The following letters should con-vince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes : Dear Mrs. Pinkham :--

"I take great pleasure in writ-ing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a eyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am wery thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live.

Mrs. E. F. Hayes, of 26 Ruggles St. Boston, Mass., writes :

Dear Mrs. Pinkham :--

"I have been under different doctors treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well women. Lydia E. Dear Mrs. Pinkham :-

"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman.

Mrs. M. M. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham :--

"I had a tumor and Lydia E. Pink-ham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E Pinkham's Vegetable Compound far and near.

Such testimony as above is con-vincing evidence that Lydia E. Pink-Vegetable Compound stands without a peer as a remedy for Tumor Growths as well as other distressing ills of women, and such symptoms as Bearing-down Sen sations, Displace-ments, Irregularities and Backache. etc. Women should remember that it is Lydia E. House Proposition. SLAP AT THE COMMERCIAL CLUB

Such is the Construction Solomon. Puts on Motion Ure Makes and Withdraws to Adjourn

to Fifteenth. That the \$1,000,000 bond proposition for a

new court house will not be submitted to the votors at the regular fall election appears to be almost certain from a meeting of the county board Tuesday morning. The proposition was threshed out when Ure made a motion to adjourn until October 15.

As the bond proposition would have to be advertised thirty days before the election Saturday, October 5, is the last day upon which the board could act and get the question on the ballot. An adjournment until October 15, would have killed the court house plan for the regular election at least. After some discussion Ure withdrew his motion, but a majority of the commissioners had practically committed themselves in opposition to its submission at the fall election.

Kennard was the only one of the commissioners who spoke strongly in favor of giving the people a chance at the proposition this fail. He declared he did not favor submitting the question unless a large number of people appeared to be in favor

of it, but he thought the voters should be given a chance now to record their desires. Solomon Will Not Decide.

Solomon, who has been one of the prime movers in favor of submission, strongly opposed adjourning over Saturday. As the Commercial club has expressed a desire to meet with the commissioners on that day he declared it would be a slap in the face of the club members if the board adjourned until the 15th without hearing representatives of the club. He announced that as he did not expect to be a membe of the bgard next year he would not cast a deciding vote in favor of the court house bonds.

"Under the circumstances," he said, "if the vote should stand 2 to 2, I would not cast a deciding vote in favor of submitting the bonds."

PLANS TO PAVE IN CHICAGO Specifications for Asphalt Work Be-

ing Prepared by Omaha City Engineer.

City Engineer Rosewater is preparing specifications for asphalt on Chicago streets. The specifications will be sent to the head of the department of public work in a few days. The report of the city engineer is comprehensive, dealing with every feature of the paving problem. Speaking of the work in Chicago, Mr. Rosewater, says that after considerable lifficulty, one contractor has succeeded in obtaining what is considered as a practically perfect ashaplt composition, something for which engineers have been work ing for years. The combination is brought about through a combination of sands, which permit the use of 13 per cent of bitumen, where 11 per cent was considered the limit.

by the church people of Omaha. One of the features of the conference will be the daily address at 4 p. m. by Dr. Henderson of New York City, who will speak

on the topic of "Evangelization." Another speaker will be Dr. A. J. Kynett of Philadelphia, one of the secretaries of the Board of Home Missions. His topic will be "Home Missions." Dr. Maveety of Kansas City, secretary of the Board of Education of the church, will also address the conference.

A lay electoral conference will be held in connection with the general conference Friday, when one lay delegate from each pastoral charge will be present. This lay conference Friday will elect three lay delegates to the general conference which meets at Baltimore next May. The general con ference will also elect three ministerial delegates to the same general conference which is made up of an equal number of lay and ministerial delegates.

Numerous changes will be made in pas torates. Omaha will see three important changes, Rev. C. C. Cissell leaving the Hanscom Park church, Rev. J. Randolph Smith leaving Trinity church, and Rev. D. W. McGregor leaving Dietz Memorial Vacancies will occur at Grand church. Island, Fullerton, Wayne, Norfolk and other towns. Who the successors to the

CHECK ON PROCESS BUTTER

BREW KETTLES

Bureau of Chemistry Will He a Good Thing in That Respect, Says Agent Evans.

Government officials do not thoroughly agree with certain butter producers in their enthusiastic denials that process or adulterated butter is still being manu-

factured to some extent. "The establishment of a bureau of chemistry at Omaha for passing upon the purity of food products will be a big thing for the Internal Revenue department," says Special Agent Evans. "Just at this time we have a big job on our hands testing the various characters of process and aduls terated butter produced in this district, which includes Iowa. We have to inspect these samples here and then pack them and send them way off to Washington for inspection and analysis at the bureau of chemistry there. With the establishment of a bureau of chemistry here, all of these analyses could be made here and a big bill of expressage saved the government I think there is but little doubt, but that we will get the bureau here at Omaha."
