

BRIEF CITY NEWS

Mary Root paid \$1. John A. Gantman for coroner. Douglas Printing Co. 114-16 E. 18th St. James G. Kinsler has removed his law office to suite 654, Brandeis Bldg. T. A. Milschert, photographer, removed to Eighteenth and Farnam streets. Full Dress Suits and Prince Alberts, latest styles, at Vollmer's, 107 S. 10th St. Dr. E. A. Foster, dentist, office No. 10, 10th & Douglas, over Fry shoe store, R. L. and Harney. We always have Rock Springs coal, Central Coal and Coke Co. of Omaha, 15th and Harney. Harrison & Morton, real estate, 913 and 915 New York life, telephone 314, have a very attractive ad in this evening's paper. See special column. Needle Work Guild—The Needle Work Guild of America will hold its meeting Friday at 3 p. m. at the residence of Mrs. H. Moore, 469 Park avenue. Mrs. Anna Divorce and Children—William Busch has begun suit for divorce from Louise Busch, charging her with cruelty and extravagance. He asks the custody of the children. The Mutual Savings Companies pay better because of the pro rata dividend of earnings each six months. The Conservative has never paid less than 6 per cent in sixteen years and has resources of \$2,600,000. Boy Held on Picket—Charged with picking the pocket of a carnival visitor and securing a purse containing \$400, Harry Williams will be taken before juvenile court Monday. He and two other boys were arrested at Union station as they were about to leave for Chicago. The purse and a draft representing part of the money was found in Williams' pocket. Motor Wagon Runs Away—The big motor delivery wagon of the Flour Baking company got out of control for a minute Thursday and dashed up on the sidewalk at Sixteenth and Farnam streets. No human being was in the way, but a garbage box was swept off the walk and crushed under the front axle. Some damage was done to the machine. Divorce Business Increases—The rapid increase of divorce suits in the local courts during the last year or two is indicated by figures compiled from records in the district clerk's office. Of the last forty-three cases filed twenty-three, or more than half, were petitions for divorce, the remaining twenty covering all other forms of civil litigation. It is believed this proportion would almost hold good for the number of cases filed during the last year. Mrs. Towle Gets Smallpox Patient—Mrs. Towle, assistant prohibition officer, was started Wednesday afternoon to find she was in charge of a smallpox patient. She went to South Omaha to get John Kudrns, who is charged, with six other boys, with looting about the Union Pacific right-of-way. When she saw him his face was badly broken out, like look him to a physician, who declares, he was suffering from smallpox. She turned the boy over to the transit officer and health officer. Big Job of Grading—One of the big jobs of grading undertaken lately is at the southeast corner of Fifty-first and Dodge streets, where Reed Brothers are moving 10,000 yards of earth. Forty acres is to be mounded down, the large part of the work being done during the last year. A high bank. About half of this bank has been removed and the graders are cutting away at the remainder. The tract extends south to Holy Sepulchre cemetery. It will be cut up into acreage pieces. Selby for Real Estate President—According to its custom of making a president of its former vice president, the Real Estate exchange probably will select W. L. Selby, 1375 S. 10th, executive officer, if he declines, other nominations will be made and Byron Hastings is mentioned prominently as a candidate. Nominations for the various offices will be made next Wednesday. If the exchange can impose upon Harry Selby's good nature another year, he probably will be re-elected again. Pending Unavailable Cases—Charles Gantman and William Duescher of Bancroft, advised by the federal grand jury for sending unavailable postal cards through the United States mails, were brought down from that place by Deputy United States Marshal Edmund, arranged before the federal district court Thursday afternoon and entered a plea of guilty and were fined \$50 each, which they paid. Harry Zolnek of Bancroft, arraigned on a similar offense pay bond for her appearance at a later period of the present term of the United States district court. Boom in Piano Market—The large number of sales made by the piano houses this fall tells something of the prosperity of the people of Omaha. Among the instruments filed at the court house Wednesday were two chattel mortgages on pianos just sold and ten leases on pianos. Only not long ago ten piano mortgages on pianos were filed. Many which are leased are sold within the lease's expiration. These cases and mortgages filed do not represent the entire number sold by any means. A large percentage of buyers pay cash for their pianos. New Manufacturing Concerns—The Randolph Manufacturing company, organized to

