The Real

If you have headache or neuralgia you want relief; want it quick. Dr. Miles' Anti-Pain Pills stop the pain in just a few minutes. But their real value lies in the fact that they leave no bad after effects. They do not create nausea or derange the stomach. Nothing can therefore take the place of Anti-Pain Pills for the relief of head ache or other pain. Dr. Miles' Anti-Pain Pills do all that

is claimed for them in curing headache and neuralgia. I was in Farmington and I had a fearful headache; the gentlemen of the house said, "Take one of my wife's Pain Pills," and I did, and in less than one-half hour I felt as well as ever. I saked the name of these and he said Dr. Miles' Anti-Pain Pills. I pur chased a box, and told my family I had found a great prize—something to cure headache. My three daughters also used them. O thousand thanks for such a remedy. MRS. JAMES BLACKBURN,
