### GREEN GOODS MEN GET BUSY

Seize Opportunity to Flood Country with Bogus Money.

### BIG ROLL SENT TO ATTORNEY GOSS

Not Distinctly Counterfeit, So Government Has No Right to Act as in Regular Case of Illiteit Coining.

These are good days for the bogus boys. The office of the United States district attorney has received a roll of money from a source that looks big enough to break any financial stringency, but the trouble is the currency is not standard. It was a bunch of currency issued by the State Bank of New Brunswick and the Merchants and Planters' Bank of Savannah, Ga., of various denominations that looked good at first glance and had been taken in by merchants and others at Wahoo, but the Wahoo banks declined to accept it on deposit as good collateral.

### NEBRASKA FROM DAY TO DAY

Quaint and Curious Features of Life in a Rapidly Growing State.

Old Dog Tray, Probably—G. E. Horn was the victim of a warm old rooster Tuesday evening. Having 15 cents left, he went to the butcher shop and traded it for a choice piece of steak. As it was necessary for a short stop to be made at the postoffice, the meat package was left at the door with some other things. On the return everything checked out O. K. but the package in question, its whereabouts seemed clouded with mystery. Some of the roasters had the nerve to lay the trick on a quadruped that we call the dog, probably they were correct, but remembering some biped canine teeth, it would be bad taste to blame the beast when there were so many of the latter passing. Horn and wife had meat for supper if it did cost 30 cents per pound. Be the swiper biped or quadruped, here is hoping he had a good meal.—Grand Island Independent.

### Only Recourse for Victims.

The only recourse the victims have is to bring suit in the state courts against the parties passing it for obtaining goods or other money in exchange by false pretenses.

### BULLS RULE IN CHOP SUEY

Marked Chop Suey Despite Assertion of "Whoppers" that Meat is Bearish.

In face of the fact that meat packers say the price of fresh meat has declined, the chop suey market is decidedly stronger and, according to Charles Young, a Douglas street busy manager, the price will be advanced several cents a dish on all varieties. The favorite delicacy of the "seeing Omaha" crowd is higher at all restaurants than ever before.

### Politics—This is proving to be the most quiet and orderly campaign in the history of Furnas county politics. There is no excitement and no bitterness. Al Bonham comes to town and talks the situation over with Charlie Roberts, and both joke each other on his chances for winning. Dan Morgan and Eddie Axtell attend all the public sales and line up to the free lunch shoulder to shoulder. Timothy Hodges and Ed McClelland occupy the same office at the courthouse and no one would imagine that they are candidates for the same office. J. D. Phillips seldom stops writing insurance long enough to ask a man to vote for him, and J. T. Nickerson drives out to his school at 1 o'clock five times a week. C. M. Evans of Arapahoe is making some stir in spite of a forlorn hope. Judge Rohr and H. F. Merwin are as friendly as two school boys and would rather tell war stories than talk politics. But all these things may change before election day.—Beaver City Times-Tribune.

### BLIND MAN KILLS HIMSELF

County Hospital Inmate Dresses in Best Clothes, Then Seals Bullet Through Head.

Andrew J. Smith, 31 years of age and totally blind, an inmate of the county hospital, shot and killed himself in his room yesterday at 12:15 p. m. He sent the bullet into his right temple and it passed entirely through his head, struck the wall and bounded back on the bed. The coroner took charge of the body and probably will bury it today.

### HAY CAR CASES APPEALED

Northwestern Takes Up Suit of Frank Dabney of Stuart.

### MATTER OF COURT JURISDICTION

Edward P. Grimes of Omaha Appointed Deputy Oil Inspector—Wolbach Citizens Make Request.

(From a Staff Correspondent.) LINCOLN, Oct. 30.—(Special Telegram.)—The Northwestern railroad has appealed to the supreme court the case brought by Frank Dabney of Stuart before Judge Westover asking for a mandamus to compel the railroad to furnish hay cars a day for ten days for the shipment of hay. The mandamus was granted by Judge Westover. Judge Letton has allowed a supersedeas, the bond being fixed at \$2,000 and signed by R. W. McGinnis, Northwestern agent at Lincoln.

### Wolbach Wants Big Depot.

A petition, signed by E. A. Wright and others of Wolbach has been presented to the railroad commission, asking that the Burlington road construct a perfect depot of brick in place of one that burned. Work on the new structure has been begun and the dimensions are the same as the old building. Citizens of Wolbach say this was too small and that the new building should be larger.

### Railroad Demanded Cash.

Railroad Commissioner Williams this morning rebuked Secretary Clark Perkins of the commission from Sargent that a large shipment of cattle was received there this morning on which there was due \$1,200 freight, which the consignee was unable to pay in cash because of the recent decision of the banks not to pay currency except in small amounts. The consignee, S. H. Wood, who owns the railroad yards and as feed is scarce, there is likely to be a considerable amount of liability to someone unless arrangements are perfected for turning them over to their owners.

### Packers Round Over.

William Huxtable, representing Swift and Company, Clark Dabney, representing the Armour company, were this morning bound to the district court on the charge of violating the pure food law by selling unbranded meats. Edward Woods, for the Cudahy company, agreed to abide by the decision in the cases of the other two companies. Both Huxtable and Dabney, and their representatives were required to furnish bond in the sum of \$300.

The board has not decided whether it will make the Lincoln concern pay for the coal bought locally.

First Toilet Necessities to Be Issued to Recruits Free.

### LESS GYMNASIUMS AND HIKING

Enlisted Men Will Also Be Required to Do Less Work and Their Rations Will Be Improved.

### WASHINGTON, Oct. 30.—

Acting Secretary Oliver of the War department has determined upon reforms in the army in order to make the service more attractive for the enlisted men. Congress will be asked for more money for the men, and the War department will endeavor, meanwhile, to check the complaints by exerting executive authority. One of the principal causes of dissatisfaction among the men has been the price of issuing toilet necessities prescribed by the army regulations and taking the cost out of the enlisted man's first month's pay. This would set him back \$5 or \$7 and it is believed to be the reason that desertions have been numerous among men who have served only a month.

### Announcements of the Theaters.

The Klaw & Erlanger vaudeville company at the Boyd this week is doing the business it was expected to and deserves to, for it is affording the very best of entertainment at moderate prices. Hardon's defiance of handcuffs and shackles still mystifies hundreds daily, while Vinye Daily is proving more than ever a favorite. The six Glinesettis are showing their wonderful ability as athletes, and James Harrison as the tramp juggler is more than pleasing. Two performances daily are given, afternoon and evening.

### On Sunday evening James T. Powers and a splendid company of singers and comedians will be seen in "The Blue Moon" at the Boyd, and, if public interest is a basis for judgment, the house will be filled. Mr. Powers is one of the best known of American singing comedians, and his success in this place has been wonderful. The engagement lasts for four nights, with a matinee on Wednesday.
