CASH FOR THE NORTHWEST

New York Banks to Make Daily Shipments to Points on Hill Lines.

GENERAL SITUATION IMPROVES

Runs on Trust Companies Cease—Arrival of Gold from Europe Helps to Clear the Air.

NEW YORK, Nov. 6.—Now that the monetary strain has been lessened locally the New York banks began preparing today to ship all available currency to the northwest to aid the movement of crops which is concerted action among the city's banking institutions to meet the demands for currency now being made by banks in the crop country, the individual banks will send all funds that can possibly be spared for the purpose.

Estimates of the combined amounts that the New York banks will send to the northwest within the next six weeks vary. The Chase National bank and the First National bank have commenced to ship daily sums ranging from \$3,000 to \$5,000 to banks along the route of the Great Northern and Northern Pacific roads. J. Hill held a conference here with officers of the Chase National bank and other institutions at which, it is stated, he asked that the northwest be given all possible assistance to move the crops. Mr. Hill was informed that the local banks could not furnish the usual amount of money for crop moving purposes they were anxious to do all they could to expedite the shipment of cereals to the seaboard, whence they could be sent abroad and thereby strengthen this country's position in the foreign money markets.

We have started to send all the funds we can to the northwest," said a bank official tonight, "and Mr. Hill conferred with us on the situation along the lines of his railroad. We promised to do all we could. A ready solution of any difficulties in the northwest can be found by the farmers themselves if they avail themselves of an opportunity to use cashiers' checks, but that is a process of education which may or may not be difficult to work out."

General Situation Improves.

The general conditions of the financial situation were favorable today. The runs on the trust companies had practically ceased under the encouraging influence of the support of the trust company committee; gold engagements were further increased; the stock market rose buoyantly in recognition of the conditions. The announcement by Mr. King, president of the Union Trust company, early in the morning that an agreement had at last been reached by which the Trust Company of America and the Lincoln Trust company were to deposit their stock in the hands of a committee of trust company presidents and in consideration of this were to receive all the support required, finally cleared the air in regard to the trust company situation.

Grave apprehension existed as to the termination of the conference at Mr. Morgan's house at 2 o'clock this morning that an agreement in regard to trust companies would not be reached, and that they might be subjected to a run too strong for their impaired resources. Now that this danger is removed, it is believed that the situation will gradually simmer down, with the continued sale of gold until the stringency is changed into a plentiful reserve money in banks which usually follows a crisis.

More Gold Engaged.

Additional gold engagements were announced today, of \$1,000,000 on account of Lazard Freres and \$500,000 for Montreal. This brings up the total gold engagements to \$7,500,000, which would afford the amount required for legal reserve against deposits of \$15,000,000.

FINANCIERS BACKING COMPANIES

New Yorkers, in Formal Manner, Guarantee Their Assets. NEW YORK, Nov. 6.—Following an extended conference in the library of J. P. Morgan, in which prominent New York bankers participated, including the heads of the various trust companies of the city and the officers of the Trust Company of America and the Lincoln Trust company, the following statement was issued, showing a final settlement of the difficulties that had disturbed local financial conditions.

The statement follows: The committee of the trust companies of New York city has had the assets of the Trust Company of America, the Lincoln Trust company examined by experts, who report that in their judgment, on the present state of value, the assets of each company are sufficient to pay its depositors in full.

It has been arranged that a majority of the stock of each company shall be placed under the control of a committee composed of Mr. King, president of the Union Trust company; Mr. Sheldon, president of the Trust Company of America; Mr. Marston, president of the Farmers Loan & Trust company; Mr. Waterbury, president of the Manhattan Trust company; Mr. Carleton, president of the Guaranty Trust company; and Mr. Walker, president of the City Trust company, who will act in an advisory capacity, and the necessary financial arrangements have been made to enable both companies to proceed with their business.

SHORTAGE OF SMALL COINS NOTED

Effect of Use of Clearing House Certificates in West. SAN FRANCISCO, Cal., Nov. 6.—One of the effects of the circulation of clearing house certificates here has been to cause a shortage in silver dollars and fractional coins. This contingency was foreseen by the clearing house committee at the time the certificates were issued in \$5 denominations, and already measures have been taken to meet the emergency. Thursday morning \$1 and 2 certificates will be placed in circulation, to the total amount of \$1,000,000, an equal sum in larger denominations being retired.

