Three Hydrants Missing.

Lost, strayed or stolen, three fire hydrants. Finder please notify Oscar Younkerman, councilman from the First ward.

Councilman Younkerman, who a few months ago was deputized by the city council to make tests of the fire hydrants, has prepared a map showing the locations of the hydrants. He has been unable so far to locate but 285 hydrants, while the municipal records show there are 288. Before submitting his somewhat belated report to the city council Mr. Younkerman intends to count the hydrants with a view of locating the three missing ones. Mr. Younkerman stated yesterday that he did not consider it necessary to make any more water pressure tests. "We have tested mains of every size in the city and from the results of these tests we can tell what the remaining hydrants will show," he said.

More Trouble for Green.

Bert N. Green, the feather renovator man, is in trouble again. He was taken into custody yesterday at the request of the sheriff of Rockport, Mo., who notified the local authorities that he held a warrant for Green's arrest on a charge of illegally selling liquor. The Rockport sheriff informed the local authorities that he had applied for a requisition and had been notified that it would be granted. Green, however, intends to fight the granting of the requisition and his attorney will go to Des Moines tonight to resist it.

Shortly after Green had been lodged in the county jail Constable Maltby of Justice Greene's court appeared with a warrant for his arrest on complaint of his wife, who filed an information against him and a woman named Lillian McCabe, charging them with maintaining illicit relations.

Green was arrested a few months ago charged with obtaining money under false pretenses in connection with a feather renovating deal, but the recent grand jury ignored the charge.

BIGGEST MORTGAGE ON RECORD

Wabash Files One for Two Hundred Million.

The largest mortgage ever filed in Pottawattamie county was entered for record yesterday by County Recorder Baird. It is for $200,000,000 and is given by the Wabash Railroad company to the Bowling Green Trust company of New York, J. C. Van Blarcom of St. Louis and James B. Forgan of Chicago. It covers all of the property of the railroad, including trackage, rolling stock, etc.

The mortgage is to secure $200,000,000 first refunding and extension 4 per cent bonds which run for fifty years from July 1, 1906, to July 1, 1956. In issuing the new bonds the Wabash retires mortgage bonds to the amount of $50,000,000, funded notes to the amount of $13,160,000, equipment obligations of approximately $10,000,000, and guaranteed bonds in the amount of $1,100,000. As these obligations aggregate a little less than $115,000,000, there will be a surplus from the new bond issue of $85,000,000 which is to be used in extending and improving the system. The document, printed and bound and containing 122 pages, was filed by B. C. Winton of St. Louis, assistant attorney for the railroad company. The mortgage has been or will be filed in every county through which the Wabash runs and it was figured in Recorder Baird's office yesterday that the expense of filing would be about $12,000. The fee for filing here was $32.

Until yesterday the largest mortgage ever filed in Pottawattmie county was one for $163,000,000 given by the Chicago, Rock Island & Pacific Railroad company, which was entered for record three years ago.

Iowa News Notes.

ONAWA—Mrs. G. W. MacMillan, one of Onawa's best known society women, has rented a furnished house in Chicago and will reside there this winter, returning to Onawa next June.

ONAWA—Joseph Shook, a young man aged about 20 years, attended a bowery dance near Blencoe, was stricken with heart disease and died soon after reaching home. He was a farmer and the sole support of aged parents.

CRESTON—J. Boyer & Sons, confectionery dealers here, are about to open a branch store at Shenandoah. They already have one branch store at Red Oak. Mr. Rolla Boyer, one of the sons, will have charge of the new place.

CRESTON—Mr. Henry, the liveryman, has purchased a fine tally-ho, to be used in his business. It is a smart turnout, and a number of tally-ho parties have been out for a spin, but the disagreeable weather of the past week has not been conducive to pleasure rides.

CRESTON—The Second United States regiment is expected to arrive in this city next week, coming from St. Joseph, Mo. It is the same regiment that was here a few weeks ago. They will remain over night, and McKinley park will be their campground while in the city.

CRESTON—Ed Ashenfelter was arraigned before Justice Skinner and sufficient evidence was produced to bind him over to the grand jury for the next term of court. He is charged with the theft of a sewing machine. He gave bonds in the sum of $300 and was allowed his freedom.

ONAWA—Christian Anderson, a Danish bachelor of Belvidere, died last year, leaving an estate of about $12,000 in land and money. By the settlement of the estate just perfected, Miss Winefred Isenwarts, who lives near Pisgah, Harrison county, Ia., has been awarded $3,500 as an illegitimate daughter, and relinquished her claim on the balance of the estate, which goes to relatives in Denmark.

ATLANTIC—Dr. H. B. Crawford and C. L. Gill, former druggists of this place, who were indicted for selling liquor unlawfully, changed their plea from not guilty to one of guilty, and were fined $300 and costs each. Neither defendant appeared in court, and communication with their bondsmen in Des Moines revealed that fact that their whereabouts are unknown, so their bonds may be forfeited if they do not appear to pay the fines.

ONAWA—The Monona County Board of Supervisors has let the contract for the McCandless drainage ditch in the northwestern part of the county to Callahan Bros. & Kratz of Omaha, for 8.63 cents per cubic yard. Other bids were: Scott Delvy & Son, Fox Home, Minn., 8.85 cents; Morgan & Co., Bellefontaine, O., 8.98 cents; R. H. McWilliams, Mattoon, Ill., 9.25 cents. The contract price is the lowest that has been let in the county so far, and is regarded as very favorable for the landowners. The district is known as No. 5, and contains about 10,000 acres of land. The main ditch is about eight miles long, with two laterals, making about fifteen miles of ditch. The first half is dry digging, balance wet, and a dredge boat will be used for the work.

