School.

Bellevue, the high school, Diets Athletis,

association, the business colleges and other

institutions have signified their intention

of putting foot ball teams on the gridiron

this fall. With the completion of the car

line to Bellevue it is but a short run for

beautiful burg to witness the games played

on the college campus. Creighton will play

both on its college campus and at Vinton

Street park and the Omaha High school

team will play at Vinton and Diets parks.

Bellevue has a difficult task on its hands

to maintain the reputation as state cham-

pion because of the loss of so much of its

old material. A majority of the cracks

which went to make up last year's team

have left the college and it is now up to

the captain and coach to find new material

among the increasing number of students

in the college. The Benson boys will be

missing this year, as well as many of

the others who have helped to make the name of Bellevue famous on the gridiron.

SIOUX TAKE A CLOSE CONTEST

Lincoln Dangerous at All Stages of the Game.

SIOUX CITY, Sept. 7 .- Bressler kept Lincoin's hits well scattered today and the Sloux took a well-played game by a score of 2 to 1. The Ducklings were threatening at all stages and in the ninth had a man on second, but with one out. Both Zackert and Bressler received excellent support, two shoestring catches by Nobilt and the general infield work of Fox being features.

Leaders in City Junior Tennis Tournament SADIE N DOES GREAT WORK Driven by Owner Nash, Matines Trotter Makes Record. Sadie N., the crack matinee trotter driven by her owner, F. A. Nash, presi dent of the Omaha Electric Light and Power company, made a most notable performance at Lincoln Friday afternoon at the state fair track when she went a mile in 2:22%. This is considered a splendid exhibition when it is considered that it was her first appearance on the track this season, all her work being on the Omaha boulevards and also that she was driven to a road wagon and by her owner. The wagon used in this performance was the light Lou Dillon road wagon of which Mr. Nash is the justly proud possessor. MISS SUTTON HOLDS HER TITLE

their owners the fixtures in twenty-three Leavenworth selooss recently selsed upon order of the attorney general of the state. The defendants testified they had not sold any liquor after the attorney general had ordered them to stop doing so. The county prosecutor was unable to present any testimony to the contrary. The fix-tures are valued at over \$100,009.

It was voted to continue the method of two umpires, but to define their duties more specifically, so that one would aid the referse in decisions down the field. This one is practically an assistant to the referee and is called the field judge. The other, generally speaking, has control of the decisions that belong to the lineup.

### Ten-Yard Rule Same.

The ten-yard rule is preserved exactly as before, that innovation having met with almost general approval, in that it made far less effective anything like mass plays and forced the open play which everyone so much desired.

Forward passing has been altered to a certain extent, making it less risky to use it on the first and second down. Instead of losing the ball in case the forward pass strikes the ground before striking a player of either side, the same side retains posses-

sion of the ball by losing fifteen yards in distance. When the forward pass is essayed on the third down, however, and it strikes the ground without striking a player, or is otherwise made illegally, the hall must be surrendered to the other side exactly as formerly.

In order to cover a point upon which there was some discussion last year, the following legislation was enacted: That a line man may carry the ball, provided he does not leave his position in the line until the ball is put in play.

It was also determined that the forward pass or tripping op hurdling by the side that did not put the ball in a scrimmage, should be penalized fifteen yards.

In order to more clearly settle the point about the rights of a side on a fair catch, it was enacted that a man should be regarded as having an opportunity to make a fair catch when it was possible for him to reach the ball before it should strike the ground.

# In order to prevent signalling by one man

and a catch and run by another, it was legislated that if one man of the mide signals his intention of making a fair catch, and then another of his side, who did not signal, makes the catch, this player may not run with the ball nor is he entitled th the privileges coming from a fair catch, but"the ball must be put down at the point where he caught it for a scrimmage by his side.

All questions of hurdling were put with the jurisdiction of the referee.
