Coroner Bralley has taken charge of the body. It is not known who his relatives. Charles Rogers Draws Three Years—Charles Rogers, alias Charles Price, colored, 23 years old, was sentenced by Judge Troup in the district court to three years in the penitentiary for assault with intent to commit robbery. Rogers held up Fred Problem in South Omaha last summer. Problem had a revolver on him, and Rogers, as his assailant and prey, brought it into use, with the result that the young highwayman was compelled to spend several weeks in a hospital before being removed to the county jail. He promised the judge he would handle his heart against thirty cents on Sunday in the future. Only Sweet Memory Stays—A. W. He has not recovered the horse as yet, and as the horse took the harness along with it, Mr. Lander has nothing but sweet memories left of the whole outfit. He has asked the police to help locate his buggy and has hopes that the horse will repent and bring the harness back to him. Money Counted by Machinery—Dollars, half dollars, quarters, dimes, nickels and pennies are now counted by machinery by the Omaha & Council Bluffs Street Railway company. A device has been bought similar to those in use in the northeastern of the United States which count and wrap money. Dollars are counted out automatically into \$500 sacks, quarters are counted and wrapped into \$10 packages, 50-cent pieces the same, dimes are counted and wrapped into \$5 packages, nickels into \$2 packages and pennies into 50-cent packages. All this is done by simply crowding the money into the machine much like a corn sheller and turning the crank.

WEST WITH TROOPS TO FRONT

Colonel Leads Eight Companies into Ute Country—Vast Supplies Needed. Colonel Frank West and eight companies of the Second United States cavalry arrived at Gettysburg, S. D., Tuesday evening and marching the eighteen miles from that place to Forest City, opposite the Cheyenne agency, were ferried across the Missouri river at that point Wednesday. The command will go into camp at Cheyenne agency and will start on the march for Thunder Buttes, eighty miles farther west, Thursday. The two companies of the Sixteenth infantry from Fort Crook will reach Gettysburg Wednesday evening. These companies will relieve the first detachment of the Second cavalry, having charge of the base of supplies at Gettysburg. Detachments of the infantry companies will then be assigned to duty near Cheyenne, River Agency, White Horse and other points between Thunder Butte creek and the Missouri river. Large quantities of food and forage supplies necessarily will have to be shipped into the country, for so large a body of men and animals, for the campaign against the Utes, which it now looks may continue well into the winter. The government expected to be able to hire transportation for these food and forage supplies in that section, but thus far has been unable to do so. Consequently troops have been ordered to carry upon their own pack animals, a sufficient number of mule teams and wagons for the emergency. These outfits are to be shipped to Gettysburg by rail as soon as possible.

For the months of July and August the operating expenses and taxes of the Union Pacific have increased \$2,151,786 over the same two months last year.

Are Fat Women Always Married to Thin Men?

"Watch the 4 o'clock promenade on Fifth avenue, New York, or along Notion Row in London, and you will be struck by the circumstance that every fat woman is accompanied by a thin man, while every fat man has a lean and usually 'fall' woman by his side," said a world-renowned form and beauty specialist recently, to a gathering of artists and newspaper men in a Broadway cafe. "The effect is grotesque and every artistic sense is offended by the top-sided, top-heavy, overbalanced appearance of such a couple. It is an entirely unnecessary offense, too, on the part of the fat person, at least," continued the beauty expert, "for getting rid of an excess of fat is a very simple matter. Most people think they must punish themselves with a slim diet and lots of the hard, distasteful work called exercise, in order to do so, but that is a mistake. As a matter of fact, there is a simple mixture of common, wholesome, harmless household remedies that if put together in the right quantities and taken in teaspoonful quantities after each meal and at bedtime, will take off from half a pound to one pound a day from either man or woman without causing wrinkles, interfering with their diet in any shape or form, or requiring any gymnastics to help it out. This mixture consists of 1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara, and 3/4 oz. Syrup Simplex. The Marmola should be obtained in an original unbroken 1/2 oz. package, and mixed with the other two ingredients by shaking the three together in a large bottle, at home. Most fat people never heard of this effective home recipe, however, and so, thinking they must diet and must exercise to get thin (which is not true and not good advice, either) they will do neither and so continue fat and porpoise-like, a travesty and caricature of the human form divine." One fat newspaper worker in the group was seen taking notes, however, and the chaos are this paragraph is the result.—Adv.

CHARGE MADE AGAINST HUSBAND

Woman Says He Beat Her and Broke Up the Furniture in Home—Swears Out Warrant for His Arrest.

