Fight for Control of Illinois Central Goes Over a Day.

Hold Night Session - Court Appoints Third In-

spector.

CHICAGO, Oct. 16.-The meeting of Illinois Central stockholders, which was today, was finally adjourned late in the afternoon until 8 o'clock tomorrow morning. No vote on the directors was taken, and it is possible that can be figured out. none will be reached before a late hour tomorrow. It is generally expected, however, that the early session will see the new directorate established.

The delay was caused by the inability of Class 26, pair of horses, over 15.1 hands their work. The adjournment was taken (local)—First prize, 250; Norfolk and Whirling Cloud, W. H. McCord. Second, 250; after an earnest tilt between William Nel-Prairie Queen and Rose Leaf, Ward M. son Cromwell, Mr. Harriman's leading

adopted. The judge named E. S. Conway, a prominent manufacturer of this city.

Applause for Fish.

The meeting of the stockholders was called to order at 12 o'clock by President Harshan of the Illinois Central, about 400 people being in attendance. Mr. Fish was greeted with applause when he entered, but the smaller stature of Mr. Harriman allowed him to enter unobserved.

The actual proceedings of the meeting were opened by the collection of the names of stockholders personally present, and then Mr. Cromwelk who to all intents and purposes was the presiding officer, declared that the three inspectors would receive the proxies in an adjoining room. He also moved that the meeting take an adojurnment until 3:39 in the afternoon. The mo-

tion was adopted. Immediately after President Harahan had called the meeting to order with three raps of his gavel, at 3:45 o'clock, Mr. Cromwell

arose and said: "I am informed by the members of the amittee on proxies that they have been mable to finish their work and are not prepared to report for several hours. I therefore move that an adjournment be

taken until 8:30 o'clock tonight." Cremwell's Motion Lost.

Instantly James A. Patten was on his eet. Mr. Patten is a large man whose apsearance and manner suggest that he is ntirely capable of caring for himself in any kind of a fight. He objected strongly the adjournment, saying:

'I move to amend the motion by making he hour 5 o'clock temorrow morning. There are many stockholders here who live utside the city and for whom it is inconvenient to attend a night-meeting. I want to transact the business of this meeting tonight

Mr. Cromwell called for the ayes and noes. The chorus of "aye" was so strong that he did not insist upon a vote on the negative, declaring the meeting adjourned. Both sides are still apparently confident of the result. Mr. Fish sals tonight:

"I have great hopes, but we cannot tell Mr. Harriman deblared: "I cannot predict the results of the meeting, but it may be said that it will be a clean cut fight If we fall to vote enough stock to control the meeting the issue will be up to the

State Militia Guards Town to Prevent Pomible Looting-Tragedy Occurs on Owner's Wedding Day.

FONTANET, Ind., Oct. 16.-The residents of this village of 1,000 inhabitants when they awoke this morning found a much different situation than they had been accustomed to in the past. Instead of a quiet country town and pleasant scenery to greet their eyes desolation was at hand. Soldiers of the Indiana state militia were here and had stood guard all through the

rible entastrophe of yesterday when the Du Pont powder mills blew up, killing probably thirty-nive and injuring some six hundred persons were lacking. No one connected with the powder company could ascribe any reason for the explosion. Several rumors were current, one of the most probable circulated was that the machinery in the glazing mill became overheated from friction and set fire to loose powder. The glazing mill was the one first to blow up. The other sections of the plant followed

A number of people were able by patching up their houses to pass a fairly comfortable night. The remainder were accomnodated with sleeping room on cots placed in tents brought here by orders of Governor Hanly. Systematic efforts are going forth and within a short time it is thought most of the bouses will be repaired in such of them by their tenants and owners.

State Authorities, in Charge. The officers of Company B. Indiana Naional guard, which was brought here early ast night, report that the night passed without disturbance of any kind. The solders were distributed so as to guard as much of the town as possible. The guardsnen were instructed to shoot at sight any attempt at looting or doing any dastardly act of this kind. It is understood the state authorities will immediately begin an inrestigation of the cause of the disaster.

The injured passed a fairly comfortable light and no additional deaths at this place are reported. Systematic efforts to search for victims among the debris in the powder mills were begun this morning. Men were distributed so as to make a thorough search for further victims of the disaster of yesterday. A number of coffins was received here this morning from Terre Haute and the bodies of those recovered will be buried today.

The total number of dead probably wil never be known and It will be several days before the exact amount of property loss

EVANSTON, Wyo., Oct. 16,-(Special.)-Ira Taylor, employed as an oil-driller, was shot and killed at the camp of the Pittsburg & Salt Lake Oil company, at Spring Valley, about twenty miles east of this city, during the noon hour Monday. It seems that a row was started at the dinner table between Tom Downs, sometimes called "Big Tom," and another man named Burleigh, in which Tom, who was under the influence of liquor, was very abusive, and threatened to shoot Burleigh. Taylor was at the table, but was in no way mixed up in the quarrel After dinner Taylor went to the bunk-house and Big Tom went down George Walker, burned and internally in. to the office. In a short time he returned, and when passing the dining room he was seen to have a revolver with him. He went on up to the bunk-house, and finding the door fastened he broke it in. A little later Tom came running down to the dining room and told Mr. Burleigh and the women that Taylor was accidentally shot, but was not badly hurt. They immediately went up and found Taylor on the floor just breathing his last Deputy Sheriff Jack Morehouse has gone to Spring Valley to investigate.
