

SAMPLE BALLOTS SENT OUT

Secretary of State Furnishes County Clerks with Form.

YEISER OFF OF JUDICIAL TICKET

Railway Commission Preparing Order to Compel Railroad Companies to Operate Passenger Trains on Time.

(From a Staff Correspondent.)

LINCOLN, Oct. 21.—(Special.)—Secretary of State Junkin mailed sample ballots to the county clerks late this afternoon. These sample ballots are to be used by the clerks as guides in printing the election tickets. The secretary placed the names of the candidates for railway commissioner after the candidates for regents, for the reason, he said, the railway commission became a part of the state constitution after all the other state officers and therefore should be last on the ballot.

The republican state convention placed the railway commissioners in nomination before the governor and immediately following the nomination of a candidate for the United States senate. At the top of the sample ballot the prohibition party comes last, following the socialists, even though the prohibitionists cast 5,106 votes and the socialists only 2,360 at the last election. The law requires the secretary of state to place the candidates on the ticket according to the number of votes cast by the party. That is the party casting the highest number of votes comes first on the ballot and so on down the line. In the body of the ballot, however, the prohibition party is placed ahead of the socialists. The secretary followed the law in making up the candidates on the ticket and followed the ballot used last year in preparing for the straight party vote at the head of the ballot. J. J. Claffin, a leading prohibitionist, had his attention called to the matter and said no objection would be made by the prohibition party to being last on the head of the ticket.

With the sample ballot Secretary Junkin sent out the names of the nominees for district judge so they can be placed on the ballots in the various judicial districts. The name of John O. Yeiser, democratic nominee for the Fourth district, was not on the certificate in the Fourth district, where it was scratched out. Mr. Junkin agreed to do this providing Yeiser would make oath that he wanted to get off the ticket. He acknowledged withdrawal was received late today.

Following is the sample ballot: For Judge of the Supreme Court—M. B. Rosen, republican; George E. Leomis, democrat; Peoples Independent, John D. Graves, prohibition; Lucien Stubbins, socialist. For Regents of University—Charles R. Anderson, George Coupland, republican; R. J. Millard, democrat; John E. Sundman, democrat; Peoples Independent, John H. Von Steen, prohibition; J. N. Carter, G. C. Porter, socialist. For Regent of University (to fill vacancy)—W. C. Rodgers, socialist. For Railway Commissioner (to fill vacancy)—Henry T. Coffey, Jr., republican; Samuel Lichty, prohibition; E. F. McClure, socialist.

Preparation Order on Trains. The State Railway commission started out this afternoon to get up an order having for its object the compelling of railroad trains to conform to the published schedule of running time. The commission took this matter up several days ago, but owing to Chairman Winnett's absence the matter has been held in abeyance. Dr. Winnett returned yesterday and this afternoon the commission again took up the matter. The reports and ruling of the commissions from other states on the subject are being gone over and these, or one of them, will be used as a guide in formulating an order. The Texas commission made a ruling requiring the putting on of a new train when the regular train is more than thirty minutes late at a division point. This rule appeals very strongly to the commission and is the rule the traveling men recommend to be adopted. Some weeks ago complaints of late trains

began to pour into the office of the commission and so far there has been no let up. The traveling men complained they could get no information from railroad agents about the departure of the trains anywhere near accurate and in some instances after waiting around for hours discovered the train they had been waiting for had been taken off. The ordinary traveling public has the same complaint and the commission has fully determined to relieve the public if it is possible for an order from it to do so.

Cash from Forest Reserves. A check for \$1,375.41 was received at the office of Governor Sheldon this morning from the United States treasurer. The money is due the state from the forest reserve fund and will be divided up among the school districts of the counties in the reserve. Accredited to the Diemal Swamp Reserve is \$75.00; Niobrara, \$126.68, and North Platte, \$265.40. This sum is the balance due for the year 1907.

Normal Training Schools. Superintendent McBrien has now recognized sixty-three high schools in which normal training will be taught in conformity with the law enacted by the late legislature appropriating \$50,000 for this purpose. In addition to the schools already named and published, he has named the schools at Ord and Randolph. These sixty-three schools have an enrollment in the normal classes of over 1,100, which is more than the combined attendance at both Peru and Kearney normal schools. I. A. Downey of Hastings, who was recently appointed inspector of these schools, has come to Lincoln and will reside at 717 South Seventeenth street.

Lawrence Back at Desk. Ed Lawrence, bond clerk in the office of Auditor Searle, who has been trying to be sick, is back at work. He doesn't feel sick, but he doesn't feel as well as he thought he would, and he didn't think he would. Mrs. Lawrence has been doing the work in the bond department during his absence.

