He went to a height of 200 feet. One of the propellers on the ship had been broken by a former attempt at ascension, so Mr. Bayesdorfer made the flight with one propeller. This was the first successful ascension ever made by an airship built in Omaha. The ship was made by Mr. Bayesdorfer in the market house at Thirteenth street and Capitol avenue. at Diets Park.

The junior tennis tournament was given a good start on Labor day, when some of the players went to the semi-finals in one day.

The mountain teams are playing a regular game of see-saw, first one team winning and then the other.

The finish is approaching and Omaha starts away from home 35 points in the lead over Des Moines.

Des Moines will reurn to Omaha for two and possibly three games, and that will end the lengue season as far as the Omaha fans can ace. Corbett was off on a couple of important

decisions, but on the whole his work was quite satisfactory. The catchers decided on hits down the foul lines.

Duncan should be one manager who knows what the Omaha crowds amount to without having to look back into history. Three big days in succession is going some.

Cleveland evidently has a manager who does not think that the things farthest away are the best. He is recruiting for his team from the combination nearest homecam fi Coledo.

Toledo, Manager Franck has a system of bat-ting orders which puzzles the novices at the game, but it is simple when you know what is going on. He has one line up for a left handed pitcher and another for a right hander. When a right hander is in the box he puts his left handed hitters near the top, and when facing a southpaw ha puts Dolan. Austin and Graham, three right handers, nearer the top.

# **Gund's Peerless Beer**

Acts as a tonic and aids digestion, enriches the blood wonderfully and promotes the health and longevity of men and women. Peerless is really a temperance drink, because it never contains more than 31/2 % of alcohol-not enough to hurt anyone.

Dr. I. M. P. Southwick, La Grange, N. C., says: "I do not think the moderate use of good beer injurious to the health of adults. I believe it to be a great benefit to some people both as a beverage and by aiding digestion and assimilation. I think beer is of food value to the human organism."

Peerless is brewed from choicest barley malt and the very finest hops, by the celebrated Gund Natural Process. This process retains and develops the strength of the grain and the fragrance of the aromatic hops in a most wonderful way.

Peerless is bottled at the brewery only. Delivered anywhere in cases. Sold at all high-grade bars, restaurants and dining cars. A splendid home beer. Telephone a trial order. You never tasted a more delicious brew. Sparkling, wholesome, pleasant and pure.