William Kinkaid, a former saloonkeeper of Council Bluffs, is bawling the loss of \$300 in money and numerous valuable trinkets of which he was fleeced by two women. A short time ago, Kinkaid according to the story he tells the police, sold his proceeds in Council Bluffs and the proceeds made a visit to Atlantic, Ia., in search of a new location, leaving his apartment in charge of a supposedly trusted woman friend. When he returned from Atlantic, Kinkaid discovered that he had gathered a number of his valuable trinkets and disappeared. Feeling disconcerted over his misplaced confidence, Kinkaid went on a spree and ended up in a gambling dive with \$200 Monday night. He tried his luck against the gaming board and won in the neighborhood of \$100. With the \$200 and in company with a new found male friend, Kinkaid came to Omaha Tuesday morning and located the mother of the woman, who had fled from him in Council Bluffs. The woman, Pearl White, proved to be an old friend, who runs a resort at 912 Capitol avenue. Fearing his misplaced confidence would rob him of his money, Kinkaid sought out the police authorities, who believe they can capture the woman before she has an opportunity to leave the city.

WOMAN ABANDONS BABY

Six-Weeks-Old Child Left in Room at St. James Hotel by Ida Smith.

A wee small six-weeks-old infant with persistent wailing and crying caused considerable worry to a number of the guests of the St. James hotel, 414 South Thirteenth street Tuesday evening, and they forthwith called the clerk who entered the room where the infant was crying and found the babe alone in the room. It was ascertained that a young woman had registered at the hotel with the babe in her arms, between 5 and 6 o'clock and had been assigned a room and had not been seen since. She registered under the name of Ida Smith, but since her abandonment of the child it is thought that the name was a fictitious one. The infant was taken care of for the night by Mrs. Burke Olin, 523 North Fifteenth street. An effort will be made today by the juvenile court officers to locate the young woman who abandoned the child.

REWARD FOR HER ROOSTER

Mrs. J. T. Maxwell, 223 North Twenty-second street, lost a valuable rooster yesterday. She offers \$5 for its return or for the information as to the parties taking it. She told the police the reward was chiefly for the satisfaction of punishing the party or parties who have been making inroads on her fowls. During the summer over thirty chickens have disappeared. Most of them have been taken by daylight, as there has been no evidence of disturbance during the night. The chickens were apparently taken by parties in the alley back of the barn. So far Mrs. Maxwell has been unable to detect anyone in the act of stealing chickens. The police will make an effort toward catching the chicken thieves. The crime is a felony in Nebraska, if the value is over \$5. This law came from a bill introduced by F. A. Agnew in the legislature last winter.

SEWER INSPECTOR INJURED

John Jackson, 213 T street, one of the city sewer inspectors, was seriously bruised Tuesday afternoon while on duty at the Mud Creek sewer. One of the cement cars fell on him while he stood about twenty feet below. Fortunately the car, which weighed nearly a ton, struck him a glancing blow only and did not strike him on the head. As it was, his head, face and shoulders were badly bruised. It was feared at first that he had suffered a fracture of the skull. He was taken to the South Omaha hospital, where he will be confined for a week or more. His condition was improved Wednesday.

BURGERS IN RESIDENCE

The residence of Martin Wigg, 814 North Twenty-second street, was entered by burglars Monday night and \$15 or \$20 taken. The intruder also secured a watch. This burglary is one of several which have been reported lately. It is thought by the police that a new crew at the business has come to town. His methods are somewhat different than the lines which have been followed by former house-breakers.

WOMAN REFUSES TO PROSECUTE

Mrs. Valentine Erbo, who caused the great bar husband Monday evening on the charge of assault and battery, refused to prosecute her husband by police court Wednesday morning. She paid the cost of serving the warrants in the case, and on that condition the case was dismissed.

Coal Dealers United with Others to Resist Reconsignment Charges.

GRAVE CHARGE AGAINST ROADS

Attorney for Coal Men Asserts Railroads Are Trying to Put Out of Business Some of the Wholesalers.

Coal dealers who have petitioned the Interstate Commerce commission to declare null and void the proposed rule of the railroad companies charging 15 per cent for reconsigning shipments declare they will stand by the dealers in lumber, shingles, lime and cement and will not accept a compromise which will allow the coal dealers to reconsign, but attach charges to shipments of lumber or cement. The petition just filed with the Interstate Commerce commission by Attorney Francis A. Brogan recites some new facts regarding the reconsignment charges and the attorney for the coal dealers says the purpose of the companies in determining to put into effect the reconsignment charge is not alone to exact unreasonable and excessive charges from the coal dealers, but that some of the railroads at least openly avow that it is their purpose to drive some of the dealers out of business and compel them to give up their methods of doing business.

Plan to Cause Revolution.

"It is their purpose to effect extreme and revolutionary changes in the entire method of distributing coal, lumber, shingles, lime and cement," says Attorney Brogan.
