We Sell the Suits that Set the Style

About 200 New Suits arrived Saturday, ready for selling now. Among them are 50 sample suits which we bought from one of New York's foremost manufacturers. These sample suits will be sold at one-third less than regular prices. For instance, a \$40.00 sample suit will cost \$25.00, a \$30.00 sample suit \$20.00 and so on. These sample suits are mostly in size 38.

THOMPSON BOLDEN & CO.
Howard, Cor. 16th St. Dec. 11-4-07. Open Staturday Evenings

IN SIXTEEN STATES

(Continued from First Page.)

The campaign just closed has been one of the most interesting in the history of the state and has been devoid of party politics. Tomorrow the people have the privilege of determining whether liquor shall be sold or manufactured in the districts of the state.

There are four districts, Kent county, Russell county, Rural Newton county and the city of Wilmington. There are only three counties in the state and Wilmington is in Newton county. If a majority of the voters in any one district decide that there be "no license" then the saloons in that district must go out of business. Both sides claim they will win. The temperance advocates say they will carry everything except the city of Wilmington, which, they declare, to be in doubt. The opposition is claiming that the vote will be "wet" with the exception of Rural Newton county, which they regard as doubtful.

KENTUCKY

LOUISVILLE, Ky., Nov. 4.—Although the campaign for full state, county and city tickets closed Saturday night, with speeches at many points, the managers for the various candidates were actively at work today in making final preparations for a final vote. Interest in the election is intense throughout the state, but in Louisville, where a whirlwind campaign has been waged between Owen, Teller, Deno, and James F. Grinstead, republicans for mayor, and in this city the registration of voters was the largest ever recorded.

MARYLAND

BALTIMORE, Nov. 4.—Political workers are today receiving their final instructions and the necessary minor preparations are being made in the city and state for tomorrow's election. Leaders of both parties hold to their estimates already given out as to the result. Chairman Vandiver of the democratic state committee claims the election of Judge Casper for governor by at least 10,000 majority and of the rest of the members of the legislature. Chairman Purcell of the republican state committee is equally assertive in his claims that the republicans will elect Gaither for governor by from 5,000 to 10,000 majority.

MISSISSIPPI

JACKSON, Miss., Nov. 4.—Practically no interest is expressed in tomorrow's election for governor and other state officials. Inasmuch as it is today no unusual event has occurred to attract attention, the result of the election is not only a foregone conclusion, but devoid of features.

NEW YORK

NEW YORK, Nov. 4.—A spirited campaign ended, with only a few judges, county officers and a few judgeships to be voted upon. The election officers announced today that they expected a tight vote and quiet day at the polls tomorrow. A so-called "anti-Tamm" campaign, carried forward in New York county by the union of republicans and independence league managers' efforts, that the local political situation has shown interest has centered in the fight for sheriff of New York county.

On the state issue, the election of two judges of the court of appeals, republicans and democrats have the same candidates, while the independence league has its own. Governor Hughes has requested Police

Commissioner Bingham to use all his means to secure the enforcement of the law in connection with the election. The police department announced today that 2,000 warrants charging illegal registration have been issued in this city. If the men named endeavor to vote, they will be arrested.

OHIO
CINCINNATI, Nov. 4.—With a promise of good weather and much interest in the various municipal elections throughout Ohio tomorrow indications are for a very full vote. Although municipal officers only are to be voted for, there has not been an entire absence of national issues in the discussions. Taft and Foraker differences among the republicans in several instances resulting in discussion of national measures. Local government has been the ground of most of the contests, which were only partially partisan. Owing to the prominence of the two candidates the Cleveland campaign is of most general significance, but Cincinnati, Columbus, Toledo, Dayton and other cities have contests of more than ordinary interest.

The local campaign ends with each of the three leading parties charging "bore rule" against the other. Mayor Dempsey, democrat, is opposed by Frank Platt, city party, two years ago fellow democratic candidate, and by Colonel Leopold Markert, republican. Although interest centers in this contest the campaign for the other offices also has been spirited.

NEW JERSEY
TRENTON, N. J., Nov. 4.—The close of the substantial campaign in New Jersey finds the managers of the two leading parties issuing statements that their respective candidates will surely be elected. Democratic State Chairman Hudspey says reports from his field lieutenants indicate that Frank S. Katzenbach, Jr., the democratic candidate, will carry the state by about 7,000, while State Chairman Murphy of the republican party feels sure that J. Franklin, for the office, will be elected.

