CAMPAIGN WORK GOING ON

Republican Committee Taking No. Chances on Account of Off Year.

STOCKMEN TO MEET IN JANUARY

Effort Being Made to Induce Nebrankans to Take Proper Sanitary Precautions in Line with Tuese of Other States.

(From a Staff Correspondent.) LINCOLN, Oct. 10.-Work at the republi can state headquarters is progressing nicely and considerable more interest is being taken than is usual in an off year. Poll books will shortly be in the hands of the enty and precinct chairmen and the work polling the state will be hustled as rapily as possible. W. B. Rose, former state chairman, is a frequent visitor to the headquarters and his advise is freely asked and given in matters relating to the work of the committee. The importance of the work being done now, Chairman Hayward desires impressed upon the county and precinct workers. The campaign and organization this fall is preliminary to the real big battle next year when a president is to The work of organizating will can column in the presidential year.

The fact that the democrats are badly split and disorganized has no weight with asking if the attorney general had ever Chairman Hayward. He desires to impress given an opinion as to the legality of that upon the republicans of the state that it is portion of the pure food law. Inasmuch going to take a real fight to continue the as Johnson had furnished the county atepublican administration of affairs and a torney with enough evidence upon which slip this fall will make just that much to base a complaint, he concluded any harder the winning of the coming battle farther correspondence on the subject with

Incidentally there is liable to be

coming months in which a number of com- THOMPSON canles may be mustered out of the service. Letters' coming to the state house indicate the men high up in the guard pay little atention to military requirements in making up reports and in a few instances officers have actually written sarcastic letters to the adjutant. Among the reasons assigned for the poor condition of the guard is the election of inefficient officers in many in stances; that the privates get no pay except when in camp; the cost of rent for armories, which has to be paid largely by the members of the guard. At this time the government is paying about two-thirds of the expense of the guard and unless the required efficiency is reached by January this aid will be discontinued. Prosecution of Packers.

County Attorney English having failed to show a disposition to file complaints against the packing houses at the request of State Food Commissioner Johnson, the complaints will be filed by County Attorney Tyrrell of Lancaster county. This, Mr. Johnson decided upon this afternoon after

waiting for about two weeks for English to get busy. On September 26 Johnson wrote English that the packing houses in Omaha were selling meat packages not stamped properly with the net weight and therefore the law was being violated. To get the evidence, he cited the county attorney to any market in Omaha where meat is sold. In reply, English informed noe cease with the election this fall, but the commissioner it was necessary for the will be continued throughout the year, so county attorney to have the names of that Nebraska can be kept in the republi- the defendants; the instances where the law was being violated and other specific information. a general shaking up of the guard in the RYDER TALKS AT HASTINGS Labor Commissioner Makes Address on Child Labor Before

Wemen's Club. HASTINGS, Neb., Oct. 19.-(Special.)-Labor Commissioner J. J. Ryder spoke to the Woman's club meeting this afternoon. He said that in round numbers there are ASTHMA & HEAD NOISES probably 3,000 manufacturing establishments in Nebraska today. To count the stores and other places named in the law would greatly increase the number of working places to be considered. It is a conservative estimate to say that 50 per cent of all the working places are concerned with the question of child labor, at least to some extent. Still, in face of these facts, the law provides only for a velunteer board of five inspectors. They are not even allowed street car fare, nor is any

Romarkable Cures Not one case, but hun-reds of cases have sen quickly cured by ur new method of provision made even for stationery. Estimates based on United States census figures indicate that of the almost 80,000 male children in the state between 10 and employed in various occupations. This percentage means, roughly, 13,500 boys at work, In round numbers the female children between 10 and 15 years may be set down as the same of taste and amel, breaks down the affected tissues, consumes the masal cartilages and rots away the delicate bones of the nose. Dyspepsia and censumption can also be gers and newsboys, delivery boys and simiconsumption can also be directly traced as start-ing from the catarrhai discharges which drop from the throat and pass into the lungs and stom-ach. for scattered groups, there will be about 20,000 children who can properly be called breadwinners. The number of complaints of actual or deliberate evasion of the law is very small to date. There is a finer spirit among employers than a mere fear of the law. If they were setting themselves to vex and defeat us, our forces are utterly inadequate to cope with them, but they are not. Nebraska employers are, in

Spend Your Own Money

Your Own Way

Does it not seem strange to you that a dealer who tries to substitute, when you ask for an advertised article, should assume that you are not capable of spending your own money? Show him that you are by insisting on getting what you ask for and refusing any aubstitute. Substitutes pay him a larger profit, otherwise he would give son what you ask for, with out question. Manufacturers of udvertised articles produce large quantities, being enabled thereby to manufacture cheaply and furnish the public with high grade goods at the price of inferior substitutes.

Substitutes Are Expensive At Any Price.

Declares His Stand on Primary Vacancies is Correct. FEWER PASSENGERS DURING YEAR

Annual Report of Union Pacific Road Shows Less Traffic for 1907-Mills Man Files a Complaint.

(From a Staff Correspondent.) LINCOLN, Oct. 18 .- (Special Telegram.) -Attorney Paul Pizey of Dakota City, who acted in the case brought by democrats of Dakota county seeking to enforce the right to fill vacancies on the party ticket left blank at the primary, has written to the clerk of the court here asking if a similar case is not now pending before the supreme court. The Dakota county case was decided by Judge Welch in favor of the democrats, the court holding they have the right to fill vacancies and give new candidates party endorsement. Attorney Pizey was seeking information before deciding

whether to take the case up. There is no similar case in supreme court and if the test of the law on this point is to be made this fall, it must come in the Dakota county action. Attorney General Thompson insists that his opinion that vacancies cannot be filled except by candidates running by petition, is correct. He is sustained in this by a recent decision of the Minnesota supreme court. He holds the primary is not in the nature of a general election, but is a big family affair among the members of each party. Reglations that have been governing the elections have no force with the primary except as the law specifically provides them. In this case, where a vacancy exists after the primary, it is supposed the party had knowledge of the matter and was satisfied to permit the condition.