manufacture and sell patents of J. B. Handolph, has filed articles of incorporation with the county clerk. The capital stock is \$50,000, which is to be issued to J. B. Handolph in return for his patent right on an ink well. Mr. Handolph is to be the first president and is given permission by the articles to conduct the affairs of the corporation until the first annual meeting is held. The other incorporators are Carl H. Marquardt, Alfred O. Muller and Arthur L. McLoah. GENERAL MORTON COMMANDS Exercises Authority from Fort Russell Until Saturday, When He Arrives in Omaha. Brigadier General Charles Morton assumed temporary command of the Department of the Missouri Thursday morning, succeeding Brigadier General E. S. Godfrey, who was placed on the retired list of the army as a brigadier general Wednesday. General Morton will continue in command of the department until the arrival of Brigadier General William H. Carter, January 1, 1908, who has been assigned to the permanent command of the department. General Carter is at present in command of the Department of the Lakes, with headquarters in Chicago and will remain there until the arrival of Major General Leonard Wood from the Philippines, who will be placed in command of the Department of the Atlantic, succeeding Major General Fred Grant, who will succeed General Carter in command of the Department of the Lakes. Brigadier General Morton will arrive in Omaha Saturday and will exercise the command of the department from Fort D. A. Russell, Wyo., of which post he has but recently been assigned to the general permanent command as one of the new brigades assigned to the post. General Morton entered the service as a private of the Thirtieth Missouri Infantry in July, 1861, and served throughout the Civil war. Immediately upon the close of the Civil war he was appointed to the West Point Military academy, graduating in 1865 and was made a second lieutenant of the Third cavalry. He became a first lieutenant in 1875, captain in 1883, and major of the Fourth cavalry in 1896, and lieutenant colonel of the Eighth cavalry in 1901. In February, 1906, he was made colonel of the Seventh cavalry, and was awarded his star as a brigadier general in August, 1907. He has earned every step of his promotions by faithful service, both during and following the Civil war, as will be indicated by the different regiments to which he has been assigned, which are among the best in the United States army. ELECTRICITY THEFT NEW FAD Stealing Motor Power is Latest Form of Crime Police Have in Hand. Just how to proceed against people who steal electricity from the Omaha Electric Light and Power company is a matter which sometimes puzzles the management of the company. Recently an inspector found the current coming around a meter and driving a large motor. Wednesday linemen working near Henscom park found two small bell wires running down a post. Following the wires, they discovered a home elegantly lighted with twenty sixteen-candle power lamps, but the owner had not gone to the trouble to buy a meter when he bought other electric supplies. In a number of homes where meters have been taken out the inspectors of the company have found lights connected and burning, the occupants having purchased goods and put the wires together which supplied the "juice," without a meter. Others have secured devices which cause the wires of the meters to stand still, but allow the current to pass through without registering. "The trouble with having people arrested for stealing electricity is that we cannot tell the court just what has been stolen," said an official of the Electric Light and Power company. "A prisoner or attorney would deny the complaining witness to tell what electricity is, or how much 'juice' had been taken. For that reason the Electric Light and Power company of Omaha has never had any one arrested, but have collected money from those who we caught using the current." Notice to Our Customers. We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and is recommended by the best medical authorities for children and adults. For sale by all druggists. Big Sale Saturday. 20,000 yards of carpet and matting used at the Den for Ak-Sar-Ben ball. See Friday evening ad. ORCHARD & WILHELM. Announcements, wedding stationery and calling cards, blank book and magazine binding. Phone Doug. 184. A. I. Root, Inc. Building Permits. John Eppien, double brick dwelling, Tenth and Farnam streets, \$2,000; K. Thompson, double brick dwelling, 13th and Farnam, \$2,000; G. Anderson, frame dwelling, 387 Brandeis

