where Comiskey's darling would have wound up.

CALCIUM LIGHT ON MR. KING

Newcomer Hits Hard at Right Times, Scores One, Captures Bad Fly and Makes Himself Generally

Useful.

Omaha, 5; Lincoln, 1. King jumped into the limelight at Vinton street park Wednesday afternoon in the game with Lincoln, which was won by the Rourke family by the score of 5 to He demonstrated the fact that Pa Rourke has made a good late-season purchase, for he showed that he is versed in all branches of the game. Besides hitting the ball safely at most opportune times, bringing in a run each time, he scored a run himself and in doing so proved to the fans that he knew what to do on the bases and how to do it, for he is a speedy chap and has his eyes open. He captured one hard fly and one easy one and at bat was the hit of the day. He does not draw back from the ball, but, batting left-handed, he grasps his bat in the proper fashion and hits hard, generally with good results. He drove one stinger on the ground so speedy that neither Fox nor Thomas could reach it and hit another hard liner over Fox's

Morgan, Pa's other recruit, was also on hand, but did not participate in the game, simply warming up with the team and taking the coaching line, occasionally. He has a good wing and the fans were anxious to see him in the game. He looks like a speedy chap.

McKay is Hit Hard.

McKay did not have his horseshoe with him Wednesday, as he did last week when he held the Rourke family to two hits in eleven innings, and as a consequence he was hit hard and most of the runs made were earned. Thompson, on the other hand, had things all his own way and kept the hits scattered, two being made in but one inning. The entire Omaha team seemed to outclass the Ducklings and played rings around them at every stage of the proceedings. The grounds were quite slippery and this made fast base running out of the question.

Omaha lit right into McKay in the first inning and hit in enough runs in that round to win the game. Captain Franck made a start with a two-base drive to left field. He went to third on Autrey's infield out and then scored on Welch's drive against the right field fence for two sacks. The ball was a high one and just missed going over the fence by a couple of feet. King was the next man up, and the fans were anxious to see if he could make good and drive Welch home. He did. Graham struck out and the first spasm was over.

The Ducklings made their only run in the fourth inning. Reddick opened out with a single, was sacrificed to second by Gagnier and came home on Sullivan's

Rourkes Score Without Hit.

The Rourke family got that run back in the same inning without a hit. King was hit by McKay. Graham bunted to McKay, who threw to second, but Haskell called King safe. Austin did exactly the same thing and the bases were filled, with no one out. Gonding fouled out and ompson knocked the ball to short, who let King score and caught Graham at third. Bolden's infield roller ended the

Two more runs were all that were captured after that, for McKay tightened up, and but one single was made off his delvery in the next three innings. Nor was Thompson in any danger after that fourth inning

Belden was poorly coached when he tried to come from second on Autrey's single to middle field. The footing was slow and he was caught by a mile. Graham refused to stay in the rear just because he could not make a hit, so he pulled off a couple of the speediest fielding stunts which have been seen on the home grounds for some time. McKay hit the ball past Thompson and it looked like a base hit. No one dreamed Graham would stop it, let alone getting the runner out, but he did both.

Singging Match at Des Moines.

DES MOINES, Aug. 28.—A state fair crowd saw a singging match between Stoux City and Des Moines today, the Champs winning by a score of 14 to 10. Twelve hits were secured off Engle's delivery in the first three innings. Six of them were for two bases and the result was eleven runs. The Sloux were unable to do anything with Sporer until the fourth, when they batted in two scores. In the fifth, after Campbell had singled and Nance had hit for two bases, Weed hit a home run over the back fence. A double play saved the inning. Ford was substituted for Sporer. He allowed two runs in the sixth and three in the ninth. Score: Singging Match at Des Moines.

Applications for Third Annual Nebraska Series Come Rapidly.

ENTHUSIASM IN THE MATCHES

Liberal Sum is Expended for Prines Which Are Such as to Bring Forth Keen Competition.

Entries are pouring in for the third anual tournament of the Nebraska Golf association, which opens at the Omaha Field club Thursday and continues for three days. More enthusiasm is shown in this tournament than in any of the previous meets of the association, for Frank J. Hoel, secretary and treasurer, has prepared a most acceptable program. It is a wonder. Unlike many programs in which the players who lose out in the qualifying round are down and out for the rest of the week, Mr. Hoel has so arranged the different events on the card that all players attending the tournament can play in regular matches every morning and afternoon during the entire three days. Not only will there be a directors' prize and a solace prize, but also an eighteen-hole match play against bogey for all losers in the first rounds. On Friday afternoon will be a medal handicap and sweepstake event at eighteen holes, medal play, which everybody can enter, and on Saturday morning the Nebraska club team championship will be played, the teams to be composed of four players, with no limit to team entries and the scores of the finalists may be used in team match.

Prizes and Trophics. The secretary has spent \$500 for prizes and has a fine line of beautiful trophice on exhibition. Prizes will be given for the low score in the qualifying round; a cup to the winner and one to the runner-up of the amateur championship; a cup to the winner and a prize to the runner-up in the consolation class and suitable prizes to the winners and runners-up in the directors' and solace class and handicaps. A cup will also be given to the winning club team, the cup to become the property of the club represented.