PENNSYLVANIA
PHILADELPHIA, Nov. 4.—There was little to do in the campaign today at the state headquarters of the two leading parties. The campaign having closed Saturday night, Republican State Chairman Andrews and State Senator Dimeling have gone to their homes to vote and there was nothing about the headquarters to indicate that a state election is at hand. There is little interest in the election of a state ticket, the only state office to be filled being that of treasurer. The democratic managers say they believe John G. Harman, their candidate, will be elected.

The independent republicans are making some show of fight against the \$100,000 city loan proposition, but it is practically certain the vote of the city will be in favor of the loan.

PHILIPPINE ISLANDS
MANILA, Nov. 4.—Registration for the general election is the greatest in the history of the Philippines.

It is expected that fully 30,000 voters will go to the polls and cast their votes tomorrow, when governors, members of the provincial boards and municipal officers will be elected. The campaign has been very quiet.

Illegal Sale of Oleomargarine.
HAIRSBURG, Pa., Nov. 4.—State Dairy and Food Commissioner Fausch announced today that hereafter he would issue no oleomargarine licenses to nonresidents of Pennsylvania. The commissioner believes this refusal will break the illegal sale of this article in this state.

An Increase of over 25% in Dividends To Policy Holders

The Mutual Life Insurance Company of New York has paid more in dividends to policy holders than any other company in the world. Since organization it has returned in dividends over \$118,000,000. As a result chiefly of increased earnings and decreased expenses the annual dividends to policy holders this year, on policies issued in 1905, will be 25% to 30% more than in 1906.

The Mutual Life Insurance Company

feels sure its policy-holders will be pleased with this great increase in cost. The news may be doubly welcome now when increased cost in other lines seems everywhere the order of the day. If you have others for whose continued care you are concerned, you should learn for yourself how and how cheaply it can be guaranteed by the staunchest life insurance company in the world.

The Time to Act is NOW.
For the new forms of policies write to The Mutual Life Insurance Company of New York, N. Y.

Os. STANHOPE FLEMING, Manager, First National Bank Bldg., Corner 16th and Farnam streets, Omaha, Neb.

To Investors....
The absolute safety of the funds entrusted to The Conservative Savings & Loan Association, 1614 Harney street, is assured by confining its loans to first mortgages on improved real estate, which security is as safe and permanent as "old mother earth" itself. Resources, \$2,800,000.

BOON TO MODERN EPICURES

Cold Storage Plants Make Many Foods Seasonable Year Round.

BIAS AGAINST STORED FOODS

Superintendent O'Hearn Says Prejudice is a Foulish One, as Many Foods Improve After Seasoning in Refrigerator.

"People generally do not realize how much of the present day luxuries of eating depends on refrigeration," said J. O'Hearn, superintendent of Armour's plant in South Omaha. "We have here the largest refrigeration plant in the world. It is a building 200 feet square and eleven stories high. We have a refrigeration capacity of 1,500 tons a day. Only a portion of this big building is used for storing our meats and other products. The remainder is rented to different persons for the storage of such products as apples, butter, eggs, dressed poultry and other meats."

"It is a sort of storehouse used like Joseph used his granaries in Egypt. While apples are plentiful and a glut on the market, the modern Josephs gather them up in large quantities and store them where the temperature is right for their preservation. They keep them there until the price goes up and the visible supply goes down. Then they sell them. It is not an infrequent thing to have 50,000 barrels of apples stored here."

"The cold storage plant has outwitted the heat. The industries of the world have profited during the summer months, but in the winter people used to suffer for want of them. Nowadays these same meats, Josephs, or rather another tribe of the same genus, gather eggs by the million, while biddy is industriously laying them at her highest speed. In the winter, when biddy is taking her annual vacation, they bring out the eggs and place them before a hungry people."

Turkeys by the Thousands.
"Turkeys are generally most plentiful at Christmas time. Then they are slaughtered by the thousand. And certain gourmands at other times of the year and for their health and pleasure, dressed turkeys are stored in the refrigerators of the plant against the day when they shall not be so plentiful as at Christmas."