BUTLER AND BOEHM HERE Singer and Pianist Arrive for Christian Endeavor Convention. FATHER CLARK COMES FRIDAY Founder of the Society Will Be Here to Inspire the Workers of Nebraska in the Cause. Charles Butler, the sweet-voiced singer, remembered in Omaha as the soloist at the Torrey mission a year ago, and William G. Boehm, pianist, arrived in Omaha Thursday to take part in the annual state convention of the Christian Endeavor society, which opens Friday and continues for three days at the First Methodist church. It was the original intention of holding the convention in the Auditorium, but dates conflicted with the Horse Show, and other quarters had to be secured. Arrangements are now complete for overflow meetings in the First Congregational church, which is not a block away from the place of holding the convention. It is thought there will be 500 delegates and their friends in attendance at the convention from different sections of the state and these will arrive Friday afternoon and evening, the actual delegates being entertained by the members of the society in Omaha. The principal business to come before the convention will be the reading of the reports of the officers, the choosing of a place of meeting next year, a general discussion of practical methods for an extension of the work among the young people. Saturday afternoon reports will be read from fifteen denominations which have Christian Endeavor societies in connection with their work as well as what they are doing. Saturday night a platform meeting will be held when reports will be read from all kindred organizations, such as the Young Men's Christian association, the Baptist Young People's union, the Epworth league, Sunday schools and the Young People's Christian union. Sunday morning from 9 to 10 will be given over to a quiet hour in five sections of the city. In the afternoon from 3 to 5 a meeting of the Junior Christian Endeavor will be held at the First Methodist church. Sunday evening the closing meeting will be held and an address will be delivered by T. Sarsya, secretary of the Japanese Christian mission at Tokohama. Miss Mary Winterger, secretary of the young people's work of the Women's Christian Temperance union, also will address this meeting, for which an overflow meeting has been arranged. Arthur Chase, president of the state association, will preside and the music will be led by Mr. Butler and Mr. Boehm. Dr. Francis E. Clark of Boston, founder of the society, will arrive Friday noon and will stop at the Paxton. CRUSADE AGAINST SALOONS Movement of Anti-Liquor League Has Ex-Governor Miley as One of Leaders. A crusade by the Nebraska Anti-Saloon league, with Elmer E. Thomas and former Governor Miley as two of the leaders, with its immediate object to secure a state-wide option law, is under way. This much of the city was made public by Elmer E. Thomas as attorney for the league, who has returned from a conference with Superintendent Carnes of the league at Lincoln. Just what the first avenue of attack will be Mr. Thomas declined to say. "I went to Lincoln to discuss the county local option law," said Mr. Thomas. "We believe that this law should be passed by the next legislature and the league will ask for its enactment. Further than that for that the league will ask for complete enforcement of existing laws, the plans of the league are not to be made public at this time." Mr. Thomas said he believed the lid was on Omaha for the first time in the history of the city and that other counties must expect to enforce the state laws in the same way. Back of the resolution to enforce the liquor laws of Nebraska to the letter are Ex-Governor J. W. Dyer, Dean Patchell of Doane college, Father J. J. Laughran of Cook, pastor of St. Patrick's Catholic church; Rev. Carl Olsson of Wausa, S. K. Warlick of Alliance, Dr. J. E. Hartman of Crawford, J. D. Barr of Liberty, Rev. S. Z. Batten of Lincoln, Rev. J. M. Hilton of University Place, Thomas Darnell of Lincoln, Rev. W. F. Ferguson of University Place, and others. "Success of the anti-saloon league in Iowa," says Mr. Thomas, "has inspired the Nebraska organization to action, and little by little we expect to wage a warfare on the sellers of liquor until they will sell at so little profit that they will be almost impossible for men to live from the business. In country districts county option will, we believe, eliminate the sale of liquor altogether or restrict it to an extent which will make the occupation unprofitable." BOY YIELDS TO TEMPTATION Young Man Begins Gradually to Take Money and Goes to the Penitentiary. Beginning by taking \$1 which belonged to his employers, John F. Hamblin, a young man from South Omaha, began to take deeper into the mire, until Thursday he stood before Judge Troup and received a sentence of one year in