Wednesday morning 110 entries had been received from the Field club players alone and Chairman Gaines of the golf committee of the Country club had a list of thirty-five names to send to the secretary. Five entries had been received from Nebraska City, including J. C. Burkhardt, A. Jerome Smith, W. S. Cornutt, J. Sam Taggart and Frank McCartney. Lincoln has sent but one entry to date, that of L. C. Story. Entries are expected from Holdrege and Hastings. The tists were held open until 8 o'clock last evening, at which time the drawings were made at the Field club. Those players unable to play in the qualifying round may appear later in the week and still be eligible to play in the handlcap affairs, which are designed to give all an opportunity to play all the time. The rain of Tuesday night put the grounds in fine shape for the tournament, The recent dry weather had made the links and greens too fast for good work and the rain has made them just right. The qualifying round will start at 9 o'clock Thursday morning.

GRAND ISLAND WINS THE BELT Takes It in Firemens' Tournament

for Third Time, HOLDREGE, Neb., Aug. 28.— (Special Telegram.)—Tuesday was governor's day at the harvest jubilee, and also the second day of the annual state firemen's tournament. The weather was cooler than yesterday, and it threatened to rain all day, which finally culminated in a general downpour, the first rain in the immediate which finally culminated in a general downpour, the first rain in the immediate vicinity for more than a month.

Governor Sheldon started things going in a happy and appropriate speech of twenty minutes or more, which was listened to by a large crowd of people. The display he had witnessed of the agricultural products of Phelps county inspired the governor to make an unusually good short speech. After the governor's address, the throng rushed to the track, where the program of races in the state firemen's tournament was being held. It is estimated that over 2,000 people witnessed the events.

The program was carried out in its entirety, with the following resulfs:

Wet hose contest—Friend, 41 4-5; Holdredge, 42 1-5; Clarks, no time.

Regulation class A hose race—Seward, 35; Alliance, 37½; Holdrege, no time.

Regulation class A, hook and ladder race—Grand Island, 37 1-5; Kearney, 38 4-5; Lexington, 43 1-5.

Regulation class B, hose race—Clarks, 37 3-10; Fullerton, 38; North Bend, no time.

Regulation class B, hose race—Clarks, 5 3-10; Fullerton, 38; North Bend, no time; Areguitable Case B., hose race—Clarks, 37 3-10; Fullerton, 38; North Bend, no time, Coupling contest, 100 yards—Doubravo and Huffman of North Bend, 15½; Woods and Potter, Seward, 14; Smith and Pierson, Clarks, 14; Gay and Copple, Fullerton, no time. The tie between Seward and Clarks was divided, each taking one-half.
One of the pleasant features of the tournament was the presentation of the beit to the Grand Island hose team, it having been successful in three tournaments and earning the beit permanently. Today is the last day of the tournament and the championship races are being prepared for by the visiting firemen with unusual interest. There are ten teams in the different contests and something in the neighborhood of 200 firemen in attendance and all of them are thoroughly pleased and satisfied with their treatment at the hands of the city of Holdrege and the Holdrege fire department. The agricultural display and the stock which is exhibited are surprising all who have seen them. The poultry exhibit is also attracting unusual attention and on the whole the jubilee and fair up to this time is a complete and successful affair. riend, no time.

BUCK FRANCK HERE NEXT YEAR Heady Little Manager Will Run Team

"I have come to an understanding with Pa Rourke for next year and expect to return to manage and captain the team for another year," and Captain Buck Franck at the Smoke House. "I have signed no contract, but Rourke and I have a complete understanding and that is but a matter of form. Our relations have been most cordial and I would like to return another year to see if we could do as well as we have this season.

"I think we have a good one in King and in a week or so when his nervousness wears off he should be the goods. At any rate we will work for a time with the same combination we used in the Lincoln gume Tuesday, when we walloped Mr. Cicotte. Autrey played a great game on first." Another Season.

first."
Local fans are more than pleased with the decision of Franck to accept the offer of Pa Rourke for another year because his management of the team has been above criticism. He has done things which did not meet with the approval of the fans at the time, but his judgment has shown in the end to have been all right. He is the headlest player that ever wore an Omaha uniform and Pa relies entirely upon his judgment in handling the players on the field and in choosing those who are to work for the day.

PHILADELPHIA, Pa., Aug .28.-The explosion of what appears to have been a large percussion cap in a package addressed to Secretary of the Treasury George B. Cortelyou, created excitement in the Nice-town sub-station of the Philadelphia postoffice today. The package, which was collected from a box in the northern section of the city, was received by Clerk Roberts, who says it was about four inches long by two inches wide and % inch thick, When Roberts brought his steel cancellation die down upon the stamp, the package exploded and was torn to pieces. REMOVES . BLOOD HUMORS

When the blood becomes infected with unhealthy humors the effect is shown on the skin in the form of pimples, rashes, eruptions, or some other type of skin disease. These humors circulating in the blood, come in contact with the delicate tissues and fibres of the skin and produce irritation and inflammation, and often excessive itching and burning. Trying to cure skin troubles with external applications is treating the effect instead of the cause. Such treatment perhaps allays some of the itching and discomfort, but does not reach the blood where the real source of troubles lies. A thorough cleansing of the blood is the only cure for humors in the blood. S. S. S., a gentle acting, safe blood purifier, is the proper treatment. It goes down into the circulation and neutralizes the humors and removes them from the blood. S. S. S. supplies the blood with the fresh, healthy properties necessary to sustain the skin and keep it free from disease. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, pimples, boils, rashes, and all other skin affections and diseases, because it purifies the blood and removes the humors which are responsible for the trouble.