Caught Stealing

A few days ago we had a dealer arrested and are now prosecuting him for putting another—cheaper—beer into our bottles and selling it as Schlitz.

Substitution robs you as well as us.

Our yeast is distinctive; no other brewery's is the same. It is developed from an original mother cell brought to this country by one of the founders of our business.

Our grain and our hops are selected from the best that is grown. We pay more than our "just as good" imitator to get a quality better than he thinks is "good enough" for his beer.

The theft of our name—giving you another beer when you think you are getting Schlitz—is what robs us.

You think you have had Schlitz—are disappointed and may not ask for it again—therefore, we are most anxious that you get our beer and not a substitute. So we say

Ask for the Brewery Bottling.
See that the cork or crown is branded Schlitz.

MUCH INTEREST IN TRIAL

Murder Case at Denison, Ia., Involves Acts of Two Syrian Peddlers.

DENISON, Ia., Oct. 6.—(Special.)—The trial of the Hasson brothers for the murder of their cousin Nawfi reached a climax of interest today, when the defendants were put on the stand in their own defense. The murder occurred on the night of January 5, last. The defendants state that they and Nawfi, who was their cousin were at Omaha buying goods between Christmas and New Years days, and that on the Tuesday previous to the murder they came to Panama to the house of a friends, where each put goods in their respective wagons and started northward peddling goods. There was an arrangement that all should meet in Denison on the following Saturday. Joseph, who was the leader of the groups, says he made but one stop between Panama, which is in Shelby county on the Milwaukee until he reached Denison and then went on north some twelve miles, reaching the home of a man named Johnson, where he expected to put up. He put up his two-horse peddler outfit and in the afternoon borrowed a light two-horse wagon from Johnson and drove to Denison to meet Nawfi and his brother. Joe and Nawfi were about town together from 4 o'clock on and about 7 the younger brother Solomon came down from Ellis by rail a small station on the Illinois Central, ten miles north of here. Joe claims that he and Nawfi were with a woman of ill repute until 10:30, while the younger brother Soloman remained about the depot looking after the horses. Joe claims that he and his brother then got in the buggy and drove back to Johnson's, arriving there at about 1:30 in the morning, leaving Nawfi still in Denison. They went to bed with their clothes on. The next morning they rearranged their goods and went on peddling until arrested. It was finding blood on the light wagon which first made people think the Hasson brothers were guilty of the murder. Joe had blood on his coat when arrested, blood which the expert from the state university said was human blood. He accounted for that by saying he had the nose bleed, but could not tell the time or place when he had it. He had accounts of the dead man in his possession, accounting for this on the ground that Nawfi gave them to him, although he said he never collected for him. The fact of the blood on the buggy, on the seat and on a club said to have been in the possession of the defendants, and their contradictory statements at the time of their arrest, will go far to disprove their claims of innocence. The case will not close this week.

Grand Jury Probing Graft.

ATLANTIC, Ia., Oct. 6.—(Special.)—The Cass county grand jury is determined to probe to the bottom the charges of graft against the Board of Supervisors, and after having taken steps to that end once and being balked by the action of the board, they have again asked for instructions as to how to proceed. Last session they requested the appointment of an expert accountant to examine the books, so that they could properly investigate, and the court appointed George Pennel. He worked twenty-one days and presented his bill of $5 per day as allowed by law. In this time he had worked three Sundays, and the board refused to allow him pay for the Sunday work. As a consequence he threw up the job half finished and the grand jury could not make their report. This session the grand jury went to the judge, stated the case and asked for instructions. Judge Thornell reprimanded the board for its action, saying the Pennel bill should be allowed, Sunday work and all, and if Mr. Pennel now not continue the examination he would adjust starting and the conductor refused to point another expert to complete the work. Final action has been postponed pending the return of Mr. Pennel from Maine to see if he will continue the work.

Damage Suits Against Railroad.

ATLANTIC, Ia., Oct. 6.—(Special.)—The jury in the case of Louis Wheeler, who sued the Rock Island for $5,000 damages for injuries sustained while working for the company, returned a verdict in favor of the company. Wheeler had settled with the company for $80, but claimed this had been secured upon representation by the agent that it was merely for loss of time and that another agent would settle for the injuries.

The case of Deputy Sheriff W. H. Bosley for $1,990 against the Rock Island was then taken up. This promises to be an interesting case and will probably go to the supreme court, as some delicate points of law regarding the attitude of conductors on a passenger train toward the officers of the law are involved. Mr. Bosley went into a passenger train here to arrest two parties wanted on suspicion. The train was stop it to allow officers and prisoners to get off. They stepped off while the train was moving and Mr. Bosley stepped on the icy platform, dislocating his shoulder and sustaining other injuries.

New Road Nearing Completion.

ATLANTIC, Ia., Oct. 6.—(Special.)—Christmas day, 1907, has been set for the opening of the new Atlantic, Northern & Southern railroad from here to Kimballton. This will be just thirteen months after the first step toward organization was taken. Already fifteen miles of the roadbed has been completed, leaving but three miles more to complete. An engine has been ordered and the laying of steel from this end of the line has commenced. General Manager H. S. Rottenborg drove the first spike and Secretary Joseph Stiers the second. Plans are already being laid for its extension next year both north and south.

It is announced by Mrs. O'Grady's attorneys that they will will not later than Monday make an application for the defendant to be admitted to bail, pending her trial in the circuit court.