the penitentiary for embezzlement. He was employed by the Cudahy Packing company. He said when he took the \$1 he expected to pay it back, but he failed to receive money he had expected and instead he being able to replace the funds, he yielded to the temptation to take more and more. When he was discovered he was \$20 short. County Attorney English and Hamblin's superiors at the packing plant recommended leniency and Judge Troup gave him the minimum sentence. Mrs. Hattie Martin, the bride of it who stole money and jewelry amounting to \$15 from her employer, Philip Krause of South Omaha, entered a plea of guilty to the charge of petty larceny and was given a sentence of thirty days in the county jail by Judge Troup. The sentence runs from September 25, allowing her release in a few days. CAR COMPANY AS REFORMER Street Railway Will Suppress Gambling When Carried on Near Its Property. No gambling will be permitted in Omaha, even in a small way, if the Omaha & Council Bluffs Street Railway company is compelled to appear as prosecuting witness. The first case brought by the traction company was against Charles H. Lane, 431 North Twenty-fourth street, who operates a restaurant close to the barns of the traction company. Lane was arraigned before Judge Crawford Thursday and entered a plea of guilty to allowing a down street car to be used as a "shoot house" across one of his tables. With the understanding that the practice would be stopped, the com-

plaining witness was satisfied with a fine of \$20 and costs, which Judge Crawford attached. FAREWELL TO FORMER PASTOR Reception at Henscom Park Church to Rev. and Mrs. Clyde Clay Cissell. A farewell reception was given Wednesday evening in the parlors of the Henscom Park Methodist church by the members of the congregation, to the former pastor, Rev. Clyde C. Cissell, who leaves Friday to accept the pastorate of the First Methodist church in Kansas City, Kan. Several hundred people were present to the exciting farewell greetings. Those in the receiving line were Mr. and Mrs. John Dale, Mr. and Mrs. Gorst, Mr. and Mrs. W. P. Harford, Miss Minnie Lockwood and Mr. and Mrs. Clyde C. Cissell. Miss Marie Swanson rendered several selections on the harp which were much enjoyed, and Mr. Frank Risler favored the guests with two vocal numbers. At the close of the musical program Mr. F. M. Pond, in behalf of the congregation, presented Rev. Mr. Cissell and his wife each with a gold watch. In presenting the tokens he spoke feelingly of the regret all felt at the loss of their pastor. Mr. Cissell made a neat speech of acceptance in which he said: "No matter where my work shall take me, I shall always have the deepest interest in this church, over which I have presided for the last five years, and in you people whose lives have become interwoven in mine." The parlors of the church were beautifully trimmed and decorated for the occasion. Light refreshments were served. Rev. R. S. Wyatt of Indiana, who succeeds Rev. Mr. Cissell as pastor, was present at the reception. RECEPTION AT HOTEL ROME Miss Host Miller Will Greet His Friends at His New Residence. More than 1,000 invitations have been sent out to the people of Omaha to be present at the new Hotel Rome Thursday night, from 8 to 11 o'clock, to inspect that hostelry, which has been opened recently. Among the features of the hotel which will be of interest are the big banquet room, the ball room, with its magnificent floor, costing \$5,000, and the "vineyard," a dining room fixed up to represent a scene under California skies, with grape arbors overhead and the blue sky visible above. The entire hotel will be open for the inspection of the guests from the sleeping apartments to the kitchen. The committee in charge of the reception consists of the following: G. W. Waiters, F. E. Kirkendall, Charles Pickens, C. M. Wilhelm, Arthur C. Smith, Frank W. Johnson, John C. Wharton, Clement Chase, N. P. Dodge, Jr., William Kierstead, John L. Kennedy and C. F. McEwen. This committee was entertained at lunch Wednesday and formulated the details of the reception. The committee in charge of the dancing, which will take place after the reception, consists of E. I. Cudahy, Lee McKane, John Davis, W. B. Roberts, Robert Burns and Frank Wilhelm. TAFT BOOSTERS ARE NAMED Organization of Nebraska League Completed by Appointment of Committee. The organization of the Nebraska Taft league has been completed by the appointment of the executive committee, consisting of five members from each congressional district. The members have been notified and have accepted. The committee is as follows: First District—Dodge, Paul Jassen, Nebraska City; Lancaster, H. T. Dobbins, Lincoln; Nemaha, Thomas Majors, Peru; Johnson, Rev. W. J. McCarver, Council