Tom Heaton is Angry. Tom Heaton is mad all the way through. He has had an experience with the monster iron horse and he has been done. He has just heard from a carload of furniture which he shipped to California. It was on the road only two months, but he didn't object to that. He had billed it through the express, and he had paid four times and upon its arrival at its destination, his information is, that half of it is missing and the other half is so badly damaged it could scarcely be recognized.

Redmond Succeeds Haruly. D. D. Redmond, registrar of the Peru Normal school, has been appointed by Superintendent McBrien to take the place of L. C. Haruly, deceased, as assistant superintendent. Mr. Redmond was a fusion member of the recent legislature and served on the finance committee. He voted with the republicans on practically all their campaign pledges. He is thoroughly in touch with the work which will be expected of him. Aside from his ability to fill the place, considerable sentiment attaches to his appointment. Mr. Redmond is a brother of Mrs. Haruly. He will continue his residence in the town where he has his home with her and her two children. For many years Mr. Redmond has been prominent in school work.

Wicks Returns from Old Home. Stanley Wicks, chief clerk at the Lindell, has returned to Lincoln after a visit to the scenes of his childhood, back in Pennsylvania, and incidentally into Kentucky, where he saw all the good trees recently pulled off at Lexington. This was the second trip Lord Stanley has made to the east in thirty-six years. He found many of the old landmarks still marking in his old stamping grounds, and he celebrated his twentieth birthday in the town where he was born. His eyes still water, and he sighs when he speaks of his love for the dear old place. In fact, as much as when he displays the pass he had into the club rooms of the Lexington Facing club, which entitled him free of charge to everything in sight and of sight.

Japs Promptly Quarantined. A half dozen Japs afflicted with beri beri reached Lincoln from Alvo this afternoon and were promptly quarantined in their work car. They will be sent back to Alvo. They belong to a bunch of twenty afflicted with the disease who were quarantined some time ago.

Andrews' Health Good. The efforts of the State Journal to compel Chancellor Andrews to resign by publishing rumors to the effect that his health is poor probably will fall in its efforts. Chancellor Andrews said today that he had heard nothing of his contemplated resignation and as for his health it has not been better for years. The chancellor would not even discuss the article.

YEISER MAY YET WITHDRAW

Name to Be Taken from Ticket When He Sends Legal Withdrawal. (From a Staff Correspondent.) LINCOLN, Oct. 21.—(Special Telegram.)—Secretary of State Junkin will take the name of John O. Yeiser from the official ballot today if he receives properly acknowledged withdrawal. The letter of Mr. Yeiser in which he purported to withdraw was not sworn to as the law provides for such a case and Mr. Junkin conferred with H. M. Waring of Omaha concerning the matter, who informed Mr. Yeiser. It is the understanding here that a properly acknowledged withdrawal will be forwarded. If it reaches the secretary's office this afternoon, Mr. Yeiser's name will be taken from the ballot.

An impression has been gaining ground here that Mr. Yeiser would not seriously object if his name was left on the ticket. With Judge Dickinson out of the race, it would leave him the odd candidate on the list. State Oil Inspector A. B. Allan has given his approval of the oil at Ashland recently rejected. The Standard Oil company placed superior oil in the tanks and raised the test to 114 degrees.

LYING CLERGYMEN DENOUNCED

Praising Worldly Lives After Death a Crime Against Society.

60 SAYS REV. C. W. SAVIDGE

People's Church Pastor Declares that the Devil Himself Would Receive Eulogy if He Died.

Declaring that many ministers delivered such glowing eulogies over the dead, without regard to the truth concerning the personal life and character of the departed, that reliable newspapers refused to print their words and share in the deception, Rev. Charles W. Savidge, pastor of the People's church, Sunday evening delivered a scathing denunciation of the ministers, taking for his subject "Telling Lies Over the Dead." "I know that right in this eulogy over the dead that were absolutely false," declared Rev. Mr. Savidge. "They were a tissue of lies from beginning to end and everybody present who knew the character of the departed, knew they were lies. The pastor of the People's church then told of the corrupting influence which resulted in the ministers of the gospel praising the lives of evil or worldly men, after such lives had been snuffed out, saying that surely the ministers of God, standing between the living and the dead, at a time when honor was to be paid to the departed, and lessons learned from their lives, should tell the truth.