Report of Union Pacific. The Union Pacific road has filed its anmal report with the railroad commission for the year ending June 30, 1907. The report shows the average price per mile paid per passenger for that period in state traffic was \$00,0196. In 1907 the average price paid per passenger was \$2.64 and in 1906 it was \$2.76. The number of passengers hauled in 1907 was 3,078,538, as against 4,803,094 in 1906.

The period covered in the report in cludes about eight months before the 2cent fare law went into effect, indicating that the railroad received a trifle less than cents before the law went into operation

Will Seek to Get Cases Back. Attorney General W. T. Thompson anunces today that he would ask the upreme court of the United States for a writ of mandamus to compel the district judges for Nebraska to remand the railroad cases over which jurisdiction was gained in the federal courts. These cases involve the enforcement of the anti-pass, the 2-cent fare, the maximum freight rate

Mr. Thompson asked the supreme court of Nebraska for injunctions to prevent the railroads from disobeying these laws, but the railroads removed the cases to the federal court, which refused to sustain a motion to remand.

PRESBYTERIAN SYNOD OF STATE Educational Institutions Principal Topic of Discussion.

ST. PAUL, Neb., Oct. 10,-(Special Telegram.)-The leading features of the Presbyterian synod of Nebraska in session here odsy were the colleges, Bellevue and Hastings, self support and home missions. Rev. George W. Wadsworth was appointed vice moderator.

The session was opened at 8:30 with a half hour devotional service, led by Rev. B. A. Long, D. D., of Lincoln. Dr. Wadsworth, in speaking for Bellevue college, reported a student enrollment of 170, a gain of forty-one over last year.

The following Omaha men were elected o the board of trustees: Henry T. Clarke, Robert Dempster, Judge Kennedy, H. H. Baldrige, E. A. Benson, George F. Gilmore, John H. Harte, William Baird, Judge Sutton, Dr. W. S. Fulton, H. C. Noyes, H. E. Maxwell, A. C. Kennedy, H. J. Hugher A. A. Lameraux, C. W. Hicks, Warren Switzler and John C. Wharton

A. E. Turner, president of Hastings college, addressed the meeting with reference to that institution. The report of the home mission com

mittee was presented by the chairman, Dr. W. P. Kearns. A substitute plan of self support was presented by Rev. N. H. Bur lick, and the whole matter referred back to the committee to report again tomorrow. Rev. R. N. Adams, D. D. of Minneapolis, that the line elevators are charging him so field secretary of the Board of Home mis-

Lull, built several of the finest houses in Denyer, and in 1885 came to this city where he has cince made his home. He was a contractor and builder and put up nearly all ow the fine residences and large business hauses in this city. He leaves four grown children. The funeral was held this afternoon under the auspices of the Masonio lodge.

afternoon under the suspections of Atlantic lodge.

ATLANTIC.—The city council of Atlantic has voted to employ an expert chemist— to discover the source of contamination in the city water and purify the supply furnished by the city waterworks plant. This action was taken after the recent report report of the state chemist, which showed the surplus of water taken from four of city wells to be in worse shape than the first samples submitted in July. While there has been no great amount of illness and the training of training at training at the city water that th

ment of the interior as to the condition and needs of the land offices in Nebraska.

NORTH PLATTE.—The local yeards of the Union Pacific here are almost always in a congested condition. As soon as the yards are once clear, a number of trains pull in and they are again congested. Sometimes, on this account, passenger trains are delayed rom fifteen minutes to an hour at this terminal. The completion at the trees miles of trackage, which is being constructed at the present time, will greatly aid in relieveing this condition.

NORTH -PLATTE.—The fruit crop and particularily the apple crop in Lincoin county was not, by any means, destoyed by the early freezes. J. Q. Wilcox, went to Sutherland yesterday and purchased the entire products, of the Hunter orchard, amounting in all to 1,200 bushels, principally of Winsap. Missouri Pippin and Genitan apples. All these apples are in splendid condition and, no doubt, will all be readily sold in North Platte.

WOOD RIVER—Wood River voted \$25, 500 bonds yesterday for the construction of a combined waterworks and electric light plant. The water bonds carried, 156 to 37, and the electric light bonds, 158 to 34, the vote being the largest ever polled in the village. The opposition against the bonds was but slight. The board members who have had charge of seiling the bonds and constructing the systems are, all men of ability and the people have confidence in their ability to do the work.

BEATRICE—A demonstration of a new corn husker was held on the farm of the first months and the people have confidence in their ability to do the work.

in their ability to do the work.

BEATRICE—A demonstration of a new corn husker was held on the farm of Charles Stevens, southwest of the city, yesterday. About twenty farmers were present to witness the demonstration and the unanimous verdict was that the machine was a success. In the test, a row 120 rods long was gathered in twenty minutes. Mr. Stevens is the first former in Gage county to purchase a machine of this kind. It weighs 3,000 pounds, and three wagons are required to haul away the grain.

NEBRASKA CITY.—A meting of the Nebraska City fire départment was held last evening and all arrangements to entertain the members om the Nebraska State Volunteer Firemen's association who will be here the third Tuesday in January next. The last time the association was method for a large scale and convenient and attractive. The building is on a large scale and convenient and attractive. The building is located directly northeast of the east end of the Union station.
