only accepted for its true value today after prices turned upward, as it is a favorable device in a figuldating market to borrow stocks for delivery to avoid the transfer of holdings in the name of influential hold-ers, and give the appearance at the same time of a short interest in the market. The bears have ignored the significance of the demand in the loan crowd so long as they have the weak spot in the metal securities to help in forcing prices downward. With relief, today for that weak spot the influ-ence of the strength for several days mani-fest in the railroad group asserted itself on the whole market. Besides the requirement of an uncovered short interest the copper industrials had the benefit of a violent re-bound in the price of copper in Londan foday, spot copper rising there £3 12s id per too. In contrast there was a fur-ther reduction in the give of copper at the New York Metal exchange of the per pound. Sentiment over the situation in the metal market was appreciably improved, never-theless, and greater confidence was ex-pressed that a level of more effective de-mand was being approached which gave promise that the market would right itself. The views publicly expressed by the chair-man of the United States Steel directars gave some feeling of assurance that the course of the copper market need not fore-shadow a similar course in iron and steel, or not in the same acute degree. With the market releved from the dragging effect of the persistent weakness in the metal indus-trials some of the formerly existing fac-tors asserted, themselves on the side of strength of the Hill stocks was evidently due to assumptions of the benefits to flow from the higher dividend distribution to Burlington stockholders. Union Pacific shared in this movement, although in a lesser degree. Reports were current of a strong showing to be market were current of a strong showing to be market were course of a strong market in the cotion market was the indication of the readiustimest cone on of

strong showing to be made by Reading in its forthcoming annual report. Continued unsettlement in the cotton market was the indication of the readjustment going on of earlier unfavorable views of the crop pros-pects. Money on call here continued firm and there was a stronger tone in the time loan market. Bonds were irregular. Total sales, par value, \$1.782.080. United States bonds were unchanged on call. bag and do all sorts of things.

The seal show was the fireworks and too much could not be said in praise of the magnificent designs which were worked out in colors of fire. Besides all the oldtime and popular brands of sky illuminations, many new contrivances were exhib-

ited which at once seemed to strike the popular accord. The show is so big it will have to be seen to be appreciated. Comfortable seats have been prepared for thousands, a huge platform being conconstructed in front of the grandstand. George Green and his band furnished the music.

## **RAZEE NOT ON HAND FOR TRIAL**

### Board Orders Officer to Summon Him to Appear Next Monday Evening.

William T. Rusee, member of the fire department, failed for the second time Monday night to appear before the Board of Fire and Police Commissioners to be tried an charges of intoxication while on duty, and incidentally explaining what he meant by an alleged statement that he could get men appointed to the fire department for

\$1.50, which sum "goes to the board." A motion was carried instructing the chief of police to have an officer serve a subpocha on Razee commanding him to appear for trial next Monday night. Firemen William Waggoner and Harry Garvin pleaded guilty to reporting late for duty and were fined \$10 each and warned against repeating the offense.

Chief Salter of the fire department reported that Casper E. Yost had donated \$25 to the firemen's relief fund in recognition of the good service of the department at the recent fire at Mr. Tost's residence. The donation was accepted with the thanks of the board.

Patrolman Thomas J. Conner was granted ten days leave of absence.

Thomas Casey was confirmed as a lieutenant in the fire department. Chief Saiter reported that he had appointed Harry P. the pledge made at the recent meeting | Horran and T. P. Kritenbrink as members of the fire department to fill the places of George Hill and fra Bowen, resigned.