Truth Tellers in the Minority. "We should certainly believe that no vast concourse of people, no honor offered, no gift of money bestowed, could tempt a minister of Christ to swerve from the truth," he said. "But this is a mistake. Sacred and profane history prove that many men of the cloth have been big liars. Those who have told the whole truth have been in the minority. In the face of snipes and the ruin of states, preachers have been as likely to be blind to the truth and to utterly fail to sound out a note of warning, as any other class of men." Then Rev. Mr. Savidge aimed his guns on Omaha and declared that if the devil were to die here, some little blind, time serving, modern preacher would get up after singing "Lead Kindly Light," and declare that his satanic majesty was a child of God and that he now rested on the bosom of Father Abraham.

"Then he would ask his congregation to sleep in Jesus," declared the pastor of the People's church. Rev. Mr. Savidge took for his text Jeremiah 1:10-11: "A wonderful and horrible thing is committed in the land. The prophets prophesy falsely and the priests bear rule by their means. And my people love to have it so; and what will you do in the end thereof?" "And this is the condition we see about us today," said the minister. "In recent years men have passed away who never spoke a word for God, except as a nominal Christian, which would contribute to their own advancement. Instead of dying to the world, they became wonderfully alive to it. They chased the dollar with alacrity and power. The cry of sickness and poverty and old age fell on deaf ears. They had all the money or a pound of flesh. Even the world said 'He is a hard master.' The distinction between right and wrong has been denied by such men; the divinity of Christ has been laughed at; the sacraments were the subject of joke; no prayer was ever heard in their homes, and the Bible was a closed book to them.

Death Cannot Destroy Truth. "But the voice of the word never slackens his riding. He comes up the broad walk and dismounts to enter the door and stand by the bedside of such men when the soul is departing. But hold, thou dread messenger! Shall there not be a word for God? No. Not a word. The word is no mercy for a soul that has been murdered. "When all is over the body is prepared for its last journey. The house is draped in mourning; a vast concourse of people assemble; the friends of many years come for the last time; solemn rituals are read, and beautiful music is heard. "Then the minister rises to speak. He does not seem to know that a life cannot be hidden; he does not seem to know that death cannot destroy the truth. He describes the life of such men as grand, and the work was clean and irreproachable. The minister even says that theirs was the ancients, Christian faith. "Why, Ananias and Sapphira were struck dead for no greater crime than that of the minister who delivers such eulogies over departed lives which he would know to be corrupt," exclaimed Rev. Mr. Savidge. "Closing his said, 'What will the people do who have been blinded by such false guides? What will such ministers do in the final settlement? What will they do when God opens Sapphira's prophecies where they are told that if we don't sound the trumpet, we shall share in the condemnation?'"

LABORER'S DEBT TO CHRISTIANITY

Laborers Frowned Upon by Paganism Now Respected by All Men.

"All people are obligated to some church, for all churches have the single purpose of Jesus Christ in them," said Rev. Lucius O. Baird Sunday morning at the St. Mary's Avenue Congregational church, when he took for his text that part of the seventh chapter of Matthew which reads: "Beware of false prophets which come to you in sheep's clothing, but inwardly they are raving wolves. Ye shall know them by their fruits." "The air is full of the cry of false prophets concerning the church, but most of them speak through ignorance and not through malice. The question is sometimes asked sincerely, 'Is the church a failure?' They say it is a failure closed six-sevenths of the time and ask what is being produced. They charge the church with fawning at the feet of the rich. "The people should be sure whether they are doing their duty or not and whether the sacrifices which are made are worth while. Apply the simple test of the text, 'By their fruits shall ye know them.' I maintain the church has a claim upon everybody, because of what Jesus Christ has done for man. There is no man who earns his wages, without the loss of his good self-respect, but who is a debtor to Jesus Christ. This is due to the teaching of the Christian church. In the eastern country man has risen since the introduction of Christianity. The writers who stood high in the olden times had no feeling for the man who brought the man and the free who is dependent upon a salary," said Cleo. Aristotle is quoted as saying, 'A man who works for wages could have no greatness of soul.' "But pass over the centuries to the new world. We find the golden tongued orators of today saying, 'Let us not be ashamed of manual employment, but rather let us despise laziness.' The practical philosophy of work has been proclaimed through the churches. What brought about the change? Between the time of Cleo and the present the Carpenter of Nazareth appeared. He tolled at His bench by day and studied the stars by night and with the hand of toilers who started a new philosophy of labor. "When you are sustaining the church of Jesus Christ you are not sustaining a social club, but an institution striving for the uplifting of man. No man has a right to his wages which is not contributing a portion to the upbuilding of some Chris-

Swedish Lutheran Conference.

