

GRAIN AND PRODUCE MARKET

All Lines Open Strong and Higher on Reports.

DOMESTIC AND FOREIGN BOAST

Prices Advance Early and Develop a Baying Fever that Reaches Almost to the Point.

OMAHA, Oct. 9, 1907.

All grain markets opened strong and advanced steadily on reports of a baying fever and developed almost to the point. All offerings were taken at almost any advance.

Wheat opened extremely strong and in view of heavy realizing on long lines prices advanced early and developed a baying fever that reached almost to the point.

Corn was strong at the start and advanced steadily on reports of a baying fever and developed almost to the point.

Primary wheat receipts were 1,097,000 bushels and shipments were 1,020,000 bushels against receipts last year of 1,147,000 bushels and shipments of 620,000 bushels.

Clearances were 290,000 bushels of corn, 6,000 bushels of oats, and wheat and flour equal to 37,000 bushels.

Liverpool closed 1 1/4 higher on wheat and unchanged to 1/4 higher on corn.

Seaboard reported 350,000 bushels of wheat and 30,000 bushels of corn, taken for export.

Local range of options: Wheat—Dec. 1.02 1/2, 1.03 1/2, 1.04 1/2, 1.05 1/2; May 1.01 1/2, 1.02 1/2, 1.03 1/2, 1.04 1/2.

Chicago Cash Prices: Wheat—No. 2 hard, 96¢; No. 3 hard, 95¢; No. 4 hard, 94¢; No. 5 hard, 93¢; No. 6 hard, 92¢; No. 7 hard, 91¢; No. 8 hard, 90¢; No. 9 hard, 89¢; No. 10 hard, 88¢; No. 11 hard, 87¢; No. 12 hard, 86¢.

Carrot Receipts: Wheat, Corn, Oats, Flour, Beans, Peas, Potatoes, Apples, Pears, Grapes, Raisins, Prunes, Figs, Dates, Walnuts, Almonds, Pecans, Cashews, Pistachios, Macadamia Nuts, Brazil Nuts, Pineapples, Oranges, Lemons, Limes, Tangerines, Grapefruit, Watermelon, Cantaloupe, Honeydew, Pumpkin, Squash, Eggplant, Tomatoes, Peppers, Onions, Garlic, Potatoes, Sweet Potatoes, Turnips, Rutabagas, Carrots, Parsnips, Celery, Cabbage, Cauliflower, Broccoli, Brussels Sprouts, Asparagus, Green Beans, Lima Beans, Kidney Beans, Navy Beans, Pintos, Black Beans, Chickpeas, Lentils, Peas, Corn, Oats, Wheat, Rye, Barley, Buckwheat, Sorghum, Millet, Amaranth, Quinoa, Buckwheat, Sorghum, Millet, Amaranth, Quinoa.

Chicago Grain and Provisions: Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Oct. 9.—Wheat prices on the local exchange were strong and higher, with high rice market for the season, the May delivery selling up to 1 1/2¢ and the December option at 1 1/4¢.

The wheat market was strong all day. There was a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of wheat and flour were equal to 37,000 bushels. Primary receipts were 1,097,000 bushels, compared with 1,147,000 bushels the corresponding day a year ago.

The corn market was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of corn were 290,000 bushels. Primary receipts were 1,097,000 bushels, compared with 1,147,000 bushels the corresponding day a year ago.

The oat market was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of oats were 6,000 bushels. Primary receipts were 6,000 bushels, compared with 6,000 bushels the corresponding day a year ago.

The flour market was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of flour were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for provisions was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of provisions were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for oil was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of oil were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for sugar was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of sugar were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for coffee was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

NEW YORK STOCKS AND BONDS

Renewed Liquidation Causes Sharp Slump in Low-Priced Issues.

HEAVY SELLING FROM ABROAD

Decrease in Railroad Earnings and Unsavory Developments in New York Traction Finance Alarms Investors.

NEW YORK, Oct. 9.—There were evident signs of renewed liquidation of securities today, the current setting with special clearance through the market of stocks those selling below 40 being most affected.

The majority of the stocks in the market today made wide declines in the course of the day, dealing in the market those that were most so were affected in today's liquidation.

The selling was caused by a combination of factors, the most important of which were the decrease in railroad earnings and the unsavory developments in New York Traction Finance.

The decrease in railroad earnings was caused by a combination of factors, the most important of which were the decrease in freight rates and the increase in operating expenses.

The unsavory developments in New York Traction Finance were caused by a combination of factors, the most important of which were the decrease in earnings and the increase in operating expenses.

The market for bonds was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of bonds were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for commodities was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of commodities were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for metals was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of metals were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for textiles was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of textiles were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for chemicals was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of chemicals were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for machinery was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of machinery were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for electrical equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of electrical equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for transportation equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of transportation equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for construction equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of construction equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for agricultural equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of agricultural equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for mining equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of mining equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.

The market for industrial equipment was strong and higher, with a steady demand, which was based largely on sharp advances at the principal European grain centers.

Clearances of industrial equipment were 37,000 bushels. Primary receipts were 37,000 bushels, compared with 37,000 bushels the corresponding day a year ago.
