The Man Who Made a Good  
Record. Ex-City Treasurer  
**A. G. EDWARDS**

On no slate—against ring rule. Was  
city treasurer 1894 to 1900. First treas-  
urer to turn all interest on school money  
into that fund, and to make a correct  
showing of all the improvement district  
funds, putting them on a correct finan-

First municipal treasurer in the  
United States to give a guaranty surety  
bond for \$425,000. Conducted the office  
more economically than any other treas-

Republican Primaries, Tuesday, Sept. 3, 1907

**For Treasurer**

**Louis N. Gondon**

The intent of the direct pri-  
mary law is to prevent boss rule  
and to give the rank and file of  
a political party the power to  
select its own candidates.

But the slate makers are still  
with us.

I believe, however, a big ma-  
jority of the republicans of  
Douglas County are going to  
take advantage of their direct  
primary law next Tuesday and  
vote for their own choice.

I believe I am the choice of a  
big majority of republicans for  
the nomination for county treas-  
urer, and, therefore, I believe I  
will be nominated.

Remember, the rank and file  
oftentimes take possession of  
the band wagon.

Yours respectfully,  
**LOUIS N. GONDON,**

Old soldier,  
Old citizen,  
Republican for 45 years,  
Square-dealing business man,  
Not a "practical" politician,