Bluffs; Dakota, Pawnee City. Second District—Douglas, Victor Roosevelt, Omaha; Kearney, John Lee Webster, Blair; Sarpy, P. J. Langdon, Phillips. Third District—Dodge, Ross Hammond, Fremont; Platte, James G. Reeder, Columbus; Kearney, McCarty, Council Bluffs; Boone, Stuart J. Kennedy, St. Edward; Merrick, John C. Martin, Central City. Fourth District—Jefferson, Edw. M. Hineshaw, Fairbury; Butler, Charles H. Aldrich, Hartington; Gage, R. Kidd, Beatrice; Polk, John H. Miley, O'Neill; York, S. E. Redgwick, York. Fifth District—Dodge, George W. McKee, McCook; Nuckolls, J. Warren Keifer, Jr., Lincoln; Adams, A. L. Clarke, Kearney; Kearney, J. W. Jones, Kearney. Sixth District—Holt, Moses B. Kirkland, O'Neill; Chayenne, F. A. Gapsen, Sidney; Kearney, J. W. Jones, Kearney; Kearney, Max E. Viertel, Valentine; Scott's Bluff, R. W. Hobart, Mitchell; Buffalo, Senator Norris Brown, Kearney. AUTO VICTIM GETS VERDICT Little Marie Hanrahan Awarded \$5,000 by Jury in District Court. Two thousand dollars were awarded little Marie Hanrahan by a jury in Judge Sears' court for injuries she sustained by being struck by Frank C. McInnis' automobile, February 27, 1906. The accident happened at Sixteenth and Cassidell streets, while John Butston, McInnis' chauffeur, was driving the machine, with Albert C. Schneider as a passenger. The court dismissed the case as to Butston and Schneider, holding McInnis, the owner of the machine, was responsible for the acts of the chauffeur, whether he was present or not at the time. The little girl was 5 years old at the time. Her left leg was broken below the knee and she was bruised about the body, one of the injuries leaving a scar on her face. McInnis contended the chauffeur was acting without authority in running the machine and that the girl was guilty of contributory negligence. He asserted the car was running not more than four miles an hour, though the plaintiff contended it was going much faster. The suit was brought by Michael Hanrahan, the little girl's father. If you have anything to trade advertise in the For Exchange columns of The Bee Want Ad page. M. A. PACKARD CO., Breckton, Mass.

MEANING OF BOND APPROVAL No Paving and Little Sewerage Unless Propositions Go. STATUS OF VARIOUS FUNDS City Engineer is Vitrally Interested in Outcome of Two Bond Questions on Which Depends Next Year's Work. The city engineer is somewhat interested in the action of the voters with reference to bonds at the coming election. Two bond propositions directly affect his office, a practically no work can be done next year in the way of new paving and little in the matter of new sewers unless bonds are issued. The condition of the paving intersected fund is such that no more work can be done this year and several contracts let at this time will not be fulfilled until next year, as the city cannot pay for work to be done where streets cross. The available cash balance in the intersected fund is \$3,315.25. Under the opinion of the city attorney the city is compelled to pay to the cost of paving streets where they are intersected by boulevards, an expense here before borne by the Park board. As the boulevards are wider than streets and a rule enter the street at an angle wider than a right angle, the cost of such intersections is much greater than the usual intersection, and for this reason, if the opinion of the city attorney stands, the intersected fund next year will be charged with much greater expenditures than here before, while the amount available—\$2,950,000—has not been changed. Certainly Next Year. The paving of Harney and Douglas street from Tenth to Sixteenth is considered a certainty next year. The cost of intersections on these two streets will be approximately \$25,000, which will leave but \$2,925,000 of next year's intersected fund available for work on other streets, and there are immediate prospect petitions for paving next year which will exhaust this fund, early if the Park board does not bear the expense heretofore placed upon its funds. The sewer fund is in somewhat better shape than the paving intersected fund. There is available today from unappropriated balance practically \$150,000. From this will come the expense of the Iard street sewer outlet, which, if the pending bid is accepted, will take about \$125,000, leaving an available balance of about \$25,000 for other work. The city engineer believes there is available today from unappropriated balance practically \$150,000. From this will come the expense of the Iard street sewer outlet, which, if the pending bid is accepted, will take about \$125,000, leaving an available balance of about \$25,000 for other work. The city engineer believes there is available today from unappropriated balance practically \$150,000.
