## NEBRASKA FROM DAY TO DAY

**Quaint and Curious Features of Life in a Rapidly Growing State.**

Attorney Hazen of Norfolk was "joshing" Fred Free Tuesday on sporting a new suit every time district court convened. Down in Norfolk, said Mr. Hazen, "lawyers make suits last two or three years." "You refer to a law suit," was the reply of Mr. Free. The clients of Norfolk attorneys are said to get very old and bald headed waiting for their cases to be brought to trial—Pierce County Call.

**Where Size Counted—**The boys at the depot were telling a sensational story yesterday on Fall "Fat" Greening, ticket agent, to the effect that he slipped and fell into a manhole Friday night and would have lost his life had it not been for his size which saved him from going to the bottom of the pit. Mr. Greening was on deck as usual yesterday, and showed little symptoms of a man who had met with such an unfortunate accident as reported.—Beatrice Sun.

**How Stories Grow—**A rumor spread along the streets Tuesday afternoon that the Farmers' and Merchants' bank at Lindsay had closed its doors. As the story spread it grew more specific and there were added details of the flight of the cashier with the funds. A call over the telephone to Lindsay soon proved that there was no foundation for the report, but it made quite a stir for a short time. The way the rumor is said to have started is decidedly amusing. A young man in the country received a card announcing the puerile condition at the "close of business" on a certain date. Being a literalist he reasoned that the "close of business" meant that the bank was closed, and so the story started.—Newman Grove Reporter.

## Cole's Hot Blast

WILL SAVE \$25.00 IN FUEL THIS WINTER

Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year. Spring, Fall or dead of winter. Strikes or coal combines cannot be a terror if you have a Cole's Hot Blast.

### Fire Never Out

It is the only stove that keeps the house warm all night and gives the family a warm breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from Saturday night to Monday morning.

### Saves the Dollars

If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap soft coal do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove.

### Scientific and Airtight

Construction throughout. A patented steel collar connects the elbow draft to the stove body and cannot open by action of the hottest heat. The patented compound hinge on the lower draft cannot warp and the draft door closes airtight by its own weight. The guaranteed smoke-proof feed door prevents smoke, dirt or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability.

Ask to see the patented draftless ash cover for removing ashes. One method is the only plan. Cole's Hot Blast makes .00 worth of fuel give more heat than \$10.00 worth in any other stove. Sold on a positive guarantee. Investigate today.

## CAUTION

See the words, "Cole's Hot Blast from Chicago" on the feed door of each stove. Nona genuine without it.

## PARTY LEADERS PLEASED

Organization of Republican Committee Gives General Satisfaction.

## CAMPAIGN TO BE A LIVELY ONE

Treasurer Brian Files His Monthly Statement—Trust Funds All Invested and Securities Held for Future Accumulation.

(From a Staff Correspondent.)  
LINCOLN, Oct. 1.—(Special.)—The organization of the republican state committee seems to meet with the hearty approval of state officers and leaders of the party. Chairman Hayward went home this afternoon and will settle up his private affairs within the next twenty-four hours and then start in actively on the campaign. Mr. Hayward realizes the time is short before the election and for that reason the campaign must be a whirlwind affair. He desires to keep in close touch with every member of the committee, and he expects these members to send him suggestions at every opportunity, as well as to keep him posted as to conditions in their several localities. He has promised that the committee will not be a one-man affair, but every member will have a hand in the management of the campaign, and he expects these members to send him suggestions at every opportunity, as well as to keep him posted as to conditions in their several localities. ## HAYWARD HEADS COMMITTEE

Republican Organization Perfected at Meeting Held at Lincoln.

(From a Staff Correspondent.)  
LINCOLN, Oct. 1.—(Special Telegram.)—The republican state committee in session here last night elected William Hayward of Otoe county as chairman, J. Warren Keifer, Jr., of Nuckolls county vice chairman, F. H. Corrick of Lancaster county secretary and Harry C. Lindsay financial agent and secretary.

With the exception of six members, the full committee was present, four of the absentees being represented by proxies. The candidates on the state ticket were invited to appear before the committee and recommend a chairman, but they informed the organization to the committee and would be satisfied with its action.

On the vote for chairman Hayward received 15 and Keifer 13 votes, after which on motion of Perry from Furnas, the election of Hayward was made unanimous. It took three ballots to put Corrick over the wire, his opponents being Clyde Barnard and Ned Brown. The latter, however, could not be located and no member of the committee was anxious to say whether he would take the place.

Chairman Hayward was authorized to select an executive committee consisting of himself and one member from each congressional district, but in his speech to the committee Mr. Hayward expressed the desire that every member of the committee keep in touch with the organization and feel free to know everything that was going on. His matter of selecting a headquarters was left to the executive committee, there being no talk of removal from the city of Lincoln, however.

Former Chairman Ross and former Secretary Perkins made short talks, in which they pledged themselves to work with the new organization to the end that the republican party be again victorious this fall and next year.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. For sale by all druggists.

You probably have some little want right now. And nine chances out of ten, or thereabouts, you could fill that want by using a Bee want ad. You may find your servants, and your errand boys, and your gardener without advertising, but a want ad costs so little, and is so easy and so quick, and such a sure method of finding the one who is employed that you cannot afford to get along without it.

## POLITICAL DEFEAT ENDS LIFE

Judge F. R. Waters of Lincoln Dies Suddenly After Race for Nomination. (From a Staff Correspondent.)  
LINCOLN, Oct. 1.—(Special.)—Judge Frank R. Waters, a prominent republican politician, died early this morning from a heart trouble after passing a night of suffering. Since the recent primary election at which he was defeated for the nomination as district judge, he has seemed broken hearted and his friends believe the defeat hastened his death.