Money to Move the Crops.

ST. PAUL, Minn., Nov. 6.—M. H. Bailey, president of the First National bank, who announced last night that as a result of a conference between bankers of St. Paul, Minneapolis and Duluth and J. J. Hill, a plan had been evolved which would provide funds for the movement of the grain crops of the northwest, said to the Associated Press today that he had little to add to that statement.

"The result is what is more important, not only to the people of the northwest, but to the coast as well," he said. "The people of the northwest can rest assured that the combined efforts of the financial men here will see the ball in motion that will provide genuine relief that no other measure would. It is not necessary to go into details. Results are what we want. A large fund has been raised for that purpose and it is hoped that by putting this movement under way it will result in a stream of money from Europe in payment for the shipments."

A housewife of Tacoma, Wash., writes: "I wish to state to all who may have catarrh that there is nothing in the world that will give such quick relief as Katarino. I took two bottles of it and it made me feel like a new woman. I had been troubled ever since I was a small girl with catarrh, and after taking several other kinds of medicines, I tried Katarino, which I found was a perfect remedy for catarrh. I shall always recommend it to all my friends, as it did a grand thing for me."

Federal Judges May Clash

Justices Jones and Hundley Both Claim Jurisdiction in Northern Alabama. BIRMINGHAM, Ala., Nov. 6.—Development of the last two days indicate that a clash between federal judges in Alabama is imminent. Judge Thomas G. Jones exploded bomb shell in the federal building today by suddenly appearing and opening court although he has not been in Birmingham in several months. Judge Jones contends that as he was appointed judge of the northern and middle district of Alabama Judge Oscar K. Hundley is simply an associate judge.

FALLS CITY—Richardson county gave 104 majority for the democratic county ticket. The vote was light.

SEWARD—Seward county complete gives Reese 1,370; Loomis 1,157, a majority of 153 for Reese. In the county the ticket is divided, the republicans securing county judge, treasurer, sheriff, superintendent, two supervisors and clerk of the district court. The democrats secured county clerk, assessor, surveyor and one supervisor. In the judicial district Good and Corcoran will go up to Hamilton county with 160 majority. It is estimated here.

PLATTSMOUTH—Eighteen out of twenty-five precincts in Cass county gave Reese, 1,370; George L. Loomis, 1,169. County Judge H. D. Travis (dem.) has been elected judge of the Second judicial district over Senator Jesse L. Root (rep.) by 112 majority in Cass county and 141 majority in Otoe county, to succeed Judge Paul Jessen of Nebraska City. The republicans have elected James M. Robertson, clerk of the district court; C. D. Quinlan, sheriff; A. J. Breen, county judge; E. E. Hilton, surveyor; R. T. Clements, coroner. The democrats have elected Frank E. Schlatter, county treasurer; W. E. Rosencrans, county clerk; Miss Mary E. Foster, county superintendent of public instruction, and H. M. Sonnichsen, county assessor. M. E. Reese will have between 100 and 200 majority over George L. Loomis in this county.

NEBRASKA CITY—Otoe county gave Root (rep.) 1,111; Travis (dem.) 1,372. Travis carried Cass county for district judge also. The democrats elected county

clerk, county judge, clerk of the district court, and the republicans get treasurer, school superintendent, sheriff and assessor.

NEW YORK

NEW YORK, Nov. 6.—The election in Greater New York has been largely favorable to the democrats: New York county (Manhattan and the Bronx) went overwhelmingly their way, Thomas F. Foley, for sheriff, the head of the ticket, having a plurality of 3,723 over M. E. Thuman, Independence league and republican, in a comparatively light vote. The fusion of the republicans and Independence league was a failure, except in the cases of a few minor officials.

In Richmond and Queens, too, the democrats were generally successful, but in Kings county (Brooklyn) the democrats, under the leadership of Senator Patrick H. McCarran, suffered a reverse. All the republican candidates on the county ticket, with the single exception of Clarke, democratic candidate for district attorney, are apparently elected.

No great issue was at stake in any of the local elections and interest was at a low ebb. In the state election Edward T. Bartlett and Willard Bartlett, having the united support of republicans and democrats, were elected judges of the court of appeals by an enormous majority over the candidates of the Independence league. The republicans lost a few members of the assembly, probably six. Sherman Moreland, majority leader of the assembly, is believed to have defeated Colonel David