STROMSBURO, Neb., Oct. 21.—(Special.)—The Nebraska state pastoral conference of the Swedish Evangelical Lutheran church has been in session the past four days in the large Lutheran church at Swede Home, seven miles northwest of this city. Twenty-eight pastors were in attendance, among them being Rev. P. M. Lindberg of Omaha, president of the conference; Dr. J. Ekholm of Newman Grove, a former professor of Lindaborg, Kan.; Rev. A. J. Hult of Chicago, and Dr. O. A. Johnson, President of Waboo seminary. During an entire session dinners and suppers were provided by members of the Swede Home church in a large dining tent for every one in attendance upon the meetings and on Sunday over 2,000 people were served during the day.

Jurors to Try Shumway.

BEATRICE, Neb., Oct. 21.—(Special Telegram.)—Today in the district court attorneys and Judge Kalliger drew 12 names from which to select the twelve men who will try Robert Mead Shumway, the alleged murderer of Mrs. Sarah Martin of Adams, this county, who was arrested in Holt county, Mo., about a month ago. Court will convene November 6, at which time the twelve men will be selected.

Nebraska News Notes.

BEATRICE—Charles Baehle, living near Ellis, husked and cribbed 120 bushels of corn in nine hours and forty minutes.

BEATRICE—R. D. Vertrees brought to the city the largest load of pumpkins ever handled to Beatrice. Most of the pumpkins and the fruit was taken to the cannery factory and sold at top price.

BEATRICE—Peter Isom, a farmer living two miles south of Beatrice, lost twenty tons of alfalfa and millet by fire Saturday night. The fire is supposed to have been of incendiary origin. The loss is placed at \$20.

KIMBALL—Very little attention was paid to the primary election of the county candidates. The county is strongly republican, but there is very little politics in county elections.

KIMBALL—The county commissioners will probably call a special election to vote bonds for the county high school some time in December. The proposition to build such a school carried at an election held some weeks ago.

LINWOOD—After the general frosts and one or two hard freezes, the farmers have commenced picking corn. It will not yield as well as was expected, since care that were thought to be well filled out have no corn on, caused by the dry weather in August.

KIMBALL—A \$30,000 National bank was organized by the business men of Kimball Thursday. The national has been subscribed by home men. A two-story building will be erected as soon as possible and it is expected to be ready for business by January 1.

BEATRICE—Howard Bartram, for the last thirty years a resident of Gage county, was probably fatally hurt in a runaway near the city Saturday. He was thrown out over the dashboard of his vehicle and kicked several times in the head by the horse.

BEATRICE—Harry Staples and James Allen, the two men who stole seven pairs of pantaloons from the store of the Newton Clothing company at Wynora, pleaded guilty to the charge of petty larceny before Judge Crawford at Wynora and were sentenced to thirty days each in the county jail.

KIMBALL—A petition is being circulated praying the village board of trustees to call an election for the purpose of voting water works bonds to the amount of \$17,000. With the exception of three or four citizens the whole town favors the proposition and the matter will be pushed through as speedily as possible.

MULLEN—Logan Sammons, deputy United States marshal of Omaha, was in Mullen this week with subpoenas for Judge Dodd and F. W. Hewitt, citing them to appear at the Mabee land trial in federal court on the 24th. Judge Dodd has been dead over two years and Hewitt has not been a resident of this county for a greater length of time.

MULLEN—At a large meeting held in this city Saturday the proposal of \$200 was raised with which to construct a telephone line from Mullen north to connect with the J. L. Roseberry line, which has a northern outlet at Valentine. Mr. Roseberry is an extensive cattle owner and took hold of the matter with a will. He has secured a communicative outlet for the whole ninety mile strip between the two points. The work is to be completed this fall.

Wilson Likely to Recover. WYENNE, Wyo., Oct. 21.—(Special.)—Fred Wilson, the Union Pacific fireman who was struck by an engine near Laramie Saturday, is in an satisfactory condition and can be expected and his recovery is possible. As soon as the gravity of Wilson's injuries was ascertained the railroad company had him placed on a special train and taken from Laramie to St. John's hospital in Cheyenne, with all possible speed.

PICKING OUT CHOICE LANDS Holders of Low Numbers Looking Over the Brule Reservoir. PIERRE, S. D., Oct. 21.—(Special Telegram.)—A number of the holders of the numbers below 200 are in the city getting their bearings for the purpose of filing on Brule lands. The southern part of the reservation appears to be the most attractive to the first choice people, as it lies within six miles of Pierre, on the Milwaukee road, and is all good, level land, but just where No. 1 will make his selection remains in doubt. The first selection will be made by No. 2, and the man who drew No. 1 cannot file on account of being already the owner of more than a quarter section. The claimants have been busy since Friday looking over the land and the first selection will be announced when the claimant presents his filing at the land office at 9 o'clock tomorrow morning.