## DEMOCRATS TO TEST NEW LAW

Ask Mandamus to Compel Placing of Names on Ballot. DAKOTA CITY, Neb., Oct. 1.—(Special.)—Thos. Sullivan, jr., of Jackson, a former county commissioner of this county and for years dictator of democratic politics in the county, through his attorney, Paul Gray, of this place, has filed his application in the district court asking for a writ of mandamus to compel W. L. Ross, county clerk, to place the following names on the official ballot to be voted at the coming November election: Treasurer, John Krueger; clerk, M. W. Jones; auditor, Paul Gray; assessor, Charles Ostermyer; assessor, Carl Larsen. At the recent primary election the democrats had put two candidates—sheriff and county superintendent of schools—who complied with the provisions of the new primary law in their nominations with the county clerk and paying the prescribed fee with the treasurer. The democrats of St. John's precinct, in which Jackson is located, and which is the strong democratic precinct of the county, evidently caucused together and at the primary election voted the above names on the tickets. It is now the number of about eighteen which was a sufficient number to nominate them provided the method was legal. County Clerk Ross refused the demand of Mr. Sullivan to place the names so voted for on the November election ballot, as the democrats contend that it is now their duty to compel him to do so by the courts. The matter is set for hearing October 7, before District Judge A. A. Welch, of Wayne, who is officiating as judge in place of Judge Guy T. Graves, upon request.

## FOOD STOPPED IT

Good Food Worth More Than a Gold Mine.  
To find a food that will put an absolute stop to "running down" is better than finding a gold mine.  
Many people when they begin to run down go from one thing to another without finding a food that will stop the progress of disease. Grape-Nuts is the most nourishing food known and will set one right if that is possible.

The experience of a Louisiana lady may be interesting. "I received a severe nervous shock some years ago and from that and overwork gradually broke down. My food did not agree with me and I lost flesh rapidly. I changed from one kind of food to another but was unable to stop the loss of flesh and strength.  
"I do not exaggerate when I say that I finally became, in reality, a living skeleton. My nights were sleepless, and I was compelled to take opiates in various forms. After trying all sorts of food without success I finally got down to toasted bread with a little butter, and after a while this began to sour and I could not digest it. Then I took to toasted crackers and lived on them for several weeks, but kept getting weaker.  
"One day Grape-Nuts was suggested and it seemed to me from the description that it was just the sort of food I could digest. I began by eating a small portion, gradually increasing the amount each day.  
"My improvement began at once for it afforded me the nourishment that I had been starving for. No more harassing pains and indigestion. For a month I ate nothing but Grape-Nuts and a little cream, then I got so well I could take on other kinds of food. I gained flesh rapidly and now I am in better health than I have been in years. I still stick to Grape-Nuts because I like the food and I know of its powerful nourishing properties. My physician says that my whole trouble was a lack of power to digest food, and that no other food that he knows of would have brought me out of the trouble except Grape-Nuts. There's a Reason."

## A Remedy for Cataract

The best time to treat cataract is at the very beginning. A bottle of Katarino properly used rarely fails to cure a common cataract, thus preventing chronic cataract. While many people have been relieved of cataract by a single bottle of Katarino, yet as a rule, when the cataract becomes thoroughly fixed more than one bottle is necessary.

Katarino has relieved cases innumerable of twenty years standing. It is the best, if not the only, internal remedy for chronic cataract in existence. But prevention is far better than cure. Every person subject to catching cold should take Katarino at once, at the slightest symptom of cold, at this season of the year, and thus prevent what is almost certain to end in chronic cataract.

**BEATRICE**—Judge Kelliger and Mayor Holt held court yesterday afternoon. Judge Kelliger rendered a decision in the case of J. H. Holt vs. Burlington, in favor of the plaintiff, after having the case under advisement for several weeks. This is one of the most important cases that has been disposed of in some time. Some years ago Geo. Holt, a farmer living north of the city, died leaving a young and one child. His estate consisted of a small farm and about \$50 worth of personal property. The widow, Mrs. Holt, had remarried, and at a time the place was mortgaged by her for \$1,000. The mortgage was not paid, and the place apparently changed hands several times, but in the meantime the child, Etta Holt, grew to womanhood, and recently she was married to a man named J. H. Holt, who was the son of the land was hers by right. The decision of the court was that the land be given to the plaintiff on payment of \$700, which was due on a mortgage.

## A POPULAR PAINTING.

Splendid Picture of William J. Bryan and "Home Folks" Now Shown at Brandeis.  
The firm of J. L. Brandeis & Sons has secured another picture of note to be exhibited at the same time with Rosa Bonheur's "Old Darby." The latest acquisition is a large painting of William J. Bryan, Mayor James C. Dahlman and members of the Nebraska "Home Folks" delegation who met the famous statesman on his return from Europe. This picture is now on display in one of the sixteenth street windows in Brandeis new store.  
It is through the courtesy of the artist, Catherine Carlisle Cooley, that this painting is shown first at Brandeis. The work is an extraordinary likeness of Bryan, Mayor Dahlman and their companions and it is valued at a remarkably high figure.  
It is a unique coincidence that Catherine Cooley, who was a pupil of Rosa Bonheur's, should exhibit a picture at the same time and place with her teacher's work. Mrs. Cooley will be remembered as the artist who presented a \$500 painting to Alice Roosevelt, the White House bride. Other works of note by this artist are portraits of James G. Blaine and family, Senator Roscoe Conkling and family, President and Mrs. McKinley and other famous personages.  
The painting will be on exhibition all week in Brandeis' window.