"Some people have a prejudice against what they call 'cold storage eggs' or 'cold storage meat.' This is a foolish prejudice. Under scientific refrigeration the quality of the article actually improves up to a certain stage. It is so with all life. When human beings improve with age until they reach the apex of life and then the decline begins. The same is true of dead meat. Packers wouldn't think of sending out meat without 'seasoning' it for a time in the refrigerating plant. It does improve every other thing stored in the plant."

"There are separate rooms for each article as the temperature under which eggs are kept—32 degrees, would not be suitable for apples—32 degrees."

TRUST COMPANIES SOLVENT

(Continued from First Page.)

Bankers' Trust company of Kansas City, Mo., has been declared insolvent by the federal court at St. Louis. The Citizens' State bank of Mulberry, Ark., and the Citizens' State bank of Mulberry, Mo., are also insolvent. They had deposits with the Bankers' Trust company. Receivers will be appointed at once.

The Citizens' State bank had deposits of \$100,000. The Citizens' State bank of Mulberry, Mo., had deposits of \$100,000. The Citizens' State bank of Mulberry, Mo., had deposits of \$100,000. The Citizens' State bank of Mulberry, Mo., had deposits of \$100,000.

ENGLISH RATE GOES HIGHER
Persistent Demand for Gold Has Effect in London.

LONDON, Nov. 4.—The persistent demand for gold in America for gold, in spite of the recently increased discount rate of the Bank of England and in face of the continued rise in the cable transfer rate, caused the Bank of England this morning to raise its rate from 5 1/2 to 6 per cent. Although an increase to this rate next Thursday would not have surprised the market, the announcement of the rate today occasioned somewhat of a flurry.

It is considered, however, in financial circles to be the natural outcome of the unfavorable New York bank statement. When the Bank of England rate was raised to 5 1/2 per cent it was thought that the position in the United States was closing satisfactorily, but the continued eagerness for gold at a loss of 2 to 3 per cent on the exchange rate caused a recrudescence of nervousness in the discount market and rates were put up from 5 1/2 to 6 per cent in endeavor to assist the bank to protect its reserves, but the failure of the efforts is shown by the fact that since Thursday the United States has drawn daily from the bank substantial sums, already aggregating \$5,000,000. Egypt has also been withdrawing gold. Financial circles here incline to the belief that the 6 per cent rate will be sufficient to bring the gold market to a normal condition, but it will be necessary, particularly if the Bank of France renounces its promised aid, to depend, however, on the absence of demands of alarming proportions from America.

The position here is regarded as being very sound and the declines registered today were more in the nature of a sentimental marking down of quotations than actual selling. The market, in short, regards the advance of the bank as purely a protective measure against America's gold demand and to prevent the New York City 6 per cent bonds from being placed on the market.

America presented today the whole of the gold in the open market, about \$400,000. The price paid for the gold was 78 1/2, plus the commission.

The receipt of news of New York's early quotations induced a recovery. Union Pacific advanced 1/4 point, Santa Fe 2 1/2 and several others advanced fractionally. The market closed firm. Copper shares dropped with the metal.

The United States this afternoon took \$4,000,000 in bar gold and \$2,000,000 in American bonds from the Bank of England in London to the gold purchased yesterday. This caused some discussion of a probability of a 3 per cent rate. The market's account rates are now quoted at 6 1/2.

NORTHWEST SENDS IN APPEAL
Senator Hansbrough Wins President Roosevelt on Condition There.

GRAND FORKES, N. D., Nov. 4.—Senator Hansbrough sent the following to President Roosevelt today:

"Fully 50,000,000 bushels of grain are now ready to be marketed in the two Dakotas and Minnesota, and there is no money with which to do it. The necessities of the northwest are, therefore, much greater than in any other section of the country, and demands the fullest consideration at the hands of the treasury department. Ten banks in the Dakotas placed in the Twin City banks as aid raise the embargo and start grain shipments to Europe. This would balance the demand in the east."

LA SALLE IS IMPROVING.
The United Mine Workers, who had undergone several operations, was reported today to be gradually improving.

PAZO OUTRAGED IS GUARANTEED TO CURE
any case of Tubing, Blind, Bleeding or Protruding Piles in 10 to 14 days or money refunded, 50c.

TUNING UP FOR JAWHAWKERS

Coach Cole Finds His Men in Better Condition Than Anticipated.

REALIZES HE HAS NO SNAP AHEAD

Claim of the Aggies to Last Saturday's Game is Living the Cornhusker Squad No Uncertainty.

