The Gem of all Gems
Read what an authority
says: The public cannot
understand why Diamonds
do not come down in price,
but would it they anew the
facts. Today it takes four
times the effort to produce
the same number of carats
it did ten years ago, in
other words, where one
carat was found in one load
ten years ago, today four
loads are, required to be
handled to produce that one
carat. We have single
etone rings from \$5.00 to
\$1,000, at prices which we
positively anymose.
