I would get one healed and another would come. These sores changed to eczema, accompanied by a terrible itching. It seemed as if I could not keep my hands from tearing my flesh. This and the pile troubis brought on an inflamed condition. Then I got the Cuticura Remedies. I washed the affected parts with Cuticura Soan and warm water in the morning, at moon, and at night, then used Cuticura Cintment on the irritated surfaces, and injected a quantity of Cuticura Cintment with a Cuticura Suppository Syrings. total loss. ATLANTIC-F. H. Burr of this place has just completed an invention that will be of much advantage to railroad men. If is an improvement on the mail cranes now in use, that will preclude the possibility of such accidents to the trainmen as are now frequent, because of the nearness to the segins of the cranes. At present the cranes are but eleven and a half inches from the cab of the engine and frequent accidents are due to this nearness. Mr. Burr's invention removes the crane a distance of thirty-three inches from the cab.

The jury stood four for conviction and two for acquittal, so the county attorney thinks the grand jury should decide.