LINCOLN, Neb., Nov. 4.—(Special).—The Cornhuskers, though bruised and battered from their terrific struggle with Ames Saturday, this afternoon began final preparations to clinch their claim on the championship of the Missouri valley. Despite the fact of Kansas by Washburn, the Cornhuskers held the measure of their old enemies at Lawrence next Saturday, or forfeit the honors they have so far annexed. No easy time is expected in the Kansas game, the experience of last year, when Kansas was defeated several times during the season, was managed to beat Nebraska, being fresh in the minds of the members of the team.

Little attention was paid among the students today to the report that the Ames authorities were endeavoring to secure a reversal of the rulings of Referee Outland, by reason of which the Aggies claimed they were deprived of an earned victory. As a matter of fact, the claim of another field goal or a safety on a drop kick which hit the ground and a number of Nebraska players before bounding over Nebraska's line in hold the game, was the ridiculous to deserve attention in the Cornhusker camp. Coach Williams spent most of Saturday night trying to convince Referee Outland that he was sadly in error over his decision, but Outland could not be swayed, in view of the reading of the rules, and Williams got no satisfaction.

Though showing evident effects of their hard struggle, all of the players are in much better shape than was thought possible at the conclusion of the game, and under active training the Cornhuskers, by serious accidents, it is probable that Nebraska will present a strong front to Kansas. The work of the line in Saturday's game was one of the most encouraging features of that contest, the Farmers being unable to make distance a single time through it. This evident strength of the forwards, coupled with the surprising improvement shown by Nebraska's ends, has encouraged Coach Cole and the members of the team in the belief that the only thing to fear from the Jawhawkers will be the end run of Porter of Atlantic.

The team will leave Lincoln Thursday, going to Kansas City, where it will stay Friday, Saturday morning it will go to Lawrence, starting back to Kansas City that evening. A party of perhaps fifty or a hundred students will probably accompany the players.

IOWA TEAMS HAD HARD LUCK
Similarity Between Plays of Contest of Saturday.

IOWA CITY, Ia., Nov. 4.—(Special).—The two leading teams in the state played a hard luck Saturday. The university lost to Wisconsin, 4 to 0; the Agricultural college lost to Nebraska, 10 to 0. The elements of similarity of both games in both the winning team captured the game but the losing team left to play in both the losing team had all the better of the argument during the larger part of the contest. Grinnell won its game from Drake by the score of 10 to 0, making the third consecutive victory scored over Drake by the Grinnell team. The Grinnell team is now in the lead in the Iowa college football series. The Grinnell team is now in the lead in the Iowa college football series.

DECLINES AM-BREAST AT BERLIN
Prices on Bourse Opened Weak Upon Failure of Lappenberg.

BERLIN, Nov. 4.—Prices on the Bourse opened very weak upon the failure of F. Lappenberg at Hamburg and fell away still more sharply upon the announcement of the advance in the discount rate of the Bank of England, which awakened apprehensions that the Imperial Bank of Germany may resort to another advance in its discount rate. The declines in prices were heavy, especially in the case of Americans.

Steel Man Visits President.
WASHINGTON, Nov. 4.—E. H. Gary, chairman of the United States Steel corporation, and Henry Hughes were in conference with President Roosevelt for more than an hour yesterday.

Being participated in also by Secretary Root. While no details are obtainable, it is understood the meeting related solely to the financial situation.

F. Lappenberg Suspended.
HAMBURG, Nov. 4.—The banking and brokerage firm of F. Lappenberg suspended payments today owing to losses sustained through customers. The firm, which also dealt in export and import business, enjoyed high standing in financial circles.

It developed later in the day that the failure was much less important than at first appeared.

Leetown Bank Suspended.
LEETOWN, O., Nov. 4.—The First National bank here failed to open its doors today. A notice posted on the door states that the concern will liquidate its liabilities. C. N. Schickel of Cleveland is president of the bank.

Shawnee Pleads Not Guilty.
BEATRICE, Neb., Nov. 4.—(Special Telegram).—R. Mead Shawnee, the alleged murderer of Mrs. Sarah Martin, pleaded not guilty this morning from the penitentiary at Lincoln and arraigned before Judge Kallgren in court.

He pleaded not guilty and the case was continued to November 18. The prisoner was taken back to Lincoln on an afternoon train by Sheriff Trude.

FILES CLOSED IN 10 DAYS.
