A Sale of Off Lots At Low Prices

We started this week the sale of 24 lots in one of the best districts of town, lying between the Boulevard and 35th Ave. and Davenport and Farnam. The great majority of these lots are below grade, but our prices are below the county appraisal on same.

The lots belong to a holding company which must sell them and at the price we offer them it will pay anyone to buy them for either speculation or to build on at the present time. We can make the easiest kind of terms on these lots and when you consider that you can buy a lot of us for \$600 to \$700 when lots on the same street a half a block away are selling for \$2,500, it might pay you to look them up.
