CHAIRMAN KNAPP ON COMBINES

Interstate Commerce Commissioner Advocates Central Control of Transportation.

CHICAGO, Ill., Sept. 14.—"I believe the most mischievous piece of legislation in the history of the country is the Sherman anti-trust law as interpreted by the United States supreme court. It is intolerable and strikes a blow at development and progress."

"The obvious tendency of the age is to combine, and I think this tendency is to become more pronounced as we grow older in the industrial and commercial civilization of the world. The ultimate result, I think, will be the central control and regulation of all transportation lines with diffused ownership. Let us not denounce, but discriminate in bringing about the desired reform."
