New Coal Mines Shipping Product. BASIN, Wyo., Oct. 8 .- (Special.) -- The mines of the Owl Creek Coal company, commonly known as the Gebp mines, be gan shipping coal last week. Cars have been loaded rapidly and the company expects in a few days to be shipping 500 tons per day, and as the facilities for loading are improved this output will be greatly increased. The quantity is so great that it is hard to even estimate the future output. This coal can be shipped to the whole of the northwest to greater advantage than any other good grade of coal in the country, so that the market will be practically unlimited.
