BOOST OF SWITCHING FEES

Fifty or Hundred Per Cent Raise Urged by Stock Yards.

RAILROADS OPPOSE THE PLAN

Officials of Various Corporations Interested Confer and Railways Will Make Answer in Fifteen Days.

In a brief manner and told the stock yards company we would give an answer in fifteen days.

The Union Stock Yards company is handed in a different manner from the yards at Chicago and St. Louis. At these places the switching charges are fixed and the railroads add that charge to the freight bill which the shipper has to pay, whereas at South Omaha the switching charges are absorbed by the railroads, so that any increase which the stock yards company would make in the switching charges would have to be paid by the railroads.

Shippers fear the roads would not stand the raise, but would change the system and add the charges to the freight bill and thus put the additional tax on the shipper.

While it is understood the contemplated raise is about 100 per cent, J. L. Paxton, acting general manager of the stock yards company, says the exact increase has not been decided upon, but he said it would not amount to 50 per cent.

Case of Missouri Pacific.

"I was at Lincoln at the request of the State Railway commission," said Commissioner Wood of the Commercial club, who told the commission Thursday something of switching conditions in Omaha. The Missouri Pacific had asked leave to issue new tariffs advancing switching charges about 50 cents a car and Mr. Quid was requested to give the commission the benefit of the information at his disposal.

Quick Shine Shoe Polish

APPLES TEN DOLLARS BARREL

Price of Choice Colorado Jonathans to Omaha Consumers Just at Present.

Colorado's choicest Jonathans apples have reached a retail price of \$10 a barrel in Omaha. Other grades, but good fruit, are lower. There was only one-fourth of a crop in Colorado and the first grade is selling at \$2.5 a bushel f. o. b. The entire output of the orchards has been sold and H. D. Foy, an Omaha broker who handles the product of the large Colorado fruit growers' associations, cannot fill all the orders that come to him.

Fancy Ganos are 25c, Missouri Pippins, Yorks, Lawsons and Blaks, Swigs, \$2.25 and Winesaps \$2.25 a bushel f. o. b. Colorado.

Fruit jobbers express hope that the Washington and Oregon crop will prove of such magnitude that it will partly make up for the shortage elsewhere and place the fruit within the reach of people of ordinary means.

Apple pies and peach pies and prune pies and other fruit pies will continue at the same old price, despite the altitudinous price of fruit, says the management of the Connecticut Pie company, Omaha's biggest pastry foundry. That is, the company will try to do business on the margin it now gets and will perhaps get through the winter and spring without advancing prices. The management admits, though, that if fruit gets much dearer it will have to ask more money for the pies.

DEAL FOR EGG-O-SEE PLANT

Omaha Commercial Organizations Will Send Men to Investigate.

OFFER QUARTER MILLION BONDS

Manufacturers Say This, with Aid of Great Western Railroad, Will Cinch the Deal for the Factory.

Three representatives of Omaha commercial organizations will visit the plants of the Egg-O-See company at Quincy, Ill., and Buffalo, N. Y., and if they report favorably on their return, the sale of \$250,000 bonds for building an Omaha plant will be undertaken by local men.

Eight acres of ground near the Independent elevator have been offered the company by the Great Western, which will take bonds in payment. The Great Western also offers the use of the Independent elevator.

The agreement was reached at a conference Friday between President J. W. Cassidy and General Attorney J. E. Lindsay for the company and a committee of local business men consisting of G. W. Watters, John M. Guild, T. C. Byrne, Luther Drake and F. A. Nash.

The Egg-O-See officials were met in Iowa Thursday afternoon by Mr. Watters, Vice President Cass of the Great Western was nearby foundry. That is, the company will try to do business on the margin it now gets and will perhaps get through the winter and spring without advancing prices. The management admits, though, that if fruit gets much dearer it will have to ask more money for the pies.
