TEACHERS FINISH UP WORK

of Clifford Chosen President for the Ensuing Year.

CERTIFICATE LAW ENDORSED

Dr. Iyemaga, a Native Japanese, Delivers an Address on the Civilization of the East and the West.

The Southwestern Iowa Teachers' association honored Council Bluffs by electing Prof. W. N. Clifford, superintendent of the city schools, its president for the ensuing year. The other officers elected were:

Vice-president, Miss Jessie Fields of Clarinda, superintendent of Page county; Secretary, H. W. Chebock, superintendent of the city schools of Anita; chairman of the executive committee and treasurer, E. W. Fellows, superintendent of city schools of Denison.

Denison was selected as the place for holding the meeting in 1908.

The closing session yesterday morning, at which officers for the ensuing year were elected, and Dr. Toyokichi Iyemaga of the University of Chicago delivered an address, taking as his subject, "The East and the West," brought out an attendance of over 50, the largest number ever present at the closing session in the history of the association.

The officers were elected by unanimous vote in accordance with the report of the nominating committee, of which L. J. White of Walnut was chairman.

In placing the name of Prof. Clifford before the association Mr. White paid a high tribute to the superintendent of the Council Bluffs public schools, referring to him as "one of the biggest, brainiest men, not only in Iowa, but in the whole United States."

The following resolutions were adopted: That the fact that our present session has been a very interesting and successful one, and that every effort of the officers and committee has resulted in so much of good and inspiration to the teaching fraternity of southwestern Iowa, and that during the session the schools of the locality, we feel that we owe a debt of gratitude to all who have been instrumental in arranging and carrying out the general plan and details of the meeting.

We would express our hearty appreciation to President Blodgett for his able address and the efficient manner in which he has presided over our deliberations; to Prof. Thomas and his fellow speakers for their untiring efforts in making the meeting a success; to all speakers for the uplift and instruction afforded us by their interesting addresses; to all who assisted in rendering delightful music for our benefit at the different sessions.

We would extend our thanks to the school board and the city of Council Bluffs for the use of the high school building, and to the citizens and teachers of Council Bluffs for the efforts in entertaining us while in the city.

We would most heartily commend State Superintendent Riggs for his untiring efforts in the cause of education, by promoting and urging legislation along these lines, and for his efforts in securing the passage of the new certificate law and the appointment of a commission to revise the existing law.

We extend to him our sympathy for the revision of the law, and we would commend him for his efforts in making certain localities in regard to the effects of the new certificate law.

We would commend the teachers of the future for their efforts in making the new certificate law a reality, and we would urge them to make the most of the new law, and to make the most of the new certificate law.

CLEARING HOUSE IS PERMANENT

Organization Is Perfected by the Election of Officers.

Organization of the Council Bluffs clearing house, which is intended to be permanent, was completed yesterday by the election of John Beresheim, president of the Council Bluffs Savings bank, as president and C. E. Price, cashier of the Commercial National bank, as secretary. With the completion of the organization Secretary Price began yesterday the issuing of clearing house certificates for the daily settlement between the banks. The clearing house will have no direct effect upon depositors.

The teachers and janitors of the public schools were unable yesterday, like the employees of the street railway company and other big corporations, to cash their pay checks. They were given but \$10 in cash and the balance in cashier's checks of the Commercial National bank, where Treasurer G. S. Davis keeps the school funds. During the early part of the week Treasurer Davis made a deposit of about \$2,000 school money, while the monthly payroll of the teachers and janitors aggregates about \$11,000.

The president of one of the local banks volunteered the opinion yesterday that the present situation probably would remain unchanged for at least another week and possibly two.

You can BANK on our shoes every time. If your boys or girls are a little inclined to play, we have the shoes that will carry them through, and they don't cost any more than the cheap, shoddy stuff found at other stores. Duncan Shoe company.

We don't dwell on style altogether. There must be quality in the shoe to get the wear. We will give you both at a small margin over the factory price. Duncan Shoe company.

Miss Bryant's Funeral Postponed.

