Robert Weidensall Will Address Men at Y. M. C. A.

REV. HYDE AT HANSOOM PARK
 Pastor at This Methodist Church Will Occupy His Pulpit at Both the Morning and Evening Services.

Robert Weidensall, first vice president of the Omaha Young Men's Christian association, and active in its work in Omaha for many years, will address the members Sunday afternoon on the subject, "A King's Receipt." The address will be at 4 o'clock. A banquet will be served at the Young Men's Christian association building during the evening in honor of Mr. Weidensall, who is the senior secretary in the world and celebrated Friday the thirty-ninth anniversary of his starting from Omaha as the first traveling representative of the international committee, which now has 15 secretaries at home and abroad.

Only a few months ago Mr. Weidensall returned from a tour lasting eighteen months, and on which he took the greetings of the American association around the world. The old Omaha worker was received as an honored guest in every country he visited and gave inspiring addresses to large audiences of representative men on several continents.

Charcoal Kills Bad Breath
 Bad Odor of Indigestion, Smoking, Drinking or Eating Can Be Instantly Stopped

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are talking, give them a whiff or two of your bad breath. It usually comes from food fermenting in your stomach. Sometimes you have it in the morning—that awful sour, bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared. Sometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onions," or "You've been eating cabbage," and all of a sudden you belch in the face of your friend. Charcoal is a wonderful absorber of odors, as everyone knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gas and odors of odorous foods, or gas from indigestion.

"Don't see breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges in the first place stop for good all sour breath and belching of gas, and make your breath pure, fresh and sweet. Just after you've eaten. Then no one will turn his nose away from you when you breathe or talk, your breath will be pure and fresh, and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things too. It carries away from your stomach and intestines, all the impurities there massed together and which causes the bad breath. Charcoal is a purifier as well as an absorber.

WHAT IS PE-RU-NA?

Is it a Catarrh Remedy, or a Tonic, or is it Both?

Some people call Peruna a great tonic. Others refer to Peruna as a great catarrh remedy. Which of these people are right? Is it more proper to call Peruna a catarrh remedy than to call it a tonic? Our reply is, that Peruna is both a tonic and a catarrh remedy. Indeed, there can be no effectual catarrh remedy that is not also a tonic.

In order to thoroughly relieve any case of catarrh, a remedy must not only have a specific action on the mucous membranes affected by the catarrh, but it must have a general tonic action on the nervous system.

Catarrh, even in persons who are otherwise strong, is a weakened condition of some mucous membrane. There must be something to strengthen the circulation, to give tone to the arteries, and to raise the vital force.

Perhaps no vegetable remedy in the world has attracted so much attention from medical writers as HYDRASTIS CANADENSIS. The wonderful efficacy of this herb has been recognized many years, and is growing in its hold upon the medical profession. When joined with CUBEBS and COPAIBA a trio of medical agents is formed in Peruna which constitutes a specific remedy for catarrh that in the present state of medical progress cannot be improved upon. This action, reinforced by such renowned tonics as GALLIUM CANADENSIS, CORYDALIS FORMOSA and CEDRON SEED, ought to make this compound an ideal remedy for catarrh in all its stages and locations in the body.

From a theoretical standpoint, therefore, Peruna is beyond criticism. The use of Peruna, confirms this opinion. Numberless testimonials from every quarter of the earth furnish ample evidence that this judgment is not over enthusiastic. When practical experience confirms a well-grounded theory the result is a truth that cannot be shaken.

Following a discussion of "The Problem of Education" in the morning sermons at St. Mary's Avenue Congregational church, Rev. Frank J. Baker, the new pastor, intends to take up the question of the church. Sunday morning he will speak on "Everybody's Obligation to a Church, be he Man, Citizen or Christian." Other sermons will follow on "The Changeable and Enduring in Church Life," and on "A Church Program."

Miss Mary Lewis Wood will sing, "Just for Today," by Jane Abbott, at the First Presbyterian church at the close of the morning session.

NOT AS BAD AS PAINTED

Admirable Qualities Displayed by Oriental Workmen on the Pacific Coast.

A false impression has grown up in the east with regard to the real attitude of Oregon and California toward the oriental problem. The considerations that lead many intelligent people to favor Chinese and Japanese immigrants are these: There is an utter absence on the coast of any native-born or American white day-laboring class below the artisan or skilled mechanic. I have never yet met on this coast an American white man who was willing to regard himself as a day laborer by profession, who expected to pass his life in that capacity.

Japanese laborers are too intelligent and too well educated to be the artisan or skilled mechanic. They are not the type of men who cultivate our ranches, pick our fruit, build our railroads and man our lumber crews, are simply "working for a stake." There is only a small supply of Italians, Poles, Hungarians and Russians.

We prefer the Chinese to any of these, or to the Mexicans, with their dirt, laziness and stupidity. The Chinaman is the most industrious worker that walks the earth in human form. He doesn't seem to know how to get tired. All you need to do is order him to do something and he will do it; he will stay by it as long as he can see to work, seven days out of the week. There is something positively uncanny about his affection for work. No class of white men will work with the unremitting persistence of the Chinese. The Japanese is not quite so reliable in this respect. He will sometimes leave without a word of warning, often without any reason that you can discover.

HE GOT ONE GOLD BRICK

How a Chinese Judge Dispensed Justice and Granted a Court's Dignity.

A certain Chinese taotal (magistrate), having told his men to have two ingots of gold sent to his treasury for purchase, the shopman brought them in, and in answer to the query of the taotal, told him that the price was so much in gold, but added: "This is the ordinary price, but for your honor we will knock off one-half of the price."

"Then the taotal said to his underlings: 'Seeing that they are to sell me at only half price, just give them back one ingot of gold, and put the other in my treasury, and thus their account is settled. Good-bye!'

The underlings of the yamen did so, but still the shopman hung around waiting. The taotal asked them why they were waiting, when their account had been already settled. Said the shopman: "When did your honor pay your humble servants?"

Then the magistrate answered with a very forceful air: "Tie up that impudent fellow! Did you not say that these two gold ingots were half price to me? Then did I not give you back one ingot and keep the other, and thus settle your account without the least injustice, according to your own proposition? So be off with you, or my factors will give you a taste of the scourge!"—Cleveland Leader.
