Imitations pay the dealer a larger profit,

than the real thing, otherwise you would never be offered a substitute, when you ask for an advertised article. Imitations are not advertised because they are not permanent. For every genuine article there are many imitations. The imitator has no reputation to sustain—the advertiser has. It stands to reason that the advertised article is the best, otherwise the public would not buy it and the advertising could not be continued. When you ask for an advertised article, see that you get it.

Refuse Imitations. Full and complete instructions regarding the opening of a part of the Lower Brule Reservation, including maps, etc., showing the location of the land, will be sent on receipt of \$1.00. This land is less than one hour's drive from Pierre, South Dakota, the State Capital. Reference, any business man in Pierre.

J. W. Laughlin, Pierre, South Dakota.