The funeral of the late Miss Myrtle Bryant, which was to have been held this afternoon, has been postponed to Monday morning at 10 o'clock in order that her two sisters, Mrs. John B. Herring of Denver and Mrs. Benjamin A. Hart of Redfield, Colo., may attend. It will be held from the residence of her aunt, Mrs. H. B. Watson, 111 Washington avenue, and interment will be in Fairview cemetery. Miss Bryant is survived by her mother, three sisters and one brother. She was born in Avoca, Ia., but made her home in Council Bluffs for twelve years. She went to Denver for her health, where she resided the greater part of the last eight years. She was enroute with her mother to spend the winter with her sister, Mrs. James E. Mather of Watertown, S. D., when taken critically ill at the home of her aunt, Mrs. Watson. While a resident of Council Bluffs Miss Bryant was a member of the First Congregational church, in which she was a devoted worker. Her death is mourned by a large circle of friends and acquaintances.

Reception at the Creech.

Many citizens visited the reception at the Associated Charities' creche on East Pierce street yesterday, the occasion being the annual harvest home celebration of the association and the formal opening of the new building in which the creche is located. The visitors brought donations of vegetables, fruits, canned goods, blankets and clothing for the youthful inmates.

Owing to numerous details in the work of preparation, the numerous were not opened for inspection until 10 o'clock, but in the afternoon and evening the entire institution was thrown open to the visitors. The rooms were prettily decorated and light refreshments were served during the afternoon and evening by the members of the association.

There are forty children now being cared for at the creche, ten of whom have been admitted since the new building was occupied. Sixteen of the children are above 10 years of age.

In converting your checks and certificates into diamonds, so that you will have a safe asset upon which you can cash any time, inspect Leffert's large stock. More diamonds here than at a dozen ordinary jewelry stores put together.

WORRY OVER STATE PAYROLL

Board of Control Hopes Situation Will Have Cleared by the Tenth So Employees Can Be Given the Cash.

(From a Staff Correspondent.)

DES MOINES, Nov. 3.—(Special.)—Information coming from a very direct source says that Theodore P. Shotts is to be made president of the Minneapolis & St. Louis railway and the Iowa Central railway when these roads are combined with the Alton and the Clover Leaf.

There has been an arrangement between some of these roads for running a through passenger train from St. Louis to St. Paul. It is pointed out that the system would need but a stretch of track from Des Moines to Oskaloosa to give a through track between St. Paul and St. Louis of its own.

The Rock Island leases a short stretch of track from here to Gowrie from the Minneapolis & St. Louis, and it is suggested that it would be quite natural for arrangements to be made to use the Rock Island tracks from here to Oskaloosa.

Dr. Rowat has been appointed assistant superintendent of the inebriate asylum at Knoxville. Dr. Rowat is a graduate of Des Moines college and of the medical department of the state university. He now lives at Albia. He succeeds Dr. Sharp, who was assistant under Dr. Osborn. The change is made because Dr. Sharp is now superintendent, is a homeopath. Dr. Miner was for a time in charge of one of the Keeler institutes and uses a formula of his own in the treatment of dipsomania.

The verdict in the Dickinson murder trial was returned last night at 8 o'clock and was "not guilty." Dickinson was tried for the murder of Irene Bjorklund of Eldora by a criminal operation. Dr. Gadd of this city, who was indicted with Dickinson, is still to be tried.

The payroll of the state institutions, amounting to \$110,000, will have to be paid about November 10 and the members of the Board of Control are hoping with considerable degree of earnestness that the present financial situation will brighten before that time. The payrolls are made up by the superintendents of the institutions and received for in advance and deposited with the Board of Control. The board then certifies the payrolls to the state auditor and the state auditor draws a warrant for the superintendent of an institution for the entire institution. This is deposited at a local bank by the superintendent, who pays the state employees with checks. The thing that is giving concern to the board is that the state's money is locked up in the Des Moines banks and it is feared that the employees will not wish to receive checks.

State Auditor Carroll believes that the financial situation will not continue long with clearing house certificates and the like. Mr. Roberts, chief clerk in the banking department, thinks that next week everything will be cleared.

Drain on Important Mission.

General Drain, president of the National Rifle association, who paid a visit to Adjutant General Thirt's few days ago, was here on a mission to boost for a bill in congress to have the national guards made part and parcel of the regular army and to considerably strengthen the Dick bill.

He is expected to visit the adjutant general of every state in the union on the mission. When he was here it was given out that his visit concerned the National Rifle association. It is learned, however, that there is a fight on between the West Point crowd of the army and the national guard men. The guard men want the guard to be an important part of the army, while the officers to continue their positions, if called into active service.
