Liberty for Individual and Proper Control of Corporations His Theme—Boat Delayed by Accident to Machinery.

BULLETIN

ST. LOUIS, Mo., Oct. 3.—A long distance telephone message from Cairo, Ill., was received by the Associated Press at 4:15 this afternoon to the effect that the steamer Mississippi, bearing President Roosevelt to Memphis, had broken its machinery and put into the shore for repairs.

CAIRO, Ill., Oct. 3.—When President Roosevelt stepped ashore here at 9 o'clock today he manifested every evidence of having spent a comfortable night on the steamer Mississippi, as his spoken words confirmed the impression made by his appearance. He retired about midnight last night and here was little to disturb his rest except two or three demonstrations on the shore which, though violent while they lasted, were of no consequence.

Deep Channel Gets Impetus.

LIBERIA IS THEIR COUNTRY

Negro Colonization Official Thinks They Will Progress if Sent There.

DENVER, Colo., Oct. 3.—J. N. Walker, president of the Colorado-African Colonization society, in an address on the race problem delivered here last night at the Central Presbyterian church said separation was essential for the blacks as well as for the whites, because only by that means can the African race develop along the lines which nature intended. Conditions are steadily growing worse for them. He said the only way to escape a condition that is rapidly becoming worse is by emigration to Liberia, where a black republic can be built up.

EXTRA OMAHA-CHICAGO TRAIN

Another Passenger Will Be Put on by the Illinois Central Road.

WATERLOO, Ia., Oct. 3.—(Special.)—The Illinois Central will soon place an extra passenger train between Chicago and Omaha to care for the extra traffic occasioned by the 2-cent fare. Since the rate became effective every train is late on account of hauling additional coaches and every car is crowded, standing room being at a premium.

Minnesota Grand Jury Investigating Alleged Boycott by Lumber Dealers.

Scarcity of School Teachers.

HURON, S. D., Oct. 3.—(Special.)—Twenty school teachers are needed or by Superintendent J. W. Smith to fill vacancies in country schools in Beadle county. The supply of teachers is exceedingly scarce and although wages run from \$45 to \$60 per month, it is almost impossible to induce teachers to take country schools. In some districts it has been found necessary to merge two schools, one teacher teaching alternate days in different school houses. Appeals have been sent to eastern states for school teachers and some have found their way to this locality, but there is room for at least 150 more in this section of the state.

Gas Well is Lighted.

BASIN, Wyo., Oct. 3.—(Special.)—The gas well which was struck about eight miles from this place last July was recently set afire by someone, probably out of curiosity, and the gas burned so far from being able to extinguish the flame, the gas rushes out with such force that the roar of the flames can be heard here when the air is still. Several other borings are being made in different places within a radius of two or three miles and every indication points to oil and gas being found in large quantities.

FAVORS DEEP WATERWAY

Illinois Central Will Throw No Obstacle in Way of Completion.

LINE UNABLE TO MOVE TRAFFIC

President Harahan Declares What-ever Tends to Develop Country Increases Value of Railway Project.

CHICAGO, Oct. 3.—The management of the Illinois Central road has decided to throw its influence in favor of a deep waterway from the great lakes to the gulf. This became apparent yesterday when J. T. Harahan, president of the road, stated that he would go to the deep waterways convention to be held in Memphis on Friday of this week and would there give an address strongly favoring the project.

In the past the general opinion among railway managements has been that waterways injure the railroad business by keeping freight rates down. The attitude of the Illinois Central management with respect to the present deep waterway project is that it will develop the southern states and in the development of the south increased tonnage will be made for the Illinois Central and the Yazoo & Mississippi Valley lines.

"Unless something unforeseen intervenes," said Mr. Harahan yesterday, "I shall attend the deep waterway convention and shall deliver a speech in favor of the project which I think it will be an advantage from a railroad standpoint. The railroads of this country have nothing to fear from waterways, but everything to hope. It is a mistaken idea that the Illinois Central railroad would be injured by a navigable waterway from the great lakes to the gulf through the Mississippi valley. The railroads have been utterly unable to handle the tremendous traffic which has been offered them during the last few years. In my judgment they will be unable to handle all the traffic for many years to come, so that no matter how many waterways there may be, the railroads will not be hurt by reason of tonnage taken from them. In general it may be said without fear of successful contradiction that whatever tends to develop a country or a section of a country increases the value of a railway project."

PLAN TO FIGHT HARRIMAN

Stockholders at Hartford Organize to Support Fish in Illinois Central Contest.

HARTFORD, Conn., Oct. 3.—At the meeting of the stockholders of the Illinois Central railroad held here today it was unanimously voted to have all of the proxies of the stockholders present turned over to Charles M. Beach of this city, who is a director of the road and a supporter of Stuyvesant Fish in the fight with the Harriman interests. Those who had sent their proxies to Mr. Harriman will cancel them.

The stockholders represented over 8,000 shares. The meeting was overwhelmingly anti-Harriman and besides voting on the disposition of proxies adopted resolutions setting forth: "Whereas, The present controversy in the management of the Illinois Central railroad has brought to the knowledge of the stockholders the fact that the board of directors has delegated their powers in intervals of session to an executive committee of their number, which in turn has conferred the same absolute power upon their chairman, which we believe to be a grave danger to the interests of the corporation and of its stockholders, and

"Whereas, The fact has become known that by this concentration of authority the officers have been able to make large loans to themselves on such securities and terms as they themselves deem sufficient and are the sole judge. And as it is also evident under this present system it is possible for individuals delegated with these powers to make in his own interests this railroad and its business subordinate and contributory to other roads in which he may have a greater personal interest, and therefore we stockholders of the Illinois Central railroad protest against this improper and hazardous practice, and we request the board of directors to take such action as will prevent these evils in the future."

S. M. Young of New York, a representative of Harriman interests, was in the building but did not attend the meeting.

GRAIN MEN ASK FOR CHANGE

Pass Resolution Requesting Division of Duties Between Interstate Commerce Commission.

CINCINNATI, Oct. 3.—The following officers were elected at today's session of the National Grain Dealers' convention: President, E. A. Reynolds of Crawfordville, Ill.; vice president, A. V. Tyng of Peoria, Ill.; secretary, W. A. Washen, Kansas City; directors, W. A. Washen, Kansas City; D. Rothchild, Iowa; Charles Jones, Tennessee; B. House, Oklahoma, and L. A. Morey, New York.

A resolution was passed favoring the separation of the functions of the Interstate Commerce Commission and the Department of Commerce and Labor or a new railroad department to perform the executive and the present commission to perform the judicial functions.

NO IMMUNITY PROMISED HIM

J. M. Fox Declares He Never Had Any Suggestion of It While Testifying.

MILWAUKEE, Oct. 3.—James M. Fox, vice president of the Federal Coal and Iron company, testified today in the examination incident to the so-called Colorado land fraud cases, that he had never been promised immunity by Special Agent Linn or any other federal official because of the testimony given by him before the grand jury in Denver. He declared that Mrs. Fox withdrew her filing on coal lands last May, because he wanted her to quit when he learned that trouble was brewing. A remark of the commissioner was construed to mean that the effort of the defense to show no cause for action has thus far failed.
