

Food Poisons

90 Per Cent of All Diseases the Result of Undigested Putrefying Foods. Men, of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take in 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do.

Stuart's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health.

HEARING PLACED AT OMAHA

Grain Men Will Be Heard on Switching Charge Request.

UNION PACIFIC WANTS INCREASE

Missouri Pacific Also Desires to Make an Added Tax—Car Shortage Problem is Up Again in State.

(From a Staff Correspondent.) LINCOLN, Oct. 29.—(Special Telegram.)—Whether the grain men of Omaha receiving shipments over the Union Pacific and Missouri Pacific roads are to be subjected to an additional switching charge will come up before the Railroad commission on November 8, at a hearing they have set for Omaha.

The present charge for handling a car on the Union Pacific in Omaha is \$1. Under the proposed change it will be possible to make an increase. The Missouri Pacific has submitted a number of tariff sheets embodying changes it desires to make which amount to substantially the same thing in the application of this road.

A recurring problem of the commission from shippers on the Wyoming division, for aid in getting more empty cars, and referred by the Railroad commission to the Burlington road, has brought a letter from Assistant Superintendent of Transportation O. L. Dickson, who claims his road is solving the car problem to the best of its ability. He also indicates that, with the co-operation of shippers generally, it will be possible to furnish more cars.

Speaking of recommitment, the letter says that twenty-five of thirty cars were alleged to be returned to shippers for over a month because of this practice. The matter was gone over at the recent hearing and shippers then denied that recommitment was the cause and claimed the cars were unloaded and the road failed to move them.

The application of the creamery companies to the State Railway commission for an order compelling the railroads to furnish better service in the shipment of cream, the hearing on the application of which was concluded last night, may be the first step in the resolution of the cream business in Nebraska. It is the opinion of Commissioner Clarke that the day is not far distant when the express and railroad business will be divorced and the handling of express on passenger cars will be discontinued.

University Place Complaint. University Place business men appeared before the State Railway commission this afternoon, with Commissioners Clarke and Winnett present, and asked that the Rock Island be compelled to locate a depot there. Mayor W. G. Bishop testified that his town has between 2,500 and 3,000 people, with no depot. The Rock Island has a switch running out from Lincoln upon which freight is taken to the suburb. The witness testified, however, that coal frequently remained in Lincoln two weeks before it was ever delivered to University Place.

HARTINGTON, Neb., Oct. 28.—(Special Telegram.)—Charles Runyan, who shot Tony Rose at St. James last Friday, today waived his preliminary hearing before County Judge Whitney and was bound over to the district court for arraignment on November 15th to answer to the charge of shooting with intent to kill. CAMPAIGN PROSPECTS FAIR

Only Thing Necessary is for Workers to Get Out the Vote.

COMMITTEE DISCUSSES PROGRESS

Sheriff McDonald of Douglas County Continues to Present Bills at Fifty Cent Rate in Spite of the New Law.

(From a Staff Correspondent.) LINCOLN, Oct. 29.—(Special.)—The republican state committee met at the headquarters at the Lindell tonight to pass upon the work being done by Chairman Hayward and offer suggestions for the conduct of the campaign during the closing days. Among the members present were chairman—E. J. Hatner, Orlando Tefft, W. P. Warner, H. C. Lindsay and W. B. Rose. McDonald was invited to make suggestions. The reports brought in indicated that the campaign is moving along smoothly and the party is united for the election of the entire ticket. Each of the old chairmen, as well as members of the committee urged party workers to get out the vote. This they believe is the only thing necessary, as it was the unanimous opinion there are more people in Nebraska who desire to keep on with the republican administration of affairs than to turn the state government over to the railroad through Tom Allen, the democratic chairman.

RESE LEAGUE ACTIVE. The Reese league, composed of students and former students of the State university, is stirring up considerable activity here. Secretary Matson has received several hundred letters from republicans and others endorsing the candidacy of Judge Reese. The following is a sample of some of the letters received:

I am in receipt of your relative to the trouble with the democratic party, in Nebraska, and to say that I am heartily in favor of this movement is expressing my sympathy. We are glad that the old law for Judge ever since last July or August and expect to continue so to do until 6 o'clock P. M. November 5.

I did all I could for Judge Reese's nomination and will do all I can for his election. I have known him for about thirty years and always held him in the highest esteem. I was a member of the state delegation at Lincoln and voted for him as a candidate for supreme judge, but our county voted for him first, last and all the time.

YORK WOMAN STABBED. YORK, Neb., Oct. 29.—(Special.)—News of the stabbing of Miss Lois Newman was received here yesterday by her parents, Mr. and Mrs. George S. Newman. Miss Newman is employed in Louisville, Ky., in a fashionable millinery store and on Friday evening, while returning to her boarding place, she was attacked by a man, who made a lunge at her with a knife, and it was jabbed into her thigh. The streets were crowded and, although every effort was made to capture the assailant, he escaped.

McDONALD KEEPS BUSY. John W. McDonald, sheriff of Douglas county, is at it again. In fact he never quit. He is still sending in vouchers in which he charges 50 cents a day for boarding prisoners. The law enacted by the recent legislature, more for the purpose of knocking out the feeder graft in Douglas county than anything else, provides that the sheriff shall receive 25 cents a day for feeding prisoners, and no more. This section of the law applies only to counties having a population of over 100,000, and Douglas county only is in this class in Nebraska. The law carried the emergency clause and was approved by the governor April 6 and became effective that day.

KATARNO THE GREAT TONIC. A prominent soprano singer, a charming young lady of Chicago, writes: "Last year, for weeks at a time, I did not know what it was to sleep soundly. My appetite was poor and I was sorely troubled over every little annoyance, which at other times I would not notice. My face assumed a haggard and worn appearance and I felt alarmed at my condition. "No medicine helped me until I took Katarno. It seemed to stimulate my appetite, induced perfect rest and invigorated my whole system. "It was only a short time before perfect recovery was assured, and I can only say that there is nothing which will take the place of Katarno for a worn-out system